Spring Play, May 2-4 and 9-11 at 7:30pm

Mr. Burns, A Post-Electric Play

Written by: Anne Washburn

Directed by: Jamie Miller

Tickets available online at <https://app.arts-people.com/index.php?actions=4&p=3>

Anne Washburn's imaginative dark comedy propels us forward nearly a century, following a new civilization stumbling into its future. After the collapse of civilization, a group of survivors share a campfire and begin to piece together the plot of *The Simpsons* episode "Cape Feare" entirely from memory. Seven years later, this and other snippets of pop culture (sitcom plots, commercials, jingles, and pop songs) have become the live entertainment of a post-apocalyptic society, sincerely trying to hold onto its past. 75 years later, these are the myths and legends from which new forms of performance are created. *Mr. Burns* is an animated exploration of how the pop culture of one era might evolve into the mythology of another. Appropriate for ages upper elementary and older for some coarse language and suspenseful situations.
