

Free Wireless Service for Eligible Students

November, 2018

Dear Parent/Guardian,

I'm excited to announce that our school is participating in the 1Million Project! With network support from Sprint, the 1Million Project is providing one million eligible high school students across the country with 100% free mobile devices and free high-speed Internet for up to four years.

This is a completely free program for both our school district and your child to participate in. Like us, the 1Million Project Foundation exists to help your child achieve their full potential. They know your high school student has terrific promise and they want to help them unleash that potential by ensuring that they have the ability to connect to the Internet 24/7, and from anywhere. In doing so they're helping ensure your child can do the research and studying they need to earn outstanding grades (and to even study for the SAT on Khan Academy's free website)!

Participating in this program can also help your child gain the digital skills needed for today's jobs.

Eligible students will receive a free smartphone, tablet or hotspot along with:

- 3GB of free high-speed wireless data each month
- Free, regularly-updated Children's Internet Protection Act (CIPA) compliant content filter with every device
- Free hotspot capability and unlimited domestic calls/text while on smartphones (subject to district limitations)
- Wireless service for up to four years while still in a participating high school

The 1Million Project will NOT:

- Charge you or your child
- Capture any personal identifiable information about your family while they participate in the program.

If you are interested in signing up your child, please fill out the permission form and turn in to your school office.

Potential is Everywhere. Opportunity is Not.

Sprint 1Million Project Parent/Guardian Consent Form

Instructions to Families

The Sprint 1Million Project is providing internet access to students without in-home internet connections. If your student does not have reliable home internet access, they may be eligible for a free internet connection. If you believe your student may be eligible, please complete one form for each student participating.

Year

My student is in (circle one): 9th / 10th / 11th / 12th+ grade.

I give permission for _____ to participate in the Sprint 1Million Project.
Student Name

I certify that my student does not have internet access in the home and that the 1Million Project will be the sole source of my student's in-home internet access. A lack of home internet access means 1) no internet access in the home, 2) multiple students in the household with access to a single computer, or 3) dial-up internet at home.

I understand that my student will receive internet access for academic purposes. I understand that my student must comply with the district's Device Management Policy. I waive any and all claims against Sprint, Sprint Prepaid, or the Sprint Foundation related to the Sprint 1Million Project.

The 1Million Project has my permission to use my student's photograph publicly to promote the Project. I understand that the images may be used in print publications, online publications, presentations, websites, and social media. I also understand that no royalty, fee or other compensation will become payable to me by reason of such use.

I certify that all the information on this form is correct, and that I have the authority to provide this consent.
