----------------	--	--------	--	--	--	--------	-------

This report shows how many students are eligible for free meals. The enrollment data is as of October 1st, whereas the counts and percentages of students eligible for free meals reflect updates through November.

The federal government reimburses the District at a set rate for breakfasts and lunches through the National School Breakfast Program and the National School Lunch Program, respectively. Breakfasts and lunches are available to all students at no cost at a site based on two reasons (See Note column):

1. Schools identified as Community Eligibility Provisioning (CEP) schools. Through CEP, the federal government provides meals at no charge to all students, including students who would not normally qualify for free or reduced meals. CEP was developed to reduce paperwork for families and decrease barriers to accessing school meals by using available data to determine the school community's eligibility for this provision; therefore paper applications are not collected or processed for CEP schools. For the 2024-25 school year, all schools and programs receiving service through the PPS Nutrition Services Department have been designated CEP.

2. Head Start is only available to students from low-income, qualifying families, and all students are eligible for free meals.

Free Meal by Direct Certification % is the percent of total students who receive free meals through Direct Certification. Direct Certification status is determined by state agencies and shared electronically with school districts. Students or families qualify for Direct Certification through a number of avenues such as eligibility for SNAP or TANF, Migrant Ed, McKinney Vento, or foster care.

Starting in 2023, Medicaid was added as another way for families to qualify for free meals in Oregon. Students who qualify for free meals via Medicaid are shown as Free Meal by Direct Certification.

# Portland Public Schools 2024-25 Free Meal Report

Schools and Programs served by the PPS Nutritional Services National School Lunch Program (NSLP):

Name	School Program	Total Oct. 2024 PK-12 Enrollment	Note	Free Meal by CEP		Free Meal by Direct Certification (DC)	
				#	%	#	%

The overall free meal percentage shows how many students can eat at no charge. This metric is not comparable across schools because paper applications are voluntary and CEP schools and Head Start do not collect paper applications. **Free Meal by Direct Certification % is the only comparable measure of economic hardship across schools.**
