PPS is in the process of adopting a Social Emotional Learning Curriculum. We are at a point in the process where three programs have been identified as potential programs for selection. PPS and Vernon are seeking parent input on which program(s) seems best suited for adoption. We would love it if we could get families to check out one or more of the videos below and provide your feedback. This input will help to guide us in our decision making process. Thanks in advance for your help and feedback.

Please choose one of the following social emotional learning (SEL) program videos to watch. From the information provided in the video and knowing your students and school community, please rate your level of agreement with each statement. When responding to each statement, you are rating whether the program "Could" (might work for students) and whether it has "Potential" (you like this enough to want to know more).

If you would like to review more than one program please complete a separate survey for each program reviewed.
Thank you!

Summer Acceleration Academy 2023

Newsletter Language

We are so excited that many of our students who need additional support in grade level reading and math learning will have the opportunity to participate in Summer Acceleration Academy this summer from July 10 - August 4, 2023 from 9am - 1pm with optional afternoon programming until 5:30pm through SUN or RESJ partners. Students from Vernon will be attending SAA at the Faubion hub site.

Invitations for Summer Acceleration Academy are based mid-year assessments identifying students who would benefit from support in reaching grade level reading and math during this four week program. Families of students who are invited to participate in Summer Acceleration Academy will have received invitations to enroll online or through the school office by calling or returning a paper form that will be sent home in backpacks.

We feel this is an important opportunity for your student and understand that you may have other students in your house who need summer activities who do not meet the criteria for SAA. The RESJ department will be offering summer activities at many of the SAA sites. Stay tuned for enrollment information that will be coming soon.
