Kairos is Greek... for a special moment in time and we believe we are creating this time and space for children and families, making our Learning Academy a very special place. We believe that attacking systemic racism is essential to achieving our mission and we are passionate about being voices for change in our city. Families and staff collaborate as we work together on behalf of our children and families. We support the whole child: academically, socially, emotionally and culturally.

Ubuntu – It is to say, “My humanity is caught up, is inextricably bound up, in yours.” We belong in a bundle of life. We say, “A person is a person through other persons.”
~ Bishop Desmond Tutu

What is a Charter School? Charter Schools are public schools that are intended to provide innovative programs with specific educational philosophies. KairosPDX Learning Academy focuses on closing achievement and opportunity gaps for children of color.

What is the relationship between Charter Schools and PPS? PPS is the charter schools’ sponsor, and charter school students are also PPS students. KairosPDX teachers are responsible for covering the common core and our students participate in all district wide assessments.
