April 26, 2021

Dear Parents and Guardians:

Commencement is the paramount event in the life of a high school senior as it publicly signifies the completion of a 12 year journey. Normally we would send communications to senior families indicating all of the upcoming senior end of year events. Unfortunately things are not normal, and therefore our communication will be different as some event details still remain to be clarified as we continue to work with state and district leadership on guidance. Please know we have every intention of celebrating and honoring the Class of 2021 in a fashion that is fitting of such a special class. We will continue our tradition and wish to encourage every eligible student to participate. Please help us make the 2021 senior ceremonies a memorable experience for all of our graduates and families.

**Please Note:** This information and future communication will be **emailed to families** and posted on Franklin's website, Senior Corner at <https://www.pps.net/franklin>
