

# PPS Decarbonization Design Team

Climate Crisis Response Committee  
Meeting

September 21, 2023

# **PPS Decarbonization**

---

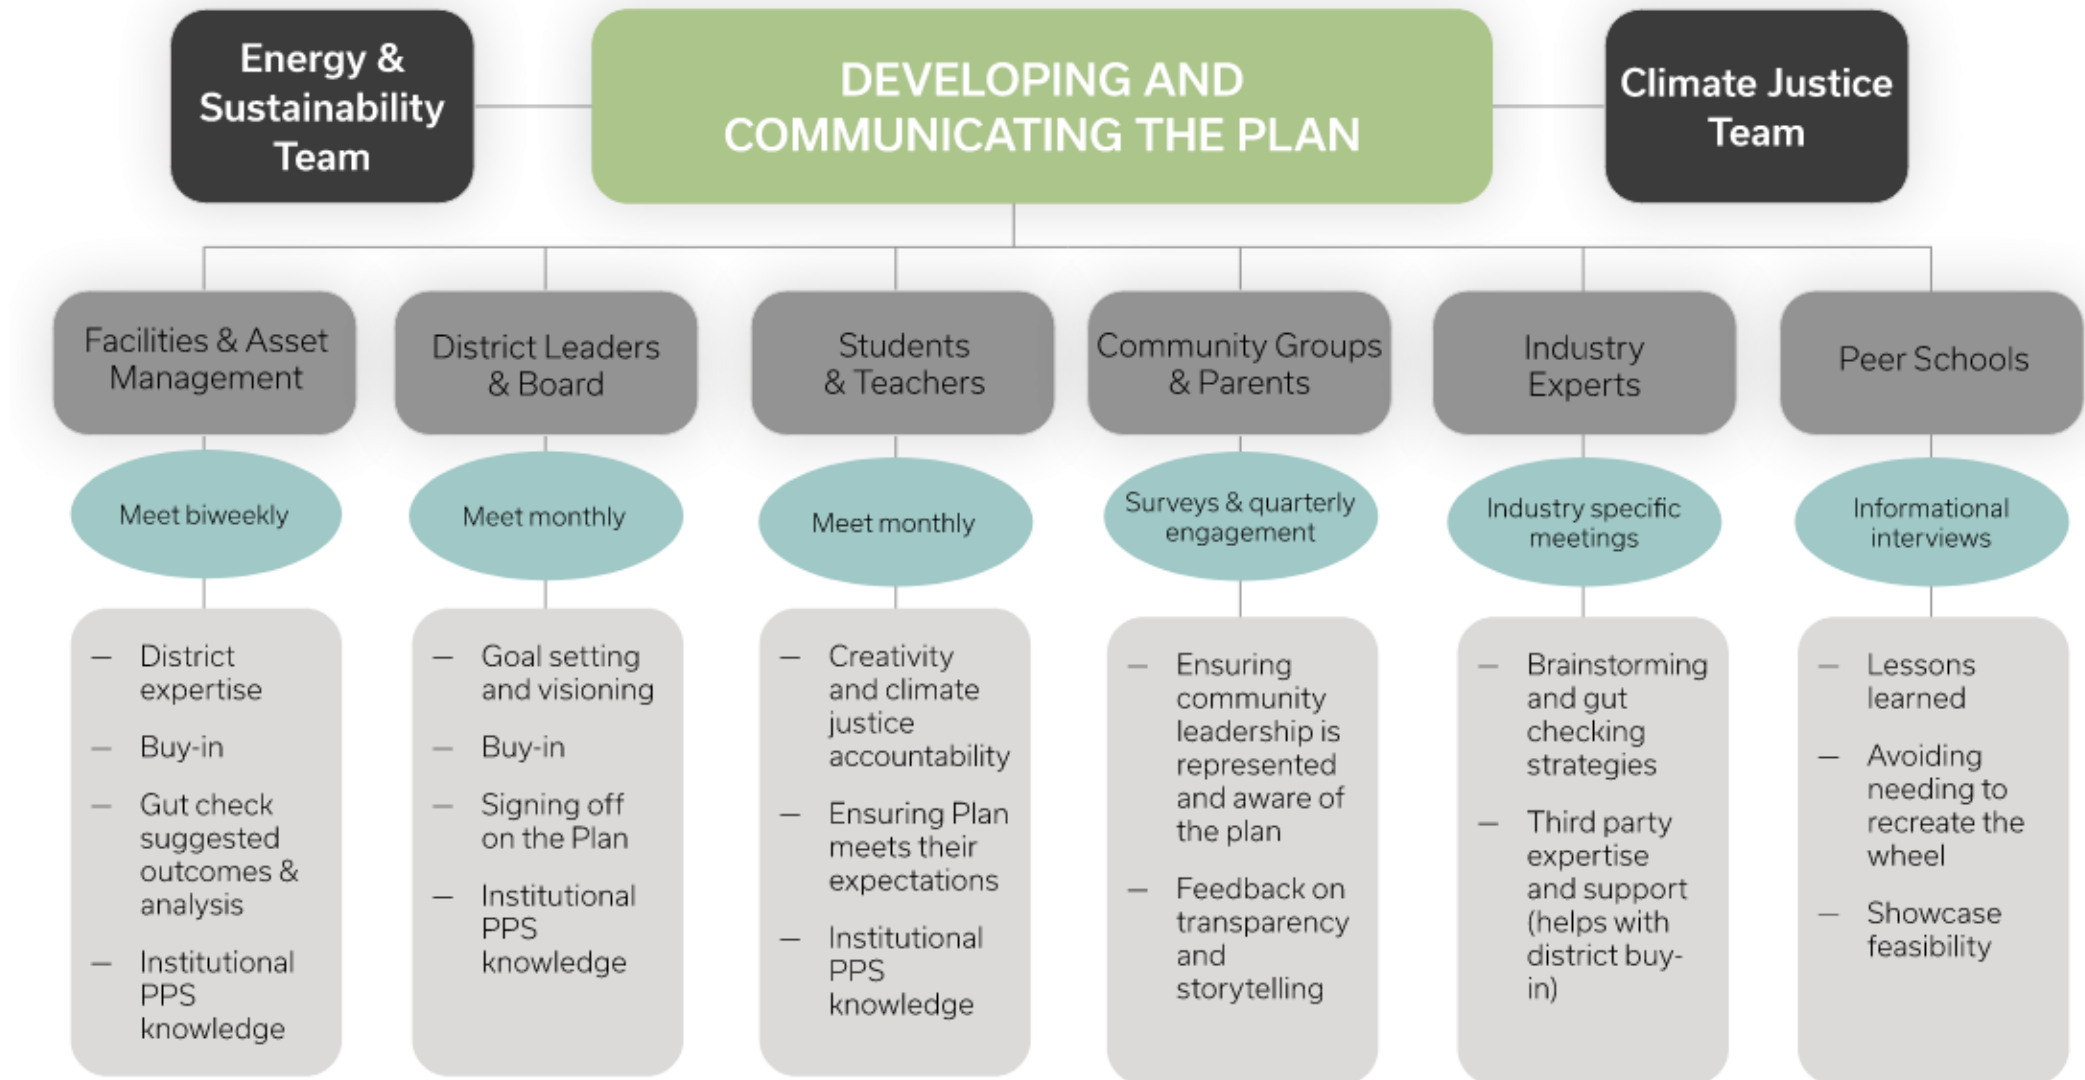

**Making the topic relevant to our lives.**

**For example,**

**Removing the dependance of carbon fuel systems at each school site will result in healthier schools.**

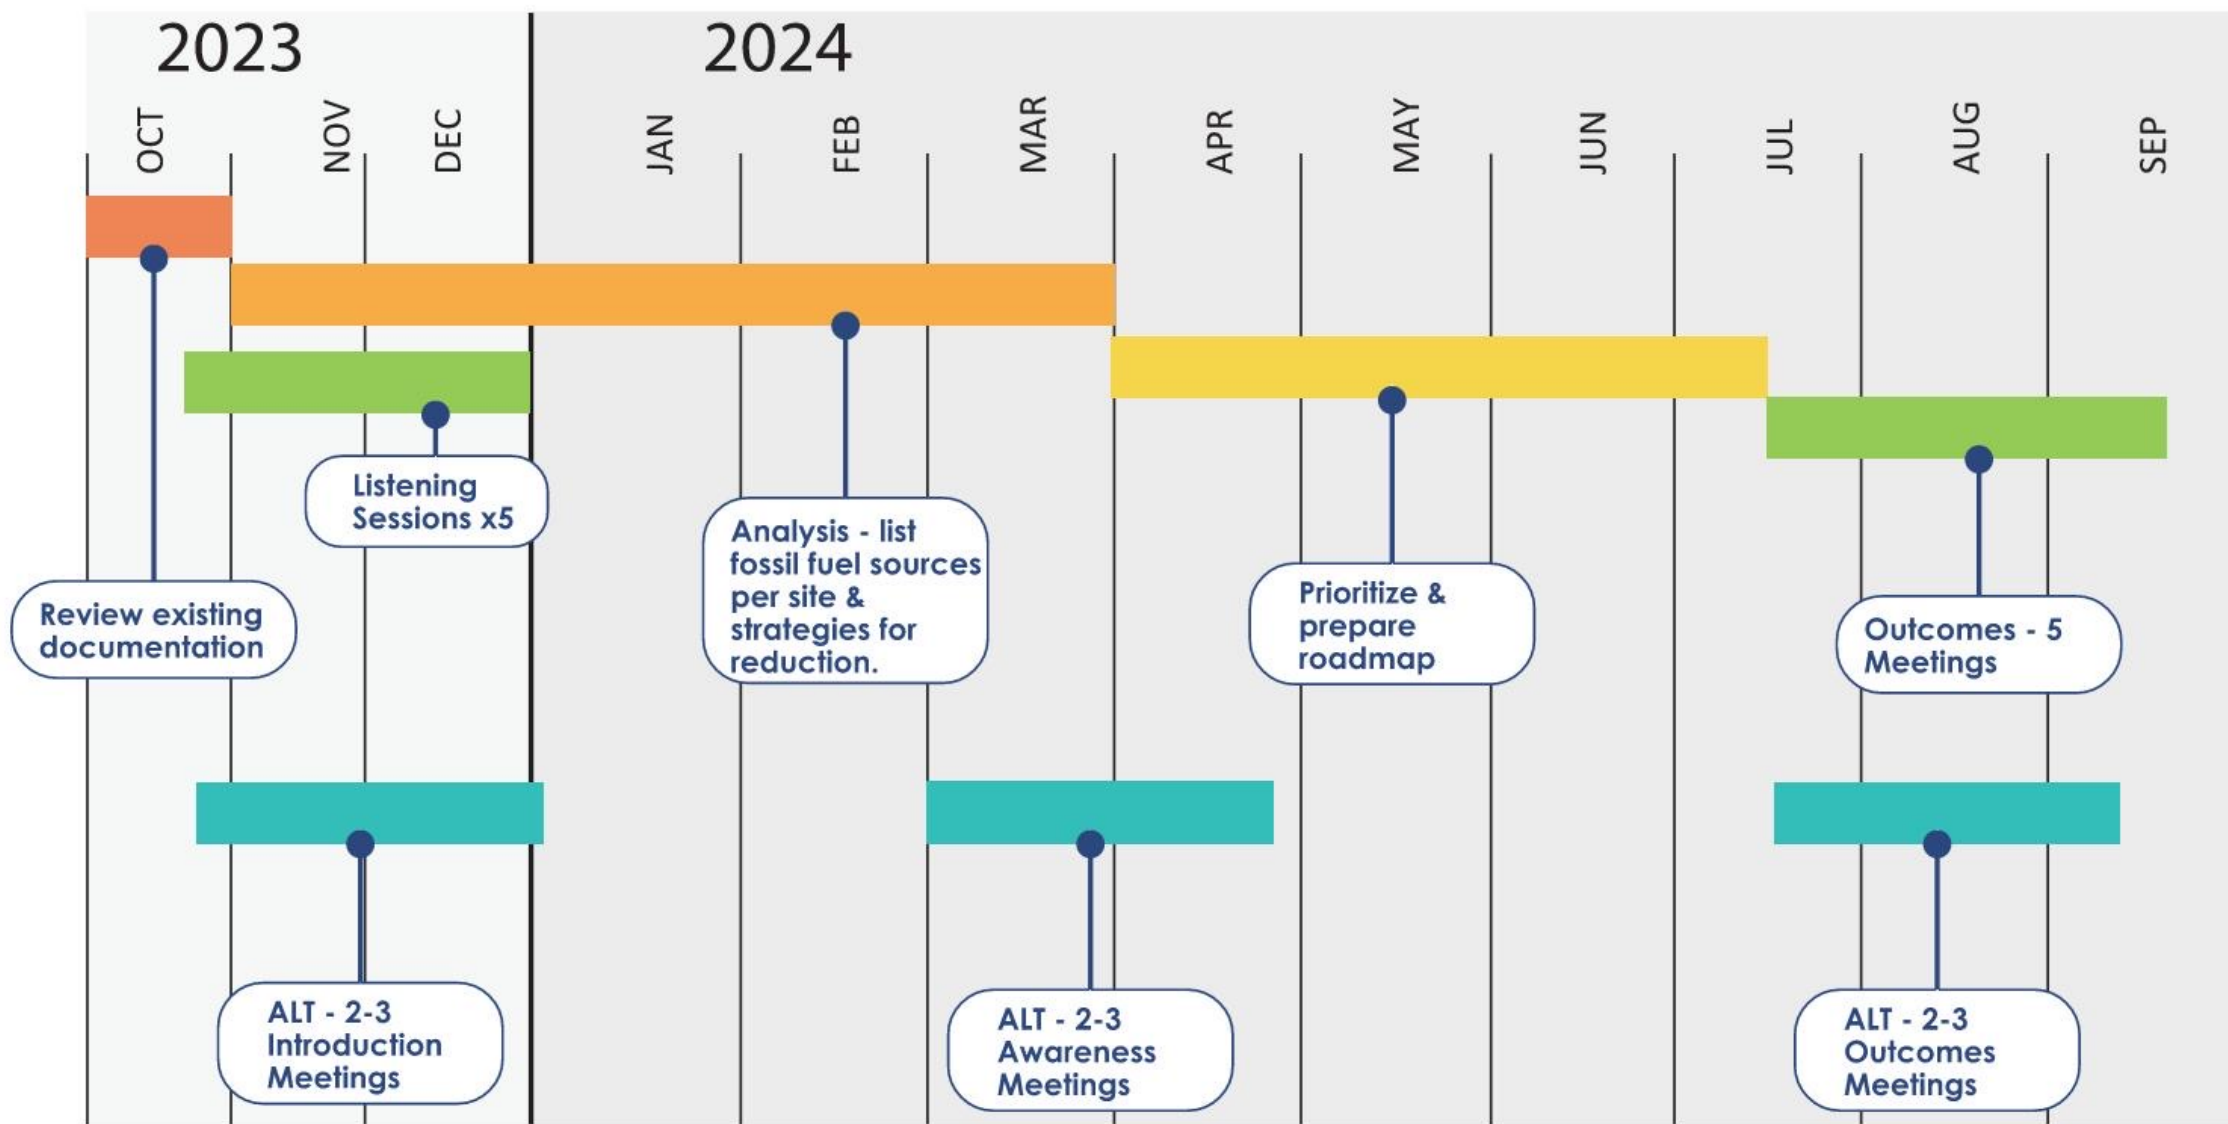

# Engagement Approach

# Engagement Approach

# Engagement Schedule

---

- 1. Initial Engagement Sessions**
  - a. 2-3 sessions held at schools (1 virtual?) before work begins - create awareness, initial reactions
- 2. Progress Engagement Sessions**
  - a. 2-3 sessions held at schools (1 virtual?) midway through analysis – targeted discussion, outcome focused
- 3. Outcome Engagement Sessions**
  - a. 5-6 sessions held at schools (1 virtual?) at end of project – sharing results, telling the story

## Discussion Items

---

1. What school community groups and stakeholders should be included in the engagement workshops?
2. What does the ideal community engagement workshop look like to CCRC members?
3. What are some of the lessons learned or other advice CCRC members can share about previous engagement sessions, including: community feedback that we're likely to encounter, successful approaches for engagement, obstacles, etc.

## Active Engagement

---

Prepare questions for participant input with displays illustrating the opportunities at each site.

Utilize both paper voting systems and QR code surveys to maximize the feedback options.

Make it fun!

who  
are we?
