NEWS

New Speech and Debate Takes Sweeps at Clackamas/ Cleveland

The Wilson Speech and Debate Team capped off a successful fall season by winning the Team Sweepstakes trophy in Debate and overall last weekend in twin tournaments held at Clackamas High School and Cleveland High School. Following individual achievements at Willamette University, Sprague High School and Sandy High School during October and November, this win cements Wilson's status as a top player in Oregon Speech and Debate.

Individual Event winners (held at Clackamas) are **Amy Sloan** (3rd Radio Commentary, 1st Prose Reading), **Ari Lohr** (2nd Programmed Oral Interpretation, 1st Student Congress held Friday evening at Cleveland), **Huarui Lai** (4th Storytelling), and **Chloe Johnson** (4th Novice Oratory). Debate winners (held at

Cleveland) are **Nathaniel Nelson** (1st SPAR debate), **Preston Bushnell** (1st Novice SPAR debate) **Ainsley Leof** (1st Novice Lincoln-Douglas), **Emma Koontz** (2nd Lincoln-Douglas), **Ethan Eisner** (3rd Student Congress), and the teams of **Chester Mantel** and **Elana Welter** (2nd Parliamentary) and **Ethan Eisner** and **Nathaniel Nelson** (3rd Public Forum).

The team starts its winter season, running up to District and National Qualifiers, January 12-13 at Pacific University in Forest Grove.

Wilson Student-Athletes of the Week

Sophomore **Lucas Lommen**, Men's Basketball: Lucas knocked down four three-pointers and scored 15 points in his Trojan varsity debut in a home opening loss to the 4th-ranked Barlow Bruins. Lucas is strong in the classroom and exemplifies the type of student-athlete that makes Wilson HS proud. Lucas's play on the floor and his achievements in the classroom make him a great candidate for the Athlete of the Week award.

Freshman **Charlotte Richman**, Women's Basketball: Charlotte was selected to the All-Tournament Team over the weekend at the Mountainside Basketball Tournament. She was 6-9 from the 3pt line and averaged 14.5 points and 6 assists per game.

There are Wilson families in need of support through the winter break holiday. If you and your family are able and willing, please consider donating gift cards from

We are also accepting canned foods and non-perishables to stock our food pantry. Especially needed: tuna, chicken, chili, soups, pasta and sauce, canned fruits and vegetables. Please drop off any donations to Wilson's social worker, Maureen Brennan, or to business manager Erica Meyers in the main office by Monday, December 10. As we enter this season, let us show all our families the kindness and empathy that define our Wilson Community. New Senior Slideshow

Submit 2-4 pictures (baby pics, school pics, family pics, cooking-with-nana pics... you get the idea!). Send scanned photos to wilsontrojans2019@gmail.com; include your senior's name in the subject line of the email. If you are unable to scan them, please let Tiffany know and she will help you figure it out. Please use your best judgement—the grad night committee reserves the right to deny photos if they are in poor taste (this is a family-friendly event). Don't *completely* embarrass your Senior! Pictures can include family or friends if you wish.

If you have any questions, email wilsontrojans2019@gmail.com.

Scientific Research Program for Students in Grades 10 and 11

The Partnership for Scientific Inquiry is a spring term program which encourages student participation in science competitions and fosters a mentoring relationship with local scientists. Selected students will meet on Tuesdays from 5-7:00pm (February-May) for a lecture series at OHSU to learn about ongoing research projects conducted by scientists at Oregon Health & Science University, Portland State University, and Legacy Research Institute. Each student will be mentored by a researcher and gain firsthand knowledge of research methods and develop their own research proposal. The program requires regular attendance and significant time commitment outside of class for homework and research proposal development. Students may elect to do laboratory research (or possibly clinical research, depending on the mentor) over the summer. Students are also encouraged to develop a science fair project with the assistance of their mentor. Most mentors will offer students who are 16 and older an opportunity to carry out his/her proposed research during the summer. A letter of recommendation from a math or science teacher is recommended. **Application materials due January 1.**
