Ockley Green Middle School

Principal Message

Good Afternoon Ockley Families, Students, and Community;

I hope you had a wonderful long weekend. Thank you for your patience as we navigated through the power outage situation. We are off to a great start this week! I am going to continue to send out daily reminders this week and part of next week. I have received a lot of positive feedback sharing the daily reminders are helpful to families and students. We continue on the Soft Start schedule this week and switch to the Comprehensive Distance Learning Schedule on 9/14/20. This week, students are diving into Social Emotional lessons and learning about Canvas. The Soft Start objectives for Ockley Green staff and students are:

- By the end of the Soft Start, students and staff at OG:
 - Begin to foster a culture of trust and community within the Advisory and class periods.
 - Determine and utilize organizational systems such as virtual planners to plan out their day.
 - Understand and navigate the various online tools that will be utilized throughout the school year.

Buenas tardes Familias, estudiantes y comunidad de Ockley;

Espero que hayan tenido un maravilloso fin de semana largo. Gracias por su paciencia mientras navegamos a través de la situación de corte de energía. Estamos fuera de un gran comienzo esta semana! Voy a seguir enviando recordatorios diarios esta semana y parte de la próxima semana. He recibido muchos comentarios positivos compartiendo los recordatorios diarios son útiles para las familias y los estudiantes. Continuamos en el programa de inicio suave esta semana y cambiamos al programa de aprendizaje a distancia integral en 9 / 14 / 20. Esta semana, los estudiantes están sumergiéndose en lecciones sociales y emocionales y aprendiendo sobre el lienzo. Los objetivos de Soft Start para el personal y los estudiantes de Ockley Green son:

- Al final del Soft Start, los estudiantes y el personal de OG:
 - Comenzar a fomentar una cultura de confianza y comunidad dentro de los períodos de asesoramiento y clase.
 - Determine y utilice sistemas organizativos como planificadores virtuales para planificar su día.
 - Comprender y navegar por las diversas herramientas en línea que se utilizarán a lo largo del año escolar.

Devices and Hotspots

Do you need a device or hotspot?

For successful distance learning, we know Chromebooks and hotspots are a must. Please take our survey and let us know if you're in need. Our team will be working on making sure these devices are delivered to families. If you need multiple devices, please make sure that you fill out one survey per student as soon as possible.

Para el éxito de la educación a distancia, sabemos Chromebooks y puntos de acceso son una necesidad. Por favor, tome nuestra encuesta y háganos saber si usted está en necesidad.

Nuestro equipo trabajará para asegurarse de que estos dispositivos se entreguen a las familias.

Si necesita varios dispositivos, asegúrese de completar una encuesta por estudiante.

Please complete - [OG Technology Google Form](#)

Schedule Change Requests and Counselor Caseloads

- For 6th, 7th and 8th-grade students who forecasted for electives in the spring, their requests were entered into our Synergy system and processed along with all other students' requests.

- **If your student did not forecast** for electives before the summer, you will need to reach out to their school counselor with your student's elective request. Before you email your counselor, have your student complete the appropriate forecasting form. The forms are only accessible when students are logged into their district provided Gmail accounts.

- Counselors can work within existing class schedules to try to make adjustments, if possible, given class sizes/course loads; however, they are not able to restructure core classes at this time.
- Students are not guaranteed elective selections. Elective forecasting is a tool for students to express preferences, which we will do our best to incorporate into student schedules via the Synergy scheduling system.
- All schedule change requests need to be done before Friday, September 25th. Students will need to go through the [Class Change Process](#) after September 25.

PPS Help Desk for Families

The start of the school year can be a bit overwhelming in normal circumstances, and we know that the pandemic means a number of additional variables to navigate this year, including technology.

We invite all families to visit pps.net/fall2020 to access a full set of orientation videos and other resources, translated into our district-supported languages, to help you better understand the learning platforms students and teachers will use this fall. You will also find information on how to log on to the platforms, how to connect to the internet, and other helpful tips.

If you or your student is still struggling with any of the aspects of learning technology, we hope you will call the PPS Technology Help Desk, which is open from 7:00 a.m. until 5:00 p.m. on school days. We will answer your questions and share information and helpful tips about anything related to distance learning technology. The Technology Help Desk is available in all PPS-supported languages. Email support@pps.net or call us:

Ockley Green Middle School

Many students and families have been waiting for the various tools available including Remind, Google Classroom, Canvas, and Synergy to show the same data regarding student schedules. We believe at this time the information in Synergy (accessible via the ParentVue and StudentVue systems) should be updated and showing accurate information. We believe the other systems should begin reflecting that information if they don't already do so now.
