

# Stay Informed

## School Improvements 2014

# BEACH K-8

Beach PK-5 School is now safer, better and more accessible thanks to the PPS School Building Improvement Bond.

### Work included:

Building level seismic strengthening for added safety

Science classroom improvements

Accessibility improvements

Highlight of the project is a new elevator that will provide access to all floors of the school with expected completion by summer 2015.

Beach is one of twelve schools that were successfully upgraded this summer. All the work was completed on time and on budget. During the 8 years of the Bond program, Portland Public Schools will upgrade up to 63 schools.
