

What school will your child attend?

Determine or confirm the school your child should attend by using our district maps, found by going to www.pps.net/maps or calling 503-916-3205. Your child is guaranteed a spot at the school in the attendance area you live.

Attending other neighborhood schools

If you feel a different neighborhood school would better serve your child, you will have to fill out a petition to explain why. Petitions are accepted at any time during the year, but if you would like an early decision, please apply by March 8.

Decisions are based on the reasons for the request as well as available space. To learn more and download a petition form, go to www.pps.net/schoolchoice. You should also attend the open house of the school you want your child to attend, as well as the one for your neighborhood school.
