FROM THE PRINCIPAL

Dear Bridlemile Families,

I hope this email finds all of you safe, happy and healthy. Teachers have been working hard this week having virtual meetings and attending training on online learning platforms. One common theme that has come out of all of our meetings is the deep care and concern we have for all our students and families and undoubtedly, all of us at Bridlemile miss our students very much! A primary goal in establishing our online classrooms is to allow for our teachers and staff to have that connection with students during this difficult and challenging time in the world. All of you have heard from your classroom teachers this past week and next week, you will have the opportunity to connect as a classroom community once again. Teachers are working very hard to get lessons, assignments and resources up and available for families to use and to structure into their days. I want to acknowledge that many families are feeling overwhelmed with the amount of information coming to them on a consistent basis and I want to remind you to reach out to your child's teacher for clarification or questions you have as we navigate this new territory. Remember to keep daily structures around academics in place as best as you can with your family, yet remember to keep a balance by incorporating household responsibilities, reflection and quiet time, outdoor time and movement into your days. Remember that during this unprecedented time, staying healthy, positive and connected is key and foundational as we take on each new day.

In addition, I wanted the community to be aware that the district has re-opened the survey for families in need of a laptop/Chromebook to do online learning. If you have not already done so and need a device, please be sure to use the link below to fill out the survey to get a laptop/Chromebook from the district. <https://docs.google.com/forms/d/e/1FAIpQLSfR9vU1RGTJigjBOlpYQwi4DHLNbZVJ07PdhAsj3c13VeqMxQ/viewform>

Also, please see the link below from our counseling team. Ms. Rachel and Ms. Stephanie are working hard to reach out and support families that need connection during this time. Please feel free to reach out and connect with Ms. Rachel and Ms. Stephanie and take a look at the link to the "Counselor's Corner" for more helpful information and guidance. <https://docs.google.com/document/d/129wpY5Mh3MJQFeYbNVir8zBDzpUx6jHBqiyvaW0lw8k/edit>

Finally, I have attached a link to a message from Superintendent Guadalupe Guerrero, if you have not yet received this email. In the message he discusses the work the district has been doing to prepare for online learning as well as district supports and resources for families. <https://www.pps.net/site/default.aspx?PageType=3&DomainID=265&ModuleInstanceID=1492&PageModuleInstanceID=31850&ViewID=ad4d6d9d-7046-48e7-a548-a6a23a68d076&RenderLoc=0&FlexDataID=152856&PageID=15080&IsMoreExpandedView=True>

Please continue to take good care of yourselves and your families during this very stressful and difficult time. Know that we are working very hard to put supports in place so we can stay connected with our Bridlemile students and community. We miss our students very much and look forward to connecting with you all more next week.

Warmly,

Brad Pearson
Principal
