## **SABINE PIGG TO ATTEND SANTA CLARA UNIVERSITY ON FULL SCHOLARSHIP**

Wilson Senior Sabine Pigg has been selected as a Johnson Scholar at Santa Clara University, which includes a full-ride scholarship, acceptance into the Honors College, and stipends for summer travel and experiential learning. Her plans include a major in chemistry with tentative plans to go to medical school and an interest in Doctors Without Borders.

Sabine is very excited about the transition to college. She looked at schools all over the country, but says that “California feels right, and there are lots of opportunities for internships and jobs in the area. At Santa Clara they’re focused on service and community involvement. They look at the big picture and educating the whole person.”

During her four years at Wilson, Sabine has been a very active member of the school community, serving as an Associated Student Body leader in student government, co-heading four fundraising committees and raising a total of over \$5,000 for the Community Transitional School for underprivileged children in Portland. In 2014, Sabine spent two months of her summer in Costa Rica, living with two different families, attending school, and learning to adapt to new linguistic and cultural environments. She also plays varsity tennis and soccer, competes for Wilson’s Mock Trial team, founded the school badminton club, and is a chemistry and math tutor for middle and high school students.

What has her experience at Wilson been like? “Awesome,” Sabine says. She chose Wilson over St. Mary’s and says she is “so, so glad. I pushed myself more rather than having external forces. I had super-supportive dedicated teachers who love helping kids learn.” Her advice to other students: “Always take the extra class, do the extra club, join the extra sport even if you’re not sure you can do it. If it sounds interesting or inspiring, just try it. I’ve done something new every year and never regretted it.”

Congratulations, Sabine, and the best of luck next year!
