WHAT IS SCHOOL CLIMATE?

SCHOOL CLIMATE OVERVIEW

School Climate encompasses CR-PBIS (Culturally-Responsive Positive Behavioral Interventions & Supports), Restorative Practices with the lens of racial Equity and practices of CARE (Collaborative Action Research for Equity) explicitly called out and woven in.

CR-PBIS

CR-PBIS (Culturally-Responsive Positive Behavioral Interventions & Supports) uses implementation science to help students to develop positive behaviors. At the most basic level, CR-PBIS can be described as a three-pronged approach:

1. Explicitly **teach** what is expected
2. Actively **acknowledge** kids when they are following the expectations
3. Instructionally **correct** kids when they are not following the expectations

Research shows that when school staff acknowledge positive behaviors at least three times more often than correcting behavioral mistakes, misbehaviors decrease significantly.

CR-PBIS uses disaggregated data to make decisions and to develop the systems and practices of a school. The unique racial, cultural and linguistic makeup of the school is explicitly addressed at every decision point.

More specifically:

- Accesses all stakeholders to develop and promote school values
- Develops common area expectations for all parts of the building
- Designs lesson plans and schedules to teach common area expectations throughout the year.
- Creates and maintains systems to acknowledge students who are following the school values and expectations. This may be acknowledgement tickets, regular assemblies, or awards for individuals, classes, grade levels, etc.
- Develops school wide policies that are proactive, preventative and restorative.
- Utilizes staff input to build corrective discipline systems (i.e. a flowchart) and calibrate clear definitions of student behaviors.

How do we make certain that PBIS is culturally responsive?

- We systematically assess and review student and family voices and adjust our practices to reflect the needs of our community (See *Tier I Evaluation*)

RESTORATIVE PRACTICES

Restorative Practices, also referred to as Restorative Justice, is a range of community building, peacemaking practices adapted to the school setting. The intention is to build trusting relationships and offer restorative alternatives to punitive discipline.

Restorative Inquiry is an essential restorative practice. A series of guiding questions are asked:

- What happened?
- Who was affected/impacted?
- What can be done to make and keep things right?
- How can others support you?

EQUITY/CARE

This handbook is intended to inform Buckman Elementary School staff of the processes that support the reduction of exclusionary discipline to provide our students with equitable access to education. Portland Public Schools' top priorities includes eliminating racial disproportionality in exclusionary discipline..

Our CARE work is intentionally focused on increasing classroom engagement for every learning style and our capacity for being culturally competent in our instructional practices and inclusive of our diverse learning styles.

"Portland Public Schools is committed to academic excellence and personal success for all students. Central to this commitment is educational equity. We are committed to providing instruction with the rigor, cultural relevance, and relationships that ignite the potential of each and every student. In order to do so, we must shift our practices to see students as individuals—including their race, their language, their gender, their sexual orientation, and their various abilities.

This work is necessary to serve a diverse student body well and prepare every student to navigate and compete in a culturally rich society and global economy, now and into the future."

Chief Equity Officer, Lorenzo Poe

SCHOOLWIDE VALUES AND COMMON AREA EXPECTATIONS (1.3)

Our School Values are: A Buckman bear ROARS

1. **Respect** = I treat someone or something as important; show kindness, and care
2. **Ownership** = I take charge of my choices and accept consequences
3. **Attitude** = I do my best, persevere, and cooperate with others.
4. **Responsibility** = I am reliable, dependable, and can be trusted to do what is expected of me.
5. **Safety** = I protect myself and others from physical and emotional harm.

Posters are being made and distributed throughout the building in order to make them visible to students, staff and families. The intention is to send a consistent message about what our school community values and what how it looks in different common areas. This will help **Buckman Elementary School** ensure that our school values are inclusive and affirming. These values were developed with student, and staff input.

- These school values are important for the **Buckman Elementary School** community, because these are the three things that help students be successful in life. Our students need to understand and exercise ROARS on a regular basis to master the skills to be successful and prepared to be college and career ready.
- These values are woven into our regular teaching practices in every lesson and in every class period throughout the grade levels, naming them with consistency and strategically teaching and reviewing them throughout the school year.

CLASSROOM PROCEDURES (1.8)

As per PAT contract every teacher will have a classroom management plan. Classroom management plans will be due to administration the day before back to school night. A sample plan is provided below; PD time will be provided in the first two weeks of school

The Classroom Management Plan template, covers the essential feature of effective classroom management: Structure, teaching expectations, acknowledging positive behaviors, correcting misbehaviors.

Any student specific information that would be pertinent for a guest teacher (safety plans, scheduled break or service times)

Who to call for assistance and in what order (Para, Office, Counselor, etc.)

FEEDBACK AND ACKNOWLEDGEMENT SYSTEMS (1.9)

Research shows that when staff "catches" students exhibiting appropriate behaviors, those behaviors will increase and misbehaviors will decrease. Specific praise is extremely important in increasing the reoccurrence of appropriate behaviors. Some schools decide to give out acknowledgement "tickets": small slips of paper that are aligned with the school values. All staff hand out the acknowledgement tickets, along with specific praise, to students as they witness appropriate behaviors in the common areas, in classrooms, on buses, etc.

TIER I EVALUATION

Evaluation of the Effects and Fidelity of the School Climate Practices

DISCIPLINE DATA (1.12)

Tiered Fidelity Inventory (TFI) guides the action planning for the implementation of positive school climate.

- Assessment component is completed three times a year in September, January and May
- A score of 80% or better indicates a well-implemented tier
- The TFI action plan is revisited on a monthly basis

Recent TFI scores

- 2014-2015: 1
- 2016-17: 2

School Climate Survey (SCS) determines the status of specific building-wide school climate initiatives and issues (Core Values, Student Voice, Specific CR-PBIS Initiatives--ex: acknowledgement tickets)

- Completed three times a year (September, January, May) by all students (grades 3-5)
- Reviewed by School Climate Team and shared with staff, students and families. Used to monitor and adjust climate initiatives.

Recent SCS data

- 2014-2015:
- 2016-17: pending safe and healthy Schools survey
- 2018-2019: successful schools survey
