

Modified Diploma Plan and Contract

Page 2: Contract

1. A modified diploma signifies the successful completion of a modified high school program with modified course choices and/or modified curriculum, course expectations and grades.
2. Upon graduation, the student's transcript will reflect that a modified diploma was granted.
3. The pass/no pass or letter grading option may be utilized in a modified course. A “NP” is zero units of credit. A “P” will accumulate credits.
4. No grade point average will be computed.
5. I understand that my child cannot directly enter a four-year college with a modified diploma, while entering a community college is an available option. Other post-secondary opportunities may also be limited.
6. I understand that once it is agreed that my child will pursue a modified diploma and his/her academic program has been modified, a return to the regular diploma plan will require a team decision. This may require work beyond the usual 4 years (grades 9-12)

I/We agree with the Modified Diploma Contract and have reviewed the Modified Diploma Plan.
