Average Daily Attendance (ADA) rate is calculated by dividing the total days of attendance (all days each student is present) by the total number of student days (membership days) offered by each school to these students over the entire school year.

Schools/programs showing no ADA submit ADM via instructional hours, therefore ADA is not shown.

NOTE: The data above is based on the entire school year and may be different than ADA used for Federal/State accountability, which is based on students present most of the school year and enrolled on May 1.
