

What is SUN?

Faubion SUN CS Program is ran by Portland Parks and Recreation and provides an after-school program that promotes student success by extending the school day through enrichment, academic, and culturally specific classes.

SUN (Schools Uniting Neighborhoods) also provides adult classes & workshops as well as family events. Community Schools serve as "mini" community centers by keeping a public building open & active after school hours and bringing youth & family opportunities directly to the neighborhood and school community.
