### **Kind Reminder Regarding Dogs**

If you bring a dog with you to arrival/dismissal, please make sure your dog is leashed and away from students. We have students who are afraid of dogs and students that are over friendly with dogs, and we want to make sure all students and dogs are safe!

### **Class Lists**

We are reaching the time of year when we begin putting together our classes for the 2023-24 school year. Assigning students to classes is an important task that the staff at Bridlemile take very seriously. A great deal of time, staff input, and many considerations go into making placement decisions. Some of the considerations consist of looking at student strengths and areas of growth including academic and social/emotional needs, balancing specific needs of students and dynamics of individuals within the group.

We have a dedicated staff, trained and prepared to meet the needs of all students. All classes are expected to deliver the same rigorous, standards-aligned curriculum in each grade level. Therefore, in whichever class your child is placed, you can expect them to be challenged at their appropriate grade level instruction.

We also value and appreciate parent input and have an optional Google survey linked for you to complete regarding your child. The purpose of the survey is to provide input for us to consider when we are making balanced classes for next year. This is an opportunity for you to share qualities and characteristics of your child as a learner. We are unable to take specific

requests for teachers.

If you choose to fill out the Google survey, please do not comment on or make requests for specific teachers. Additionally, please do not approach your child's current teacher to make classroom placement requests:

### **From Ms. Barlow**

Our Fourth Grade Music Share will take place on Wednesday, May 3rd at 6:00 PM. The fourth graders will be singing and playing from the risers in the cafeteria. The front doors will open at 5:50 PM and the fourth graders will go straight to their classrooms. They will be done around 6:30 PM. There will be a short break after their performance and then the Band and Strings will perform at 6:40 PM.

Here are some of the songs we will be singing in case your students wants some practice time.

### **Student Health Center Appointments Available**

Parents, if you are having trouble getting your student in to see their pediatrician, consider the Student Health Center. It's just like having a doctor's office at school. Available services include preventative care, cold and flu treatment, non-emergency injuries, reproductive health, immunizations, basic lab services, and more. Student Health Centers will see students with or without insurance and there are no co-pays and no out-of-pocket costs. To find a Student Health Center near you, click [here](#) and [here](#).

### **Freaky Friday Volunteers Needed**

Please help us make Freaky Friday a success! This event can not happen without the help of our volunteers. Sign up to help at various stations and keep the fun going strong!
