Opportunities [see Kate Morgan, Career Coordinator, Rm. 221]

Wilson has been offered an incredible opportunity for young men and women interested in engineering, computer science, and innovation. The **PSU Innovation Challenge Competition** is a student-driven opportunity designed to excite creativity and goodwill. A theme is announced and the selected team must creatively solve the problem whilst focusing on the humanitarian impact of engineering and design. Students will be introduced to and will work with PSU mentors, will get to go on tours of labs, and will work with each other to problem solve. If this sounds like something you or your child would be interested in, please see Kate Morgan in room 221 as soon as possible, as there are limited spots available. For more information, please go to bit.ly/HSInnovChall. [Morgan]
