School Climate Survey for Peninsula Families

Peninsula Families:

Schools in PPS are required to define five or fewer behavioral expectations, rules, agreements or values for students. Some schools use values such as safe, respectful, responsible. The Peninsula climate team will use them to design common area expectations, teach them to students, and incorporate them into everything we do. It is important that they reflect the school community. As we design them, we would like to collect your feedback.

We sent paper copies home with students on Friday Feb. 1st or you can find the link on our website. www.pps.net/peninsula

Please take a moment to complete the anonymous survey on or before February 25th, in order to help us create values that reflect our school community.

Thank you- The Peninsula School Climate Team

Peninsula School Site Council Nominations

Site Council is a group of administrators, teachers, and parents that identify ways to support the school community. By providing leadership, direction and support, we define school priorities and implement ways to improve them. At its core, Site Council is about tailoring the Peninsula experience to the specific needs of our students and our community.

Use this form to nominate yourself or another parent or community member to Peninsula’s Site Council. Nominations are open from February 4-14th. Voting will be from February 15th-22nd. This team will meet monthly. Meeting times will be scheduled after the team is assembled.

The link to the nomination is on our school website.

Portland Public Schools - School Success Survey

Portland Public Schools is requesting that families participate in a Successful Schools Survey to help schools understand your experience and use them to set goals and plan for next year. The survey covers topics on school safety, school climate, barriers to family engagement, and how well the school fits your student’s needs. Please be honest and thoughtful, and take your time to read and respond to the quesitons.

The survey can be found on our school website. Follow the link and select the school). There is a parent computer you can use if needed.
