- Vernon Owl Fest 3-7PM

Each Spring Vernon staff begin the process of forming classes for the coming school year. Information from homeroom and support teachers about each student's progress, skill levels, special needs, social and emotional characteristics, and learning styles is considered in determining appropriate placement. Our goal is balanced classrooms that help increase the chances of students reaching their full potential.

This form gives you the opportunity as parent/guardian to express your thoughts and to contribute to the process of class placement. We ask that you do not request a particular teacher, but instead let us know what type of classroom environment would suit your child's needs best.

Parents/guardians may complete our class placement form by the end of the day, Friday, May 26th. Our classroom, specials, counselors, and support teachers all work together to help make the best placement we can. Mr. Keefer and Mrs. Earle make the final decisions for class placements.
