

What happens to your Google account when you graduate high school?

Built up years of emails, documents, slideshows, and much more!

Is there an easy way to take all those files and all that data with you?

What would be great is a simple tool to copy all of your files to a different Google account (such as your personal Gmail account).

Look no further. Go to: takeout.google.com/transfer

GOOGLE TAKEOUT FILE TRANSFER FOR SENIORS
