NATIONAL MERIT SCHOLARSHIP SEMIFINALISTS NAMED

Wilson is proud to announce our six Semifinalists in the 2011 National Merit Scholarship Competition: **Martin Berka, Gaela Dennison-Leonard, Amy Lorber, Jonathan Rapaport, Joseph Runde, and Camden Singrey**. These academically talented Wilson seniors have an opportunity to continue in the competition for some 8,400 National Merit Scholarships, worth more than \$36 million, that will be offered next spring. About 1.5 million juniors in some 22,000 high schools entered the 2011 National Merit Scholarship Program by taking the Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT®), which served as an initial screen of program entrants. The nationwide pool of Semifinalists represents less than one percent of U.S. high school seniors and includes the highest-scoring entrants in each state. This year there were 19 PPS students named as Semifinalists (Benson 1; Cleveland 7; Grant 4; Lincoln 1 and Wilson 6). Stay tuned for more good news, as the National Merit Scholarship winners of 2011 will be announced in April. Congratulations to these students and their dedicated parents, **Anna & Stanislaw Berka; Sarah & Charles Dennison-Leonard; Eileen Lorber; Oshra & Zvi Rapaport; Anne & Gary Runde; and Leslie & Michael Singrey**. Thank you to our dedicated teachers and counselors for their commitment to our students and their quest for learning.

"PACT" STANDS FOR POSITIVE ACTION CONCERNING TEENS

Wilson PACT leadership consists of about 20 students who volunteer their time over the school year to develop a drug and alcohol prevention social norms campaign for the Wilson community. The students become educated about media related to drugs and alcohol and are supported by a grant from Oregon Partnership. Under the guidance of Wilson counselor, **Kathryn Wolff**, the group conducts original research each year with Wilson students and presents our data in a fun way to give voice to the MAJORITY of students at Wilson who choose not to use. Last year PACT distributed hundreds of posters and magnets in school with this data which started a lot of conversations. Last year our students were also involved in the development of the National "Above the Influence" prevention campaign. Students this year will continue sharing more data to challenge false perceptions and strengthen the resolve of students making good choices. We also hope to become more present during assemblies and to sponsor drug and alcohol free fun activities and events for the whole school community. The students selected for this year's PACT Leadership are: **Rachel Baldwin, Carl Baumler, Philip Blatt, Fiona Dearth, Joseph Frontino, Ian Harris, Hawer Kadir, Jeff Katter, Kate Loftus, Ian Meyer, Dominique Montrand, Gerhett Moser, Michael Reid, Justine Silberberg, Rivka Solomon-Smith, Erin Thomas, Helen Thurlow, Kayla Washington, Dorsey Williams, and James Wolff**.

REALISTIC VIEW OF WHAT CAN HAPPEN WHEN YOU DRINK AND DRIVE

S.K.I.D. (Stopping Kids Intoxicated Driving) is a program directed towards teenagers. The goals of the program are to provide a realistic view of what can happen if someone decides to: drink alcohol & drive, get into a car with someone who has been drinking alcohol, ride without a seatbelt or operated electronic devices and drive. The following video is a documentation of an actual S.K.I.D. event at a local high school: <http://www.youtube.com/watch?v=uM63Mijm6bg>

STUDENTS, THINKING ABOUT A CAREER IN DENTISTRY?

OHSU School of Dentistry is offering high school students an opportunity to investigate a career in Dentistry. Our Dental Exploring Program is in its twenty-first year of providing participants with a general perception of what a career in dentistry is all about. Participating high school students have been very enthusiastic about their experience. Monthly two-hour meetings are held at the dental school with an emphasis on "hands-on" activities. The first hour is composed of a lecture from dental school faculty from a variety of disciplines, while the second hour is a laboratory experience. Dental students organize the monthly meetings and act as mentors. Participation is available on a first come, first serve basis to the first 60 applicants. To enroll, students must submit the following: General Application, General Consent form, Medical Consent form, and \$25 application fee (check payable to OHSU or cash). To learn more go to: <http://www.ohsu.edu/xd/education/schools/school-of-dentistry/prospective-students/exploring-program.cfm>.

They are working on getting a cadre of mentors to work with students to help lighten the load for PPS Science teachers and to make PPSSE equitably accessible to all PPS students. You are all cordially invited and we would love your help with this. If you know any parents or community members who would like to help mentor a student or two with a science project and the paperwork required for the fair, please pass this along to them. This is an excellent opportunity for TAG extension for your students. We welcome any PPS HS student who is interested in doing a Science Research Project to be involved. Please call Nancy Lapotin at 503-916-5404.
