Note to individual assembling this song board:
The way this was previously assembled was to make a circle for a plate and to put the turkey, pie, potatoes and bisquit on the plate. You could also set the table with the silverware.

Add the "We eat" visuals to the left of the plate and the words "oh so good . . ." to the right of the plate.

Oh so good, Oh so good
Always on Thanksgiving
Always on Thanksgiving
YUM, YUM, YUM!
