

Portland Public Schools
K-8 Parent/Student Survey 2021-2022

DATE: _____

This survey will provide valuable information to the teacher(s) as they determine how to best plan for instructional experiences in and out of the classroom. At parent-teacher conferences, your child's teacher(s) will discuss assessment information, differentiated strategies in the classroom, and explain how the use of those strategies will benefit your child's rate and level.

If you desire to meet with the teacher at any time before or after conferences, please phone or email them to make an appointment.

Student's Name		Parent/Guardian Name	
School Attending		Current Grade Level	
Homeroom/Core Teacher		School TAG Facilitator	

Student Response – Check all that Apply							
I like to work with others		I get bored easily		I am curious and investigative		I like to read non-fiction	
I like to work alone		I find many topics interesting		I like the company of older peers/adults		I like independent projects	
I get frustrated easily		I like complex unconventional ideas		I speak more than one language		I like to research and think about ideas	
I enjoy school		I have many interests and hobbies		I comprehend ideas very quickly		I stay on task and am diligent	
I ask "why" often		I ask lots of probing questions		I like to read fiction		I like to draw or create
