Portland Public Schools

Free and Reduced-Price Meal Eligibility (2020-21 SY)

2020-2021

Enrollment shown is as of October 1st. Counts and percentage eligible for Free and Reduced Price Meals reflect data updates through November.

The federal government provides funds for student breakfasts through the National School Breakfast Program and lunches through the National School Lunch Program. While school breakfasts and lunches are available to all students at many sites, some students are eligible for either free or reduced-price meals on an individual basis.

High poverty schools are labeled Community Eligibility Provisioning (CEP) schools. Through CEP, the federal government provides free meals to all students, including students who would not normally qualify for free meals. At CEP schools all students eat for free and therefore paper applications are not collected. Head Start Pre-K is only available to students from low-income families, and all students are meal eligible.

Direct Certification status is determined by state agencies and shared electronically with school districts. Students or families qualify for Direct Certification through a number of avenues such as eligibility for SNAP or TANF, Migrant Ed, or foster care. Free Meal by Direct Certification % is the percent of total students who receive free meals through Direct Certification. This percentage excludes:

- students eligible for free meals by paper application (see below)

- students eligible for free meals because they are enrolled in a CEP school but are not Direct Certified by the state.

At non-CEP schools, a combination of paper applications and Direct Certification are used to identify who qualifies for free or reduced price meals.

The federal government provides free meals to families whose income is at or below 130% of the federal poverty level, according to information supplied voluntarily by families in paper applications. Paper applications are also used to identify families whose income is at or below 185% of the poverty level to whom the federal government provides reduced price meals.

Starting in 2015-16, the state of Oregon provides additional funding so all students living at 185% of poverty can eat for free.

The overall free and reduced price meal percentage shows who can eat for free. This metric is not comparable across schools. **Free Meal by Direct Certification % is the only comparable measure of economic hardship across all schools**, because CEP schools and Head Start do not collect paper applications.

For more information about CEP please see this website: <http://www.pps.net/Page/2088>

Federal income guidelines for 130% and 185% poverty for each school year can be found here: <https://www.fns.usda.gov/school-meals/income-eligibility-guidelines>.
