In our middle school, the supplies listed below are for use in our classroom communities. Teachers will always have supplies on hand for students. That said, middle school is the time when students start to take ownership of their learning and practice what it means to “come prepared for class.” For this reason, each Bridger Middle School student needs to bring the following to every class, every day. These items should be labeled with the student’s name and are the responsibility of each student to bring to class and keep in their possession.
