## 2015-2016 Class of 2019

Forecasting provides you with the opportunity to identify the *core* courses required for you to graduate as well as *elective* courses available to you that can both enhance and support your school experience. PPS requires 24 credits to graduate. A full schedule of eight classes provides you with the opportunity to take maximum advantage of the educational opportunities available to you. You should carefully review the list of courses available, consult with your parents and counselor as needed, and select eight courses along with alternate course choices that meet your educational goals.

**Parent Communication/Signature Required**

By signing below I give my permission for my student to have one or more unstructured periods in the school day. I am aware of the opportunity to take eight classes. I am aware that my student is not in the immediate control of the school or district and will not hold the school or district responsible or liable for situations or incidents that may arise because of choices made by my student when not under direct supervision. I am aware that limited class offerings may impact the time requested.

Please keep in mind that 9<sup>th</sup> graders have a closed campus and should only have less than eight classes if they are exiting the building for activities off campus. The district recommends that ninth graders have at least eight classes during the first semester.

**Additional Parent Signature required for students to have a free period:**

I have reviewed the Course Guide and discussed my course selections with my parent or guardian. I have made my choices thoughtfully and I understand that I will not be allowed to make changes (other than level changes) in the Fall. Course offerings and staffing decisions are based upon student forecasting.
