

## PPS DECARBONIZATION ROADMAP

# Be a part of PPS' decarbonization roadmap planning meetings!

During these sessions, attendees will be asked to provide their insights into how PPS can best reduce carbon emissions across the district.

We'll tackle questions together like:

- What does decarbonization at the district and these sites mean to you?
- How should PPS balance things like equity, cost, and efficiency?
- What parts of schools should we prioritize for upgrades first?

These questions will help PPS create a decarbonization plan that meets the needs of the community.
