**SUN Community School Release of Student Information 2019-20**

Our SUN Community School is a collaboration of Portland Public Schools, Multnomah County, the City of Portland and many community partners and agencies who come together to support children’s success in school and life. We do this by working together to meet the specific needs of our students and their families.

In order to provide your child with the best services and support possible, the SUN Community School Site Coordinator needs your permission to be able to share information with the people who are teaching and serving your child specifically. This information may include student name, student ID #, grade level, achievement test scores, course grades and grade point averages, attendance, Individual Education Plan, demographic, and behavior/discipline information. The SUN Community School Site Manager will only share this information when it is required by a partner organization or supports your student’s success. This information may also be shared with the City/County SUN Initiative and their evaluation contractors for program evaluation.

Organizations receiving information about your student are informed of state and federal confidentiality provisions. This includes employees and volunteers managed by the SUN Community School site manager and staff of other partner agencies providing the activities in which my child participates. They are not authorized to release information to any agency or person not listed in this release without specific written consent of the parent/legal guardian.

Children may participate in SUN activities whether or not their Parent/Guardian agrees to the release or exchange of educational information to other staff or agencies.
