

Are YOU prepared for the next earthquake?

It may be closer than you think

Join us for a presentation and discussion at **Hayhurst Elementary**

March 15, 2017

6:30-8:00 pm

Childcare and snacks provided

Background:

The Pacific Northwest experiences a subduction-zone earthquake roughly once every 230 years. There is a 37% chance of a subduction earthquake occurring in the next 50 years. When the next one comes, the loss of life and property will likely be catastrophic.

Topics for Discussion:

- The risks and impacts of a Cascadia subduction zone earthquake
- What you can do to prepare in your home, community, and school

Preparedness information and resources for your:
