This is a student-run enterprise that builds and repairs bicycles, incorporates financial and business education, and provides hands-on experience. This unique program incorporates STEM education, vocational skills, community safety and cycling into a single experience involving kids with disabilities and kids without disabilities. Service learning projects will also be incorporated as we partner with bicycle-oriented charities such as Bikes to Africa. In order to make this project work, we need donations of bicycle specific tools. Any bike or mechanics tools will be appreciated as well as bike shop fixtures, parts, supplies, and used bicycles.
