Molly's Fund Fighting Lupus coming up this weekend has fun volunteer opportunities for Wilson students! We are the beneficiary of all four of the Terrapin runs in Portland each year and need to provide around 100 volunteers for each race. This weekend is of [Run Like Hell Portland 2014](http://www.mollysfund.org/run-like-hell-portland/) in downtown Portland (at Pioneer Square) and we are looking for more volunteers! If you think this would be a fun opportunity, join us! Here is the link to register <http://www.mollysfund.org/run-like-hell-portland/> . This is also great for parents and kids to do together! [Sundbom]

The College Center has 2 tickets for "An Evening with Bill Nye, The Science Guy", October 25, 7:00, Pamplin Center, Lewis and Clark College. Opportunity to host Wilson foreign student from Norway available this month!

Any family would enjoy our lovely girl who loves animals, piano, dance, acting and vegetarian food. She is an A student who speaks excellent English, some French and Chinese. She also likes to cook Norwegian food. Her favorite thing is being in the Wilson musical. Host families can be any combination family, single woman, or retiree. Hosts provide a place to sleep, study, meals and share their family activities. She is available to be hosted now due to a family emergency with current host. This is a chance to learn about the world by hosting a student and sharing our America with a future leader. Opportunities [see Kate Morgan, Career Coordinator, Rm. 221]

Wilson has been offered an incredible opportunity for young men and women interested in engineering, computer science, and innovation. The **PSU Innovation Challenge Competition** is a student-driven opportunity designed to excite creativity and goodwill. A theme is announced and the selected team must creatively solve the problem whilst focusing on the humanitarian impact of engineering and design. Students will be introduced to and will work with PSU mentors, will get to go on tours of labs, and will work with each other to problem solve. If this sounds like something you or your child would be interested in, please see Kate Morgan in room 221 as soon as possible, as there are limited spots available.
