

Dear Parents of BCF Middle School Students,

I hope you are all enjoying the spring finally arriving...a little slowly. As we wind up our year, it is exciting for our staff to start to think about the fall, and trying to make sure your student has an ideal schedule. In order to maximize effectiveness, we have combined digital and paper technology. I have explained this process to your student.

Please note a few changes:

***WORLD LANGUAGE IS NO LONGER A REQUIRED COURSE FOR 7TH AND 8TH GRADE. IF YOU WANT YOUR STUDENT IN LANGUAGE, THEY NEED TO TAKE IT AS AN ELECTIVE

*We are excited to start a 6-8 band program. These are year-long electives.

*Study Hall can be taken multiple times throughout the year.

Here is the process for forecasting for electives:

1. Go to BCF Website with your student. <http://www.pps.net/beverlycleary>
2. Under BCF Forecasting tab, read the grade level course list with your student.
3. Have your student sign into the appropriate grade level Forecasting Survey using their apps4pps account and complete it together.
4. When you receive an email at the 'Parent Email' you selected, please PRINT it out, have sign it and turn it into the office.

*If you have trouble printing, please talk to your teacher, Ms. Kobs or Mr. Zeller to get support.

*If you are experiencing trouble logging in, try using a different server such as Chrome or Firefox.

If you have questions, please contact the BCF main office at (503) 916-6480.

Thank you,

Joshua Zeller
