WILSON PREMIERES NEW MUSICAL THRILLER, *ABLAZE*

Ablaze, a premiere musical by **Matthew B. Zrebski**

At an old abandoned high school on the outskirts of town, a group of loitering teenagers is suddenly surrounded by fire as the walls burn fast around them. They find a hole in a corner of the gymnasium floor. They jump in. They survive the flames. Then they realize...they are not alone...and someone is watching. As their nineteen days of captivity progress, personal demons and vendettas emerge with ferocity, forcing them to either turn forever against each other...or fight for survival. Based on his 2004 play, playwright and composer Matthew B. Zrebski has created a new version of his claustrophobic exploration of teenagers under the eye of a monstrous predator they can't see. Commissioned by the Wilson High School Drama Department in association with Playwrights West, this musical adaptation features 23 teenaged performers. Almost entirely sung with occasional percussive sounds and rhythmic spoken word, *Ablaze* is a bold experiment in musical theatre, and an unapologetic look at the lives of adolescents the issues they must face.

HUMANE SOCIETY OF USA ANNOUNCES EDUCATION MINI-GRANTS

The Humane Society of the United States is accepting applications for its new Humane Education Mini-Grant program, which funds innovative humane education projects in K-12 classrooms. The purpose of the program is to provide funds for classroom teachers who lead innovative, standards-based programs and curricula in humane education, specifically the teaching of kindness and respect for animals and their natural habitats. Funded projects should engage students in hands-on activities that lead to the acquisition of new knowledge, awareness, and self-discovery as they relate to humane education. The mini-grant may be used to pay for supplies or materials necessary for students to create a product, conduct an experiment, or learn a new skill through service-learning and community outreach. Applications will be judged according to a rubric that emphasizes humane education components, innovation, clarity of objectives, standards-based work, possible service-learning components, replication feasibility, evaluation methods, and cost effectiveness. All certified K-12 teachers in the United States are eligible to apply for the grant. Applicants must be U.S. residents. A maximum of \$1,000 will be awarded for each classroom project. The number of grants awarded will vary from year to year, depending on the total amount requested by applicants. Typically, one or two grants will be awarded each year. Deadline: November 30, 2011.
