ONLINE SUMMER PROGRAM

This year Ninth Grade Counts will take place online. Students may be able to check out a laptop if needed.

My student will need to borrow a laptop from NAYA:

YES _____ NO _____

DATA RELEASE

NAYA NGC is a part of Ninth Grade Counts. Ninth Grade Counts is a partnership of Multnomah County school districts (including Centennial, David Douglas, Gresham-Barlow, Parkrose, Portland Public, and Reynolds) and several non-profit organizations to provide students with additional academic support and college/career experiences during the summer months. We are all working together to help more students graduate from high school and go on to further education and training. In order to provide your child and family with the best services and support possible, your student's summer program and school district will be sharing information about your student with All Hands Raised partners. This information includes but is not limited to academic priority status and demographic information. By signing this application form, you give your consent to the sharing of this information with All Hands Raised and their external evaluation partners.

PARENT/GUARDIAN SIGNATURE

A SUMMER TO EXPLORE

The NAYA Ninth Grade Counts Summer Program is an opportunity for soon to be Ninth Grade students to get a jump start on their journey into high school.

The four week, no cost program runs from July 6 - July 30. Students meet Monday - Friday to review high school requirements, explore college and career possibilities, and gain new academic skills all while learning about Native American art, teachings, and science. Students will be introduced to College and University students and staff. Students will also learn about careers from various Native Professionals.

Students may receive .5 High School elective credit and may complete one Career Related Learning Experience (a graduation requirement for many students) during the summer program.

STUDENT AGREEMENT

I agree to follow expectations and participate in the Ninth Grade Counts Summer Program. I will follow and support the NAYA mission to enhance the diverse strengths of youth and families in partnership with the community through cultural identity and education as well as its core values of Respect, Balance, Pride, Giving, Community, Tradition, Kindness, Accountability, Diversity and Leadership.
