Calculators

6th grade and 7th grade core math each requires a general calculator. **Compacted 7th grade math and all 8th grade math** requires a scientific calculator, i.e., TI-30XIIS, TI 34 or TI 36. TI-84 Graphing Calculator for 8th graders is optional (students will use this calculator through college). **Graph paper notebooks** are required for all students in all grades. These notebooks can be purchased through the school for \$4, which is substantially less than retail prices.

Technology

Chromebooks: The District provides these now.

Personal technology: Blended Learning is the combining of digital learning resources with traditional learning and instruction. It allows teachers and students to control and choose the best digital or traditional tools for learning in any particular moment. At Jackson, we embrace the use of technology as a tool that enhances learning. Students are permitted to use their own devices (with parent permission) alongside school owned equipment. Our mantra is "OFF AND AWAY, or with permission, ON AND ACADEMIC." (District BYOD Policy: <https://www.pps.net/Page/10808>)
