NEWS

October Student-Athletes of the Month

Ebrahim Khalifa, Sophomore: Ebrahim is a dedicated scholar, a generous soul, and a cool dude. He continuously reaches for excellence in the classroom with his individual work, and he also pushes the whole class forward with his enthusiastic participation. Ebrahim shares genuinely of himself to advance discussions and help folks understand new viewpoints. Anyone who has a class with Ebrahim can feel his positive presence. Ebrahim is a great student and a great human being. He is always engaged in class and is an excellent classmate other students. He's kind, friendly and caring.

Justine Wendt, Senior: Justine is an outstanding young woman who is greatly respected by both staff and students here at Wilson. She has earned this respect due to her extraordinary attitude, generosity and the level of commitment that she puts into everything she does. Academically, Justine has always challenged herself with higher-level courses and is a member of NHS. It is very impressive how she juggles a schedule of advanced classes, playing varsity sports, working a part-time job, being a peer counselor and volunteering in the community. Last year as a peer counselor Justine and another student developed a website and flyer for freshman parents to address mental health challenges and provided a list of resources for families that was very well received. Justine is compassionate, ambitious, delightful and we are very proud to honor her with this recognition!

October Teachers of the Month: Kathy Diamond and Tim Loveless

Students say: Mrs. Diamond creates a classroom that is engaging, thought provoking, and fun! She has the ability to make the subject matter come alive. She is caring with all of her students and goes out of her way to make sure all kids are represented and acknowledged. Mrs. Diamond is always asking about our day and how we are doing in this crazy mixed up world we live in. She genuinely cares for each and every one of us! She is an All-Star!

Here is what students have to say about Mr. Loveless: Mr. Loveless's classes make you think beyond the immediate and force you to peel back the layers and peek inside. His lessons are creative, stimulating, and challenging at the same time. He is one the funniest teachers in the building with a sense of humor that is like no other. He cares about all of us and challenges us to be better humans on a daily basis. His approach to social studies is creating a generation of civically minded students. He rocks!

The Partnership for Scientific Inquiry is a spring term program which encourages student participation in science competitions and fosters a mentoring relationship with local scientists. Selected students will meet on Tuesdays from 5-7:00pm (February-May) for a lecture series at OHSU to learn about ongoing research projects conducted by scientists at Oregon Health & Science University, Portland State University, and Legacy Research Institute. The program requires regular attendance and significant time commitment outside of class for homework and research proposal development. Students may elect to do laboratory research (or possibly clinical research, depending on the mentor) over the summer. Most mentors will offer students who are 16 and older an opportunity to carry out his/her proposed research during the summer. A letter of recommendation from a math or science teacher is recommended. **Application materials due January 1.**
