

THE NEWS

ROSEWAY HEIGHTS' MISSION IS TO HELP ALL STUDENTS ACHIEVE THEIR POTENTIAL AND BECOME CREATIVE, CONFIDENT AND COMPASSIONATE LIFE-LONG LEARNERS.

Dear Roseway Community,

In this, my last newsletter of the year, I want to express my heartfelt gratitude to this entire community for the welcome I received and the ongoing understanding of my failings throughout the year. Of course, when looking back it is easy to find all the places I didn't do exactly what I wished I had, or things did not go exactly according to plan – in neuroscience and mindfulness studies they call that “negativity bias” – but we have to find a way to consciously choose to see the positive in our lives.

I have felt completely honored to serve with this community in the sometimes overwhelming task of educating our young people. There are days when it seems like the task is simply too complex, or the conditions are not right, or we are not the right people to the job correctly – but there are also lots of days when we can easily look out into the faces of the students and see that we are having an impact. I recently had the opportunity to see a complete portfolio from a Kindergartner – from the first day's welcome page to the final “what I learned in Kindergarten” sheet, and it reminded me that an incredible thing has happened here at Roseway Heights. Likewise, I looked through some work samples from our middle school and saw obvious and impressive growth in writing, math and self-confidence. Together – students, teachers, families, community members – we have done amazing academic and social growing – and for many of our students physical growing (Not for me, however, I will remain short for the foreseeable future...).

So, now as we head into the summer, please keep in mind what we learned here – that together we can accomplish what we strive for, that with actions that are Safe, Responsible and Respectful, we are likely to make the world slightly better, and that with kindness and compassion we are likely to create deeper and more meaningful connections with those around us. I know as I head into summer I am looking forward to reading some good books, walking around with my family and getting started on next year's planning. It has been an honor to work here with you all and I am eager to get started next year – if you have any questions or concerns about next year or what happened this year, please let me know. I can be reached at jcohen@pps.net or on my cell at 503-319-3245.

Respectfully,

– Jeremy Cohen

Hello Roseway Heights Community,

I would love to end the school year with something positive and uplifting, but the past few weeks have left me unsettled. As we all know, two high school girls, one Black and the other Muslim, were terrorized by a racist that ended with two men dead, their throats slashed and a third hospitalized. Since then, two PPS schools sent out letters to parents/guardians that racist, hate filled flyers were put up around their area, and two Black middle school girls were verbally attacked by men while waiting for the bus near Hosford Middle School. These events are outright signs of racism and its effect. It is obvious to everyone. Less obvious is institutional racism. Institutional racism is reflected in disparities against people of color regarding criminal justice, employment, housing, health care, political power and of course, education.

Institutional racism displayed itself within the last couple of weeks as well and affected the students in our cluster, the Madison cluster. Those students attend Vestal, Lee, and Scott schools. These are schools that serve nearly 80% community of color, a high proportion of English Language Learners, and students who are served by special education services. They are historically (and CURRENTLY) under-served.

The Interim Superintendent (IS) proposed Rose City Park open up as a K-5. All of the students currently zoned for Roseway Heights were to move to Rose City Park, while moving the Vietnamese Dual Language Immersion Program to Lee School. This leaves our Vestal and Scott schools under-enrolled, and Lee School over-enrolled.

These three schools are all under-resourced, Title I schools serving our most diverse students and families with the highest needs. Vestal has the same number of classrooms as Rose City Park, but under the IS's proposal it would seat less than 300 students, while Rose City Park would seat over 600 students. Scott school has a Spanish Dual Language Immersion program with 2 classes per grade. Their neighborhood catchment is only one class per grade. This year they had eight kindergartners enroll. Eight.

While it might seem amazing that the RWH community gets to stay together, this opportunity, this privilege, DISENFRANCHISES and DISADVANTAGES the rest of our cluster community. It redlined our Title I cluster schools. For Madison to be even stronger, it needs to have its middle school be strong. For its middle school to be strong, it needs to have its feeder schools be strong. This is done by assuring the feeder schools are at their proper enrollment.

Thankfully, through community and parent activism (co-lead by Ginger Huizar, who also helped me with this letter; Panther ROAR to her!), the IS (who publicly admitted he had to ask what redlining was) revoked this harmful proposal. Unfortunately, he did not replace it with one that would serve our cluster better. It has been placed on hold without an alternative. Leaving Vestal and Scott under-enrolled and Lee over-enrolled, STILL. For a stronger Madison, we need boundary changes that thoughtfully impact and right size our sister schools.

If RWH stands for the Madison cluster, then we will be open to having our children attend our sister schools at Vestal, Lee or Scott at some point. If not, we are benefiting from and silently contributing to racism that terrorizes and slashes throats.

Kemper Shrout, the Roseway Heights PTA

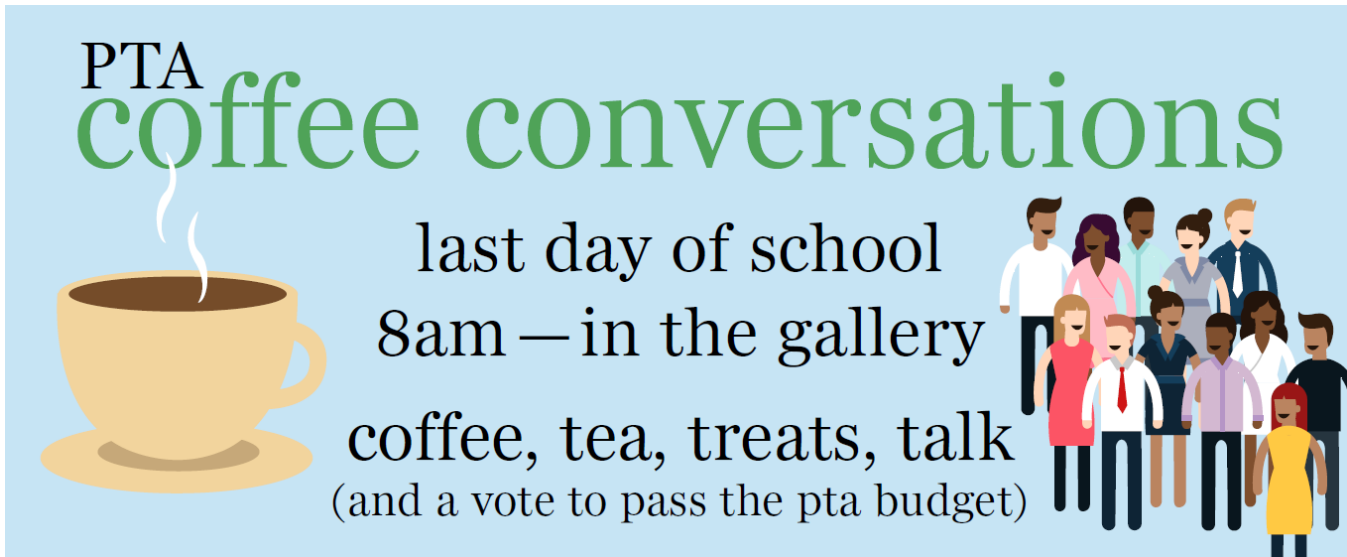

School Community – Opinion

The following article is an opinion from a long-time school advocate and Roseway Heights community member, Grace Groom. It is not the official position of Roseway Heights School PTA. We offer her opinion here as we value her experience with this complex issue as a member of the Districtwide Boundary Advisory Committee (DBRAC) and believe her insights may be informative. We honor all voices in our school community and encourage open dialogue throughout the process of districtwide boundary review. Just as we encourage our children to think critically, keep open minds, debate respectfully, and collaborate to solve complex problems we also encourage this in our community. We recognize our school community has a variety of opinions on what we think should happen to our school in the future. For some of us our wishes for the future of the school may even be in conflict with your own beliefs on what is best for the whole district. It's a complicated and potentially emotionally charged issue. We encourage everyone to start first with making space for listening to understand. If you have a different opinion, Grace is open to respectful dialogue and can be reached at ggroom@pps.net. You may also choose to share your experiences and opinions with your PTA Newsletter editor, Paul Carson, at paulcarsonpdx@gmail.com. We encourage everyone to stay engaged with open hearts.

Hey Roseway families and staff. By now, you should have all received the email from Superintendent McKean about "slowing down" on the proposal for feeder patterns for Roseway Heights and Tubman Middle Schools. The proposal is still being revised. As it stands now, the proposal will create under-enrollment at Scott and Vestal, and an overcrowded Lee. We would lose our Dual Language Immersion program to Lee and they don't have the space to house the classrooms needed for the program AND have a robust neighborhood program of at least 2 sections at each grade K-5. Also, the proposal on the table scoops up a few blocks of Beverly Cleary and Laurelhurst and puts them in Rose City Park School with ALL of the K-5 students now at Roseway Heights. This will make that school 85% white, with about 20% of the students qualifying for free and reduced lunches while Scott, Lee, and Vestal will serve over a student population of over 70% combined underserved students (students of color, English language learners, students qualifying for free and reduced lunch).

The problem with under-enrolling schools, if you aren't aware, is that the district provides staffing based on the number of students enrolled in a school. If there are less students enrolled, there are not as many teachers and so there are not as many programs for students. This has been the problem for the past decade at Scott, Lee, and Vestal and to a lesser extent at Roseway, especially for our middle school students. That's why the district has decided to move to a mostly K-5 and middle school model. Part of the process in moving to a middle school model is determining the feeders for the middle school. This current proposal for the feeders for Roseway Heights creates school re-segregation, separating majority populations of students of color from majority populations of white students. Not okay for ANY of our kids, right?. It also maintains under-enrollment at Madison High School by allowing the students that are being moved from BCS and Laurelhurst to Rose City Park to be able to go back to Grant for high school after going to Roseway Heights Middle School. Madison currently has 400 fewer students than Grant. This decision to create a split feeder for Roseway Heights Middle School is not supportive of Madison at ALL. Last point I'd like to make, if you aren't already aware, this proposal creates a school of only 277 students at Vestal (serving high populations of historically and currently under-served students, racially, culturally, linguistically diverse, lower income) and a school of almost 600 at Rose City Park (rich, predominantly white school) and both of these buildings have EXACTLY the same number of classrooms. Under-enrolling the schools that serve our highest populations of students of color is not okay. Not only does it not serve our stated

PPS mission of equitable education outcomes for all kids, it makes it so that the students that come together at Roseway Heights Middle School will be coming from VASTLY different educational backgrounds from their K-5s, as most of the schools will be set up to be under-resourced and serving the highest students with the highest needs for support. This is NOT okay for any of our Madison cluster kids. If this is a problem for you, I encourage you to write a letter to the Superintendent at superintendent@pps.net, let the DBRAC (boundary review committee) know by emailing ppsgrows.net, and letting the School Board know by emailing them at schoolboard@pps.net. Thanks for listening and for advocating for all Madison cluster kids. Time to ally-up, people!

Music News!

The M.U.S.E. Band Program is now registering students for the fall 2017 for after school band classes at Roseway Heights. M.U.S.E. Band is offered to grades 4-6 - No experience required. Flyers will be distributed through Peach Jar and posted in school lobby area. Please be on the lookout. You can also go to the website at www.museband.com. This is a fun and convenient way for your child to learn an instrument for half the cost of private lessons and prepare for middle school band with Mr. Baird. Students participate in fun concerts, parades, free band workshops, and other performance activities throughout the year. Hope to see you in band next year!

Family Running Opp

My name is Jessie Rubin and I coached distance at Sellwood Middle School this past XC and track season. Due to a new job, I'm not sure I'll be able to coach during the school year again, but I am hosting a Youth Summer Run Camp and wanted to pass along this opportunity to you, to hopefully pass along to your athletes and their parents! Here's the pitch:

Whether looking to gain that edge for cross country or trying running for the first time, this program offers fun and inclusive running group sessions for kids of all skill levels, aged 9-15. Coached by former Division 1 distance runner and team captain, Jessie Rubin (ARC CPR & First Aid Certified) draws on her experience as a competitive athlete and camp counselor to promote a holistic approach to running, focusing on long-term physical, mental, and emotional development.

When and Where?

Duration: Tuesday June 20-Tuesday Aug 27 (total 10 weeks)

Specific Days: Tuesdays (7:00-8:30 PM) and Sunday mornings (11:00am-12:30pm)

Location: Tuesdays (Wilson HS) and Sundays (Cleveland HS track)

Pricing:

Full Summer-- 18 sessions for \$270 (\$15/session) **Benefit:** GREAT VALUE!

Half Summer-- 9 sessions for \$180 (\$20/session) **Benefit:** SCHEDULING FLEXIBILITY.
Use any session anytime during 10 week period.

Thanks so much for spreading the word! Please feel free to reach out to me and/or check out my website for more information!

Thank you,

The Rocky Butte Running Club

A group of parents and myself are putting together a run/walk nonprofit club, "The Rocky Butte Running Club" for local families in the Madison area who have athletes and themselves who want to explore the local community. We are affiliated with the national Road Runners of America Club which helps us out with spreading the word about running as a sport. We are small with a focus on helping out the local athletes in their efforts to make it to summer camps and other training avenues they would not be able to afford or access. We are working on a flyer and summer schedule to be out by the end of the school year so parents can join in. It's all about community. Please feel free to pass on to any interested parents.
