October 2019 Enrollment Summaries are based on enrollment on October 1st as reported in the Period 1 Cumulative Average Daily Membership State Report and student information system (SIS). Students receiving Special Education services only who are not regularly attending, but are in the student information system (SIS), are excluded from the enrollment summaries.

Program type (i.e., elementary, middle, high, etc.) reflects the grade-span of the Schools in that particular year. Schools changing grade-spans and Program Types artificially inflate the Change calculations. See School Detail and Footnotes for more information about the specific Schools that changed. In recent years enrollment counts are compiled on or about the first school day of October. An enrolled student is defined as a student who attends one or more schools or programs within the District. Regardless of the number of schools or programs attended, each student is counted only once; the counts are unduplicated. Schools and programs that are no longer in operation are designated as "closed."
