

Madison Bus Route Changes Beginning Tuesday Jan 21

Date: January 13, 2020
To: Madison Families, Administrators, Bus Drivers, Dispatchers & Call Center.
From: PPS Student Transportation

Madison bus service in the Red zone (Faubion, Vernon, and Rigler boundaries) and Yellow zone (Scott, Lee, and Rose City Park boundaries) is being consolidated to reflect ridership and need. These changes will only impact unused stops and routes, and in some cases increase level of service for users by reducing ride time. This document is to help explain the changes.

In summary. A GPS and ridership study by operations and drivers has revealed that the NE 82nd Max station is not being utilized. As a result the routes have been modified to utilize the 60th Max station stop to help get students to & from school on time.

Based on the study students in yellow zone typically walk to the nearest Red zone bus stop instead of utilizing the max shuttle. Unused stops will be consolidated.

Listed below are specific details by zones, service area boundaries and route numbers.

Service Area Impacted:

Schools & Bus Routes Impacted:

Madison Routes 025,138, 139, 140, 141,142,143, 145, 147, 226.
