International Baccalaureate World School

"Lincoln is a school **where students are encouraged and supported to engage in inquiry, discover their passions, and find their voice** as emerging local and global leaders"

Peyton Chapman
Principal

Lincoln is proud of being Oregon's first public high school, established in 1869. Throughout this history, Lincoln students have demonstrated active engagement, leadership, care and a keen curiosity about the world around them, working for real change and improvement in society. Lincoln moved into its fully rebuilt, state of the art, site in the fall of 2022. Lincoln is known for its dedicated teachers, long-serving school administration, and strong athletic and extracurricular programs.

Lincoln's prime downtown location allows for key partnerships and easy access to PSU, the Portland Art Museum, Portland government, the Oregon Historical Society, OHSU, and a host of internships and other work and educational opportunities. All students receive free TriMet passes allowing for further field trips and easy use of public transportation, with Max and bus lines just steps from the school doors.

Lincoln is an International Baccalaureate (IB) School with a successful diploma program in 11th and 12th grades since 1991. Currently, all Lincoln students take at least three IB classes before they graduate. In support of our IB for all aspirations, Lincoln anticipates authorization as a Middle Years Program (MYP) by the end of the 2024-25 school year which will enable us to expand IB to 9th and 10th grade.

Mission Statement

Lincoln's mission is to grow inspired global thinkers, who are working towards a more just and peaceful world. Our **"Go Cards"** Values include **Global thinking, Open-mindedness, Caring, Altruistic, Respectful, Dedicated, Supportive.**

“Lincoln provides a really great chance to push yourself academically & advance socially and intellectually. There's something of interest for everyone.”

-LHS Student

“The community that is created in both IB and AVID programs is really special. You meet people that you may never have been friends with outside of school”

-Student

“What I love about Lincoln is that it's a school that not only prepares you for college, but creates an atmosphere for important conversations between students and faculty from diverse backgrounds and experiences”

-Student

Lincoln has a strong AVID and CTE programs in Audio Engineering, Business, Computer Science, Culinary, Mass Communications, and Product Design. Students can also earn college credits through Business, Education and Philosophy coursework in partnership with PCC and PSU.
