School Improvements 2016

ABERNETHY K-5

Abernethy K-5 School is now safer and dryer thanks to the voter approved PPS School Building Improvement Bond.

Work included:

Roof level seismic improvements with re-roofing that will include new insulation, some rooftop mechanical, roofing materials and roof ladders.

Seismic bracing of hollow clay tile in the main hallways.

Abernethy K-5 is one of seven schools that were successfully upgraded this summer. All the work was completed as part of the 2012 School Building Improvement Bond.
