

Transition to Integrated Science

The fall of 2015 will bring the beginning of a 3-year transition to Integrated Science in Grades 6-8. There will be a three-year rollout with 6th grade leading the way.

NGSS SEPUP “New” Modules

6 th	L: Cells/ Body* E: Weather* P: Energy	* Body and Weather packaged together as one Module
7 th	L: Ecology E: Plate Tectonics/ Erosion & Deposition P: Studying Materials Scientifically**/ Chemistry of Materials	** SMS may be cut
8 th	L: Genetics/ Evolution E: Earth in Space/ Exploring the Solar System P: Force & Motion/ Waves
