Ockley Green Middle School

Principal Message

Good Afternoon Ockley Families, Students, and Community;

I hope you are having a great week! I am going to keep the opening message short with a few announcements. OG building construction is delayed and the **OG nutrition site at will not start until Wednesday, September 16. Please continue to use other district sites until September 16.** And I have some exciting news. Chris Riser has set up an Ockley Green PTA Bottle Drop account. You can use the link [HERE](#) to donate directly from your own bottle drop account to Ockley Green's. We will be using the money donated to help with teacher grants, events, and many other things.

As many of you know, PPS was scheduled to offer BLM Lessons during the Soft Start Week days, but they were suspended. I have yet to hear when these lessons will take place. Therefore, Ockley has created and will be infusing BLM lessons into our advisory periods. It's a nonnegotiable for us. We must address race/identity, racial equity, white supremacy, and current movements/protests.

The schedule for tomorrow (9/11/20) is pasted below and I will continue to send out daily newsletters until the middle of next week. Thank you and please reach out if you have any questions!

Buenas tardes Familias, estudiantes y comunidad de Ockley;

Espero que usted está teniendo una gran semana! Voy a mantener el mensaje de apertura corto con algunos anuncios. La construcción del edificio de OG se retrasa y el sitio de nutrición de OG no comenzará hasta el miércoles 16 de septiembre. Por favor continúe usando otros sitios del distrito hasta el 16 de septiembre. Y tengo algunas noticias emocionantes. Chris Riser ha creado una cuenta Ockley Green PTA Bottle Drop. Puede usar el enlace [AQUÍ](#) para donar directamente desde su propia cuenta de gota de botella a Ockley Green's. Usaremos el dinero donado para ayudar con becas para maestros, eventos y muchas otras cosas.

Como muchos de ustedes saben, PPS estaba programado para ofrecer lecciones de BLM durante los días de la semana de inicio suave, pero fueron suspendidas. Todavía tengo que escuchar cuándo se llevarán a cabo estas lecciones. Por lo tanto, Ockley ha creado y estará infundiendo lecciones de BLM en nuestros períodos de asesoramiento. Es un no negociable para nosotros. Debemos abordar la raza / identidad, la equidad racial, la supremacía blanca y los movimientos / protestas actuales.

I shared this yesterday, and I wanted to share again, below is a message from our amazing Counseling Team:

Dear Ockley Families:

Our school counselors would love to invite you to join our Ockley Green Counselor Connections. The communication will happen through the Remind app. You do not need to have the app to join the group for updates from your student's school counselor. This is a way for us to connect directly with families.

If your student has the last name A-K then Mrs. Stone is their school counselor
If your student has the last name L- Z then Ms. Galen is their school counselor

Estimadas familias de Ockley:

A nuestros consejeros escolares les encantaría invitarlos a unirse a nuestras Conexiones de Consejeros de Ockley Green. La comunicación ocurrirá a través de la aplicación Remind. No necesita tener la aplicación para unirse al grupo para obtener actualizaciones del consejero escolar de su hijo. Esta es una forma de conectarnos directamente con las familias.

Devices and Hotspots

Do you need a device or hotspot?

For successful distance learning, we know Chromebooks and hotspots are a must. Please take our survey and let us know if you're in need. Our team will be working on making sure these devices are delivered to families. If you need multiple devices, please make sure that you fill out one survey per student as soon as possible.

Para el éxito de la educación a distancia, sabemos Chromebooks y puntos de acceso son una necesidad. Por favor, tome nuestra encuesta y háganos saber si usted está en necesidad.

Nuestro equipo trabajará para asegurarse de que estos dispositivos se entreguen a las familias. Si necesita varios dispositivos, asegúrese de completar una encuesta por estudiante.

Schedule Change Requests and Counselor Caseloads

- For 6th, 7th and 8th-grade students who forecasted for electives in the spring, their requests were entered into our Synergy system and processed along with all other students' requests.
- **If your student did not forecast** for electives before the summer, you will need to reach out to their school counselor with your student's elective request. Before you email your counselor, have your student complete the appropriate forecasting form. The forms are only accessible when students are logged into their district provided Gmail accounts.

- Counselors can work within existing class schedules to try to make adjustments, if possible, given class sizes/course loads; however, they are not able to restructure core classes at this time.
- Students are not guaranteed elective selections. Elective forecasting is a tool for students to express preferences, which we will do our best to incorporate into student schedules via the Synergy scheduling system.
- All schedule change requests need to be done before Friday, September 25th. Students will need to go through the [Class Change Process](#) after September 25.

PPS Help Desk for Families

The start of the school year can be a bit overwhelming in normal circumstances, and we know that the pandemic means a number of additional variables to navigate this year, including technology.

We invite all families to visit pps.net/fall2020 to access a full set of orientation videos and other resources, translated into our district-supported languages, to help you better understand the learning platforms students and teachers will use this fall. You will also find information on how to log on to the platforms, how to connect to the internet, and other helpful tips.

If you or your student is still struggling with any of the aspects of learning technology, we hope you will call the PPS Technology Help Desk, which is open from 7:00 a.m. until 5:00 p.m. on school days. We will answer your questions and share information and helpful tips about anything related to distance learning technology. The Technology Help Desk is available in all PPS-supported languages. Email support@pps.net or call us:

Remind, Google Classroom, Synergy, etc. data sync

Many students and families have been waiting for the various tools available including Remind, Google Classroom, Canvas, and Synergy to show the same data regarding student schedules. We believe at this time the information in Synergy (accessible via the ParentVue and StudentVue systems) should be updated and showing accurate information. We believe the other systems should begin reflecting that information if they don't already do so now.
