## Enrollment Summary

### Enrollment by Program Type, October 2007

Elementary Schools	24,404
Middle Schools	5,665
High Schools	11,629
Selected Focus/Alternative Programs	1,432
Community Based Programs	1,342
Special Services	539
Public Charter Schools	1,077
Total Enrollment	46,088

### Enrollment by Grade, October 2007

Pre-Kindergarten	1,005
Kindergarten	3,803
Grade 1	3,760
Grade 2	3,629
Grade 3	3,545
Grade 4	3,460
Grade 5	3,376
Grade 6	3,354
Grade 7	3,369
Grade 8	3,143
Grade 9	3,356
Grade 10	3,323
Grade 11	3,341
Grade 12	3,571
Ungraded	53
Total Enrollment	46,088

### Enrollment by Ethnicity, October 2007

Asian/Pacific Islander	10.6%
African American	15.6%
Hispanic	13.9%
Native American	1.8%
White	54.9%
Multiple Ethnicities Specified	2.0%
Unspecified/Other	1.2%
Total Enrollment	100.0%

Counts from Student Database (eSIS) Extract. See attached tables for detailed data and definitions

## Enrollment Report Footnotes

Program type (i.e., elementary, middle, high, etc.) reflects the most recent administrative assignment. In recent years enrollment counts are compiled on or about the first of October. An enrolled student is defined as a student who attends one or more schools or programs within the District. Regardless of the number of schools or programs attended, each student is counted only once; the counts are unduplicated. Schools and programs that are no longer in operation are designated as 'closed'.  
Footnotes:

- (1) In the 2007-08 school year, Clarendon ES and Portsmouth MS merged to form a KG-8 school. Enrollment counts for years prior to 2007-08 for Clarendon consist of grades KG-5 only. Enrollment counts for Portsmouth prior to 2007-08 are contained in the MS section of this report. Similarly, Hollyrood ES and Fernwood MS merged to form a KG-8 school as did Rose City Park ES and Gregory Heights MS (renamed Roseway Heights).
  - (2) In 2007-08 school year, Kellogg MS was closed. Eighth grade students that would have been enrolled at Kellogg for the 2007-08 school year were enrolled at Franklin HS. Tubman MS was also closed and a new Young Women's Academy was opened on the Tubman campus as part of Jefferson High School.
  - (3) Transitioning to KG - 8.
  - (4) Day and Residential Treatment Programs (Long term care and treatment).
  - (5) No students enrolled for current school year.
  - (6) In the 2006-07 school year, Meek Professional Technical HS, Portland Night HS at Grant, Marshall Night HS, and Madison Focus (shown in Madison enrollment in prior years) merged to form Alliance High School.
  - (7) In the 2006-07 school year, Ockley Green converted from a Middle School to a KG-8, and Kellogg and Portsmouth no longer received sixth grade students.
  - (8) In the 2005-06 school year, two high schools located at the Marshall campus, Linus Pauling Academy and Portland Academy of International Studies, merged into one school renamed Pauling Academy of Integrated Sciences.
  - (9) Applegate, Edwards, Kenton, Richmond and Smith Elementary Schools were closed at the end of the 2004-05 school year. Whitaker Middle school was closed as well. Most elementary school-aged students residing in the Applegate neighborhood area went on to attend Woodlawn. Similarly, students residing in the Edwards neighborhood area went on to attend Abernethy, those at Kenton to Chief Joseph; those at Richmond to Abernethy, Creston or Glencoe; and those at Smith went on to Capitol Hill, Maplewood or Markham. Most middle school students residing in the Whitaker neighborhood area went on to attend Tubman. A new focus/option school
  - (10) In the 2004-05 school year, the Environmental Middle School combined with Sunnyside Elementary and was renamed as Sunnyside Environmental School. In addition, the Odyssey program and its students (formerly at Chapman Elementary) moved to Hayhurst Elementary. The Family Cooperative program (formerly at Sunnyside) moved to Bridger Elementary.
  - (11) Pioneer Schools consist of elementary, middle and high school programs. It was formerly known as ES B Program at Youngson, MS B Program at Foster and HS B Program at Columbia.
  - (12) As of the 2003-04 school year, enrollment summaries no longer include the following programs: Hospital Programs (Emanuel, Oregon Health Science University, Oregon State and Shriners Hospitals); M.E.S.D. Functional Living Skills; Portland Early Intervention Program (PeiP) and Columbia Regional Programs (Autism, Deaf and Hard of Hearing, Orthopedic and Vision Services). Administration of the Hospital Programs, Functional Living Skills and PeiP was transferred to Multnomah Education Service District (M.E.S.D.). Historically, enrollments reported for Columbia Regional Programs represent non-District students served by PPS staff on a part-time basis. For purposes of State reporting, membership (i.e., enrollment) for Columbia Regional Program students is reported by the resident District.
  - (13) Brooklyn and Meek Elementary Schools were closed at the end of the 2002-03 school year. Most students residing in the Brooklyn neighborhood area went on to attend Grout Elementary, while those residing in the Meek neighborhood area attended Vernon Elementary. Similarly, Wilcox and Youngson Elementary Schools were closed at the end of the 2001-02 school year. Most students residing in the Wilcox neighborhood area went on to attend Vestal Elementary, while those residing in the Youngson neighborhood area attended Bridger Elementary.
- Enrollment counts for the 2007-08 were derived from the eSIS Report 28-State Reporting (OR), Fall Membership.

2006-07 Average Daily Membership (ADM) and Attendance (ADA) summaries are based on a production download of ODE data on 23-Jul-07.

Average Daily Membership (ADM) represents the average number of students enrolled during the school year. ADM is calculated by dividing the sum of pupil/days offered (includes both days present and absent) by the total number of school days.

Average Daily Attendance rate is calculated by dividing the total number of pupil/days present by the total number of pupil/days offered by each school.

<b>Summary</b>	<b>3,484</b>	<b>7.9</b>	<b>40,004</b>	<b>91.2</b>	<b>43,872</b>

### Late Enrollee Ratio:

This is the percentage of students in a given school year who enrolled after October 1 compared to those who enrolled by October 1. The formula is  $A / B$ , where:

A = the number of students enrolled after October 1

B = the number of students enrolled by October 1

### Stability Index:

This is the percentage of students in a given school year who were enrolled at the same school through most of the school year compared to all students enrolled on October 1st. The formula used is  $A / B$ , where:

A = number of students enrolled in the same school through most of the school year

B = the number of students enrolled on October 1

Note: Stability changed starting in the 2004-05 School Year.

Prior to 2004-05, stability was determined by if a student was enrolled on both October 1 and June 1.

Beginning 2004-05, stability was determined instead based on a student being enrolled at least 145 days at a school, which is approximately 85% of the school year.

The revised method better accommodates non-standard school calendars, seniors who graduate (and quit attending) in May, and 'short' breaks in educational service.

The data above represent those students who received at least one suspension and/or one expulsion during the school year. Students may have had more than one discipline incident. Students who received at least one suspension and expulsion are counted in each category. The counts above do not represent total incidents that occurred during the school year.

**Caution should be exercised when comparing discipline data across schools and years. Although District policies and regulations increase consistency in addressing and reporting student discipline incidents, corrective action is based on an understanding of the individual student and ultimately determined by the best professional judgement of the administrator.**

<sup>1</sup> For most of the schools and programs reported here, October enrollments are representative of the total number of students served throughout the school year, and thus a reasonable basis for calculating suspension and expulsion rates. However, for Alliance HS, an alternative high school serving 16- to 21-year olds previously unsuccessful in traditional high school programs, the total number of students served during the school year may be as many as 2 to 3 times greater than October enrollments. Consequently, suspension and expulsion rates reported for Alliance HS should be viewed with caution.

See Profile definitions for descriptions of Budget Rank, School Budget Per Student, School Receives Title I, Free & Reduced, and Average Teacher Experience. Students Per FTE is total school enrollment divided by total school FTE (this does not include central FTE like custodians, Special Ed. and ESL). FTE shown in licensed equivalent for comparison purposes, where classified FTE (i.e., EAs and Secretaries) are half-weighted when added with licensed FTE (i.e., Teachers and Principals).

Neighborhood area (or attendance area) refers to the assigned geographic area (based on the grade) of a neighborhood school from which most of the student enrollment is drawn. Only PPS regular elementary, middle and high school programs have assigned attendance areas.

Focus/Alternative, Community-based Alternative and Special Services Administered programs do not have assigned geographic enrollment areas; rather these programs draw students from the entire District. For definitions of Neighborhood, Other PPS Neighborhood, Focus/Alternative, Community-based Alternative and Special Service see School Profile Definitions.

Starting the 2007-08 SY a boundary change took effect between: Laurelhurst, Irvington, Hollywood-Fernwood, and Ridgeway Heights.  
Alameda and Rose City Park  
Duniway and Llewellynn; Lewis and Duniway; Woodmere, Whitman and Lewis  
Lane and Sellwood; Marshall and Cleveland

Starting the 2006-07 SY a boundary change took effect between: Astor, Rosa Parks (formerly Ball), Clarendon  
Hayhurst and Reike  
Clark and Vestal, Marshall and Madison  
Lee, Rigler, Rose City Park and Scott

In the neighborhood area with a K-8 conversion, in general, the assigned neighborhood for the 6th, 7th and 8th grade will be the school converting to K-8 up to the highest grade offered.

Starting the 2005-06 SY, school closures are incorporated: Woodlawn includes the 2004 Applegate attendance area; Abernethy includes 2004 Edwards attendance area; Abernethy, Creston and Glencoe share the 2004 Richmond attendance area; the former Edwards and Richmond portions of Abernethy area became the Cleveland HS HS attendance area and no longer Franklin HS; Chief Joseph includes 2004 Kenton attendance area; Capitol Hill, Markham and Maplewood share the 2004 Smith attendance area; Tubman and Beaumont share the 2004 Whitaker attendance area.

Focus/Alternative programs that reside in a neighborhood school have been shown with the neighborhood school. These are Buckman, Sunnyside, Odyssey, Access, Ockley Green K-5, and Language Immersion programs. Alliance HS at Madison and Marshall (Formerly Madison Focus and Marshall Night HS) has enrollment shown in Alliance HS.

Alliance High School is comprised of Meek Professional Technical, Portland Night High School at Grant, Marshall Night High School and Madison Focus Program.

Neighborhood area (or attendance area) refers to the assigned geographic area (based on the grade) of a neighborhood school from which most of the student enrollment is drawn. Only PPS regular elementary, middle and high school programs have assigned attendance areas.

Starting the 2007-08 SY a boundary change took effect between: Laurelhurst, Irvington, Hollyrood-Fernwood, and Ridgeway Heights.

Alameda and Rose City Park

Duniway and Lilwellynn; Lewis and Duniway; Woodmere, Whitman and Lewis

Lane and Sellwood; Marshall and Cleveland

Starting the 2006-07 SY a boundary change took effect between: Astor, Rosa Parks (formerly Ball), Clarendon

Hayhurst and Reike

Clark and Vestal, Marshall and Madison

Lee, Rigler, Rose City Park and Scott

In the neighborhood area with a K-8 conversion, in general, the assigned neighborhood for the 6th, 7th and 8th grade will be the school converting to K-8 up to the highest grade offered.

Starting the 2005-06 SY, school closures are incorporated: Woodlawn includes the 2004 Applegate attendance area; Abernethy includes 2004 Edwards attendance area; Abernethy, Creston and Glencoe share the 2004 Richmond attendance area; the former Edwards and Richmond portions of Abernethy area became the Cleveland HS attendance area and no longer Franklin HS; Chief Joseph includes 2004 Kenton attendance area; Capitol Hill, Markham and Maplewood share the 2004 Smith attendance area; Tubman and Beaumont share the 2004 Whitaker attendance area.

Focus/Alternative programs that reside in a neighborhood school have been shown with the neighborhood school. These are Buckman, Sunnyside, Odyssey, Access, Ockley Green K-5, and Language Immersion programs. Alliance HS at Madison and Marshall (Formerly Madison Focus and Marshall Night HS) has enrollment shown in Alliance HS.

**Notes:**

Percentages rounded to the nearest percent; therefore may not add up to 100%. Free and Reduced Meal Percentages for Neighborhood based on individually flagged students.

Neighborhood area (or attendance area) refers to the assigned geographic area (based on the grade) of a neighborhood school from which most of the student enrollment is drawn. Only PPS regular elementary, middle and high school programs have assigned attendance areas.

Focus/Alternative, Community-based Alternative, Special Services and Charters do not have assigned geographic enrollment areas; rather these programs draw students from the entire District. For definitions of Neighborhood, Other PPS Neighborhood, Focus/Alternative, Community-based Alternative and Special Service see School Profile Definitions.

7.6%	1.8%	4.1%	0.3%	85.1%	0.6%	0.6%

### 3. NEIGHBORHOOD ATTENDANCE CHARACTERISTICS

Neighborhood PPS Student Population	431	
Attending Abernethy	263	61%
Other PPS Neighborhood Schools	39	9%
Special Programs/Focus Options	113	26%
PPS Charter Schools	16	4%
Special Services	0	0%
Community Based Alternatives	0	0%

## 4. EDUCATIONAL PROGRAMS

### Achievement - % Meeting or Exceeding Benchmarks

Year	3rd Grade		5th Grade	
	Reading	Math	Reading	Math
2005-2006	85.7%	94.5%	80.0%	78.3%
2006-2007	94.1%	88.2%	87.0%	89.9%

In March 2007, the State Board of Education adjusted the scores required to "meet standards." In order to allow for valid year -to- year comparisons, ODE also re-calculated the 2005-06 results using these new achievement standards. The results of this recalculation are shown above. Thus, these results do not match those shown in last year's profile for 2005-06.

For detailed achievement information go to: <http://www.pps.k12.or.us/depts-c/rne/results/>

For information about special programs and features see the school catalog: <http://cms9.pps.k12.or.us/.docs/pg/10676>

## 5. SCHOOL ENVIRONMENT

2006-2007	School	Comparable District Average

## 4. EDUCATIONAL PROGRAMS

### Achievement - % Meeting or Exceeding Benchmarks

Year	3rd Grade		5th Grade	
	Reading	Math	Reading	Math
2005-2006	94.6%	>95%	92.2%	89.6%
2006-2007	93.2%	77.3%	89.3%	83.5%

In March 2007, the State Board of Education adjusted the scores required to "meet standards." In order to allow for valid year -to- year comparisons, ODE also re-calculated the 2005-06 results using these new achievement standards. The results of this recalculation are shown above. Thus, these results do not match those shown in last year's profile for 2005-06.

For detailed achievement information go to: <http://www.pps.k12.or.us/depts-c/rne/results/>

For information about special programs and features see the school catalog: <http://cms9.pps.k12.or.us/.docs/pg/10676>

#### 7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Cliff Brush at 503.916.3356 or [cbrush@pps.k12.or.us](mailto:cbrush@pps.k12.or.us).

#### 7. COMMENTS/ISSUES

Beaumont is a traditional middle school, providing a high quality academic experience for a diverse population comprised of transfer students from north and northeast Portland as well as our feeder school, Alameda. Our students have made outstanding academic gains in the past few years and our staff is committed to helping all students reach their academic potential. At Beaumont we celebrate our diverse student body, where students from a variety of racial backgrounds learn and play together. The students in Unity Club, 7th and 8th graders explore issues related to racial, economic, and social differences and provide educational and fun activities for the student body designed to build cross-cultural understanding. Beaumont believes in celebrating our students who excel in academics and citizenship with end of quarter field trips for Backstage Pass, honor roll rewards, 4.0 lunches and that special 8th grade beach trip for exceeding academic goals. Community Service projects including collecting for the Humane Society and UNICEF, neighborhood clean-ups, and a hugely successful collection of food and money for the Food Bank. Beaumont cares for our students and our community.

## 7. COMMENTS/ISSUES

Chapman community continues to grow. Chapman serves the West Hills, River District, Pearl District, and Downtown Portland. Many developments are currently under construction in these areas and it is expected that this enrollment trend will continue over the next several years.

Chapman also hosts two special education classrooms that serve students from across the school district.

#### 7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Cliff Brush at 503.916.3356 or [cbrush@pps.k12.or.us](mailto:cbrush@pps.k12.or.us).

##### Achievement - % Meeting or Exceeding Benchmarks

Year	3rd Grade		5th Grade	
	Reading	Math	Reading	Math
2005-2006	>95%	>95%	94.4%	>95%
2006-2007	>95%	90.1%	93.5%	93.5%

In March 2007, the State Board of Education adjusted the scores required to "meet standards." In order to allow for valid year -to- year comparisons, ODE also re-calculated the 2005-06 results using these new achievement standards. The results of this recalculation are shown above. Thus, these results do not match those shown in last year's profile for 2005-06.

For detailed achievement information go to: <http://www.pps.k12.or.us/depts-c/rne/results/>

For information about special programs and features see the school catalog: <http://cms9.pps.k12.or.us/.docs/pg/10676>

## 4. EDUCATIONAL PROGRAMS

### Achievement - % Meeting or Exceeding Benchmarks

Year	3rd Grade		5th Grade		8th Grade	
	Reading	Math	Reading	Math	Reading	Math
2005-2006	75.6%	88.9%	82.7%	75.0%	>95%	88.9%
2006-2007	84.4%	77.8%	71.7%	77.4%	85.2%	81.5%

In March 2007, the State Board of Education adjusted the scores required to "meet standards." In order to allow for valid year -to- year comparisons, ODE also re-calculated the 2005-06 results using these new achievement standards. The results of this recalculation are shown above. Thus, these results do not match those shown in last year's profile for 2005-06.

For detailed achievement information go to: <http://www.pps.k12.or.us/depts-c/rne/results/>

For information about special programs and features see the school catalog: <http://cms9.pps.k12.or.us/.docs/pg/10676>

## 5. SCHOOL ENVIRONMENT

October 2007 Enrollment	Number of Classrooms	Density Index
329	22	15

## 6. ENROLLMENT INDICATORS

Student loss >5% since 2006 AND >15% since 2003?	No
Neighborhood students attending Hayhurst below 55%?	No
Building density index below 15?	No

## 7. COMMENTS/ISSUES

Effective during the 2006-2007 school year, a PPS boundary realignment moved a small area of the Hayhurst School attendance area to the Rieke School attendance area. Hayhurst School houses Hayhurst Neighborhood School, which is K-5 and the Odyssey Program at Hayhurst, which is K-8.

## 4. EDUCATIONAL PROGRAMS

### Achievement - % Meeting or Exceeding Benchmarks

Year	10th Grade	
	Reading	Math
2006-2007	38.2%	16.1%

In March 2007, the State Board of Education adjusted the scores required to "meet standards." In order to allow for valid year -to- year comparisons, ODE also re-calculated the 2005-06 results using these new achievement standards. The results of this recalculation are shown above. Thus, these results do not match those shown in last year's profile for 2005-06.

For detailed achievement information go to: <http://www.pps.k12.or.us/depts-c/rne/results/>

For information about special programs and features see the school catalog: <http://cms9.pps.k12.or.us/.docs/pg/10676>

## 7. COMMENTS/ISSUES

Lent is in the process of transition to a K-8 configuration. Sixth grade was added in 2006-07, 7th grade in 2007-08 and will be a complete K-8 School in 2008-09.

Lent has a Spanish/English dual language program in Kindergarten and 1st grade with a new grade added each successive year. Lent also offers art, music, dance, PE, library, and school counselor.

## 7. COMMENTS/ISSUES

Lewis is home to an elementary Life Skills Nursing classroom and also a primary Life Skills classroom. Our Life Skills Nursing students are medically fragile students, and both of our Life Skills classrooms students benefit from small class sizes and individualized instruction. In addition, Lewis is also home to a Multnomah County Early Childhood classroom which serves an additional 33 students who are not reflected in our K-5 enrollment.

#### 7. COMMENTS/ISSUES

Student Achievement gains on the Madison Campus for 10th grade student in the Spring of 2007 reflect a 6.6% increase in Reading, a 18.3% increase in Mathematics and a 31% increase in Writing. In Spring 2007, the Portland School Board made a decision to eliminate Title IA funding from the Madison Campus as a part of a reallocation of district Title IA funds. As a result of this decision, Madison High School will not be held accountable to Federal No Child Left Behind (NCLB) sanctions including priority transfer status for the 2008-2009 academic year.

##### Achievement - % Meeting or Exceeding Benchmarks

Year	3rd Grade		5th Grade	
	Reading	Math	Reading	Math
2005-2006	84.1%	84.1%	72.9%	75.4%
2006-2007	76.9%	78.8%	72.1%	67.2%

In March 2007, the State Board of Education adjusted the scores required to "meet standards." In order to allow for valid year -to- year comparisons, ODE also re-calculated the 2005-06 results using these new achievement standards. The results of this recalculation are shown above. Thus, these results do not match those shown in last year's profile for 2005-06.

For detailed achievement information go to: <http://www.pps.k12.or.us/depts-c/rne/results/>

For information about special programs and features see the school catalog: <http://cms9.pps.k12.or.us/.docs/pg/10676>

## 7. COMMENTS/ISSUES

Pauling Academy of Integrated Sciences was not in existence in 2003. Marshall High School was restructured into small autonomous high schools during the 04-05 school year.

During the 2004 school year our 12th grade population total appears inflated due to the inclusion of Marshall Night School enrollment. The Night School enrollment is now part of Alliance High School.

### 3. NEIGHBORHOOD ATTENDANCE CHARACTERISTICS

*Neighborhood attendance characteristics are not applicable to Portland Village School (Charter)*

#### 4. EDUCATIONAL PROGRAMS

##### Achievement - % Meeting or Exceeding Benchmarks

*Achievement scores only shown for 3rd, 5th, 8th and 10th grades.*

In March 2007, the State Board of Education adjusted the scores required to "meet standards." In order to allow for valid year -to- year comparisons, ODE also re-calculated the 2005-06 results using these new achievement standards. The results of this recalculation are shown above. Thus, these results do not match those shown in last year's profile for 2005-06.

For detailed achievement information go to: <http://www.pps.k12.or.us/depts-c/rne/results/>

For information about special programs and features see the school catalog: <http://cms9.pps.k12.or.us/.docs/pg/10676>

Student Suspensions		

October 2007 Enrollment	Number of Classrooms	Density Index
155		

#### 6. ENROLLMENT INDICATORS

Student loss >5% since 2006 AND >15% since 2003?	n/a
Neighborhood students attending Portland Village School (Charter) below 55%?	n/a
Building density index below 15?	

#### 7. COMMENTS/ISSUES

Opened September 2007. A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Cliff Brush at 503.916.3356 or [cbrush@pps.k12.or.us](mailto:cbrush@pps.k12.or.us).

## 7. COMMENTS/ISSUES

Rigler is currently a K-7 school. We have a Two-Way Spanish Immersion program in grades K-2 and will add 3rd grade in 2008. Rigler's vibrant community is rich in linguistic and cultural diversity. Rigler students benefit from a variety of specialized and differentiated instruction, much of it provided by specialists. Many enrichment activities are offered to students during the school day and after school through the SUN program.

#### 7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Cliff Brush at 503.916.3356 or [cbrush@pps.k12.or.us](mailto:cbrush@pps.k12.or.us).

#### 6. ENROLLMENT INDICATORS

Student loss >5% since 2006 AND >15% since 2003?	No
Neighborhood students attending Sitton below 55%?	Yes
Building density index below 15?	Yes

#### 7. COMMENTS/ISSUES

Sitton provides a continuum of services to meet the needs of all of our students. In addition to full day Kindergarten, strong general education classrooms, Title 1 support and a Learning Center, Sitton is home to two Special Education Life Skills Classrooms that serve students for Kindergarten through 5th grade.

#### 7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Cliff Brush at 503.916.3356 or [cbrush@pps.k12.or.us](mailto:cbrush@pps.k12.or.us).

## 7. COMMENTS/ISSUES

School not meeting Adequate Yearly Progress; however, school does not receive Title-I and therefore no sanctions apply. School had a new testing coordinator last year and this issue was due to 16 students not testing in math. That resulted in less than 95% (94.1%) participation. All academic areas showed Adequate Yearly Progress (AYP). However, if a school doesn't have 95% participation in all 3 areas tested, math, reading and writing, it cannot meet AYP. This issue has been addressed for 2007-2008 testing.

In order to allow for valid year -to- year comparisons, ODE also re-calculated the 2005-06 results using these new achievement standards. The results of this recalculation are shown above. Thus, these results do not match those shown in last year's profile for 2005-06.

For detailed achievement information go to: <http://www.pps.k12.or.us/depts-c/rne/results/>

For information about special programs and features see the school catalog: <http://cms9.pps.k12.or.us/.docs/pg/10676>

## 5. SCHOOL ENVIRONMENT

Student loss >5% since 2006 AND >15% since 2003?	No
Neighborhood students attending Woodstock below 55%?	No
Building density index below 15?	No

## 7. COMMENTS/ISSUES

The Mandarin Immersion Program is expanding. We currently have two kindergarten and two first grade classes. We will add an additional class each year until there are two classes at every grade level.

## 1. Budget and Staffing

School Budget Per Student – Dollars budgeted for current year at each school divided by the total enrollment at that school as of October. Funds included are general funds (personnel, supplies, operations); grant funds (including Federal grants such as Title 1-A), and special revenue funds (including tuition paid for fee-based full-day kindergarten, and funding of personnel through fundraising/donations). Capital expenditures and centrally budgeted functions such as utilities and custodial services are not included. (Source: PeopleSoft Financial System – Budget Office.)

Budget Rank (range) – Rank of this school's Budget per Student from highest (1) to lowest (number in range) within schools of similar level (e.g., **elementary - 27**: PK/K-5; PK/K-6 (if not clearly in transition to K-8); **multi-level - 31**: PK/K-8, PK/K-12, and schools in transition to PK/K-8); **middle school - 11**: 6-8 or 7-8; **high school - 15**: 6-12, 9-12.

Free & Reduced – Percentage of this school's students (as of October count), whose families meet the income qualification for Free or Reduced Price Meals under federal nutrition program guidelines. (Source: PPS Data and Policy Analysis; data developed by Nutrition Services)

School Receives Title I Funds? - Does this school qualify for federal Title 1 grant funding in the current year? Yes or No. To receive a dollar allocation under this grant, the school percentage of students qualifying for Free & Reduced Price Meals (see above) must be 40% or higher, for elementary and middle schools; 75% or higher for high schools. Current year qualification for federal Title 1 grants is based on Free & Reduced percentages from the prior year. (Source: PPS Title 1 Office.)

Special Education – Percentage of October enrollment at each school with records flagged indicating participation in Individualized Education Plans (IEP), that is, Special Education program students. (Source: eSIS Fall Membership Report)

English Language Learners – Percentage of October 2007 enrollment that are English Language Learners eligible for ESL/Bilingual Services based on a language other than English spoken in the home and a language proficiency assessment indicating limited English proficiency. (Source: ESL Department)

Talented and Gifted – Percentage of October 2007 enrollment that have been identified as academically talented or creatively gifted as measured by Talented and/or Gifted Program criteria. (Source: eSIS Membership Report)

Licensed FTE Allocation – An **FTE** (Full Time Equivalent) is defined as a regular staff (administrative, licensed, or classified) position scheduled to work eight hours

per day. FTE does not count people, but positions. Two individuals who each work half time (4 hours per day) equal 1.0 FTE.

A **Licensed** FTE refers to certified staff such as teachers, counselors, media specialists, psychologists, social workers, nurses, athletic trainers, occupational speech, and physical therapists. For **allocation** purposes, licensed equivalents are used for comparison purposes. For this calculation, two (2) classified FTE is equivalent to one (1) licensed FTE. Allocations are shown as licensed equivalent so that comparisons can be made across schools. Since principals choose different balances between teachers (licensed) and educational assistants (classified), a common measure – FTE in licensed equivalents is applied to allocate and compare resources across schools.

General Fund Staffing Allocations are based on each school's average enrollment – Average Daily Membership, adjusted for projected demographic trends, and school reconfigurations. General Fund allocations were divided into three categories –

Administrative Support FTE provides for Principal/Assistant Principals and Secretaries, and Counselors (depending on type and size of school);

Ratio FTE based on a student to teacher ratio that varies by school level (elementary schools and multilevel schools 23.5:1; middle schools 23.5:1; and high schools 22.7:1);

SES FTE a socio-Economic Status Factor by which five percent of the FTE allocation is determined as an increasing function the percentage of students at each school who are eligible for Free or Reduced Price Meals under federal nutrition service program guidelines.

Additional allocations shown as One Time Adjustments were made based on special circumstances or particular need. These include FTE allocations designated by the Office of Schools to facilitate reconfiguration and to deal with other special circumstances.

These first several categories are funded by general funds of the district. The remainder of the staffing information shown represents positions funded by Grant and Special Revenue sources that have special purposes and restrictions on use.

Title 1 shows the amount of staff (in licensed equivalents) that were purchased with a school's federal Title 1 grant allocation. Within some general constraints, each school decides the proportion of its grant that is spent on staffing. This space will be blank if the school did not qualify for Title 1 funding.

Foundation and Fee-For-Service K shows the number of licensed equivalent FTE purchased by the school using local funding raising and donations (foundation) and fees paid by parents for Full Day Kindergarten programs. Note: These FTE are determined on a school basis and are not part of general fund allocations.

Other Grants is the number of FTE provided through grants other than Title 1. These might include state, federal or private grants obtained by the district or school for specific programs.

(Source: Budget Office.)

## 2. Enrollment Characteristics

Enrollment – Enrollment counts include students enrolled in Portland Public Schools. Counts were compiled on the first school day in October of each year. An enrolled student is defined as a student who attends one or more schools or programs within the District. Regardless of the number of schools or programs attended, each student is counted only once; the counts are unduplicated.

(Source: eSIS's Membership Report).

PK – Pre Kindergarten students, K – Kindergarten students, 1 through 12 – first through twelfth grade, N/A – grade not available, or students not assigned a grade.

Projected Enrollment in 2011 (K-12) – Enrollment projection for students Kindergarten through twelfth grade developed by Population Research Center, College of Urban and Public Affairs, Portland State University. (Note that enrollments for 2003-2007 shown above may include Pre-K students and thus must be adjusted for comparisons.)

(Source: Portland Public Schools Enrollment Forecast 2007-08 to 2015-16, Prepared by PSU Population Research Center, August 2007.)

Racial/Ethnic Background - Percentage of various racial/ethnic backgrounds as reported in October 2007 enrollment counts. (Source: eSIS Membership Report).

## 3. Neighborhood Attendance Characteristics

Neighborhood PPS Student Population - Number of Portland Public School students who reside in the neighborhood boundary surrounding the school being profiled. The breakdown below describes by category where the PPS students who live in the neighborhood attend school. (Note: This number does not include students who live in the area but who attend private schools, are home-schooled, attend school in other school districts, or who do not attend school.)

Some special focus schools do not have a neighborhood boundary since they draw students from many areas of the District. This section is not applicable to schools lacking neighborhood boundaries.

Attending (*Name of School in this Profile*) – Number and percentage of neighborhood student population defined above that attend their neighborhood school. The percentage of neighborhood students attending their own neighborhood school is sometimes referred to as the school's *capture rate*. Head Start Early Childhood Education is excluded from the neighborhood calculation, since its inclusion would tend to lower the capture rate at and near the limited number of schools at which the program operates.

Other PPS Neighborhood Schools - Number and percentage of neighborhood student population attending a neighborhood school other than the school in this profile.

Selected Special Programs/Focus Options – Number and percentage of neighborhood student population attending one of the schools or programs listed below that because of their design draw students districtwide: Benson High School, Richmond Elementary (Japanese Immersion), Winterhaven, Alliance High School, daVinci Middle School, Metropolitan Learning Center, Native Montessori Program, Portland Evening H.S., ACCESS program at Sabin Elementary, Odyssey Program at Hayhurst.

Additional Focus Option programs have been identified for the 2007-08 SY: Buckman Arts Focus School, Creative Science School Program located at Bridger, Ockley Green K-5 Arts, and Sunnyside Environmental School.

Additional Language Immersion Programs located in neighborhood schools have been identified for 2007-08 SY:

Japanese Immersion programs at Mt. Tabor and Cleveland; Mandarin Immersion programs at Woodstock, Hosford and Cleveland; Russian Immersion program at Kelly; Spanish Immersion programs located at Ainsworth, Atkinson, Beach, Bridger, Clarendon, Cleveland, Hosford, Lent, Lincoln, Rigler and West Sylvan. Not all special focus programs at high schools are included here due to shortcomings of the data.

When a neighborhood student attends a special program/focus option that is located at their neighborhood school, they are counted as attending their neighborhood school. For example, if a Hayhurst neighborhood student attends Odyssey program at Hayhurst, they are counted as attending Hayhurst rather than as attending a special program/focus option. This assumption is applied to Odyssey at Hayhurst and ACCESS at Sabin, Buckman Arts, Sunnyside

Environmental School, as well as Language Immersion programs located in Neighborhood Schools.

Neighborhood calculations for Roosevelt and Marshall campuses are at the campus rather than the small school level.

PPS Charter Schools – Number and percentage of the neighborhood student population attending one of the District Charter schools: Arthur Academy, CM2's Opal School, Emerson Public Charter, Leadership and Entrepreneurship High School, Portland Village School, Self Enhancement Academy or Trillium Public Charter.

Special Services – Number and percentage of the neighborhood student population attending special education administered programs not in schools, day and residential treatment, and other special services.

Community Based Alternative Programs – Number and percentage of the neighborhood student population attending contract based alternative programs such as Albina Youth Opportunity School, DePaul Center, LISTOS, Mt. Scott Park Center for Learning, NAYA Early College Academy, New Avenues for Youth, Open Meadow, various PCC programs, Quest Schools, POIC, YouthBuilders, and others.

#### 4. Educational Programs

Achievement Scores – Percent Meeting or Exceeding Benchmarks

Two year history for Reading and Math test results for third, fifth, eighth and tenth grades as compiled in Portland Public Schools Research and Evaluation/Adequate Yearly Progress Reports. The scores for determining which students meet standards changed in 2006-07. The change made it harder for elementary students to meet/exceed standards, easier at high schools, and about the same for middle schools students. In order that comparisons between years are made on a consistent basis, the scores shown for 2005-06 are recalibrated using the 2006-07 standards. In other words, the scores shown for 2005-06 were recalculated to show what they would have been had the new standards been applied in that year. As a result, the percentage meeting and exceed for 2005-06 may be different from the percentages shown in last year's Enrollment Profiles. <http://www.pps.k12.or.us/depts-c/rne/results/2007/>

Programs Offered - web link to School Catalog for description of programs offered and special features of school. <http://159.191.14.139/docs/pg/10676>

## 5. School Environment

This section contains several measures new to the Enrollment Profiles this year. These statistical measures summarize important indicators of factors that make up the school environment. In each case two measures are shown: a measure of the school profiled and an average on this same measure across all schools in the relevant group. Thus each elementary school (PK/K-5) is compared to the average comprised of all elementary schools, each Multi-level school PK/K-8 or K-12 school is compared to the average across Multi level schools, each Middle School (6-8), against the Middle School average, and High Schools (9-12, 6-12) against the High School average. In the first year of a school merger (elementary and middle to form a K-8), the data for the elementary school are shown and compared with the elementary average. These are calculated on an annual basis and thus the numbers shown are for the 2006-07 school year.

Highly Qualified Teaching Assignments. Under federal government legislation associated with the No Child Left Behind Act (NCLB), public school teachers must meet a set of standards associated with the level and type of subjects that they teach. The numbers shown indicate the percentage of core academic subject teaching assignments taught by highly qualified teachers at each school and a district average for similar schools. NCLB defines core academic subjects as English, Reading or Language Arts, Mathematics, Science, some World Languages (French, German, Spanish, Russian, Latin and Japanese), Social Studies, and the Arts.

Teacher Experience. This is the average number of years of teaching experience of teachers at each school and the average of similar schools in the District. Average years are weighted by the full time equivalent for each teacher. Thus a half-time teacher would be half-weighted in the calculation.

Staff Attendance Rate. This measure is not available at this time. However, it is being developed and will represent an average attendance rate computed in a manner similar to the Average Daily Student Attendance described below.

Average Daily Attendance. This number, derived from individual student data indicates the percentage of enrolled students who were present (in attendance) averaged across all school days during the school year. The Comparable District Average is the Average Daily Attendance for all schools in the comparable category (elementary, multi-level (PK/K-8, PK/K-12), Middle School or High School).

Average Class Size. This statistic for each school reflects the average number of students in homeroom or self contained classrooms (generally grades K-5, but sometimes also 6-8); or, for higher grades, on the average number of students in

classes defined as “core” subjects by NCLB (see Highly Qualified for listing of subjects).

Stability Index. This is a measure of students who are enrolled for at least 145 days of the school year (approximately 175 days) divided by the official October enrollment count. Students who are not enrolled for the full year include those students who enroll after the start of the school year, students who leave before the end of the school year, and students who are enrolled sporadically. Those schools with results closer to 100% are likely to have a more stable student population than those with a lower percentage. Another measure (not shown in the school Environment section, but shown in the summary tables in the District Summary section of this publication) identifies the amount of student mobility there is in a school, by calculating a *Late Enrollee Ratio*, which measures how many students arrive after the first day in October.

Student Expulsions. Number of students expelled during the school year as a percentage of October enrollment. The comparable district average is based on average expulsions for the school type as described above.

Student Suspensions. Number of students suspended from school during the school year as a percent of October enrollment. If one student were to be suspended more than one time, the count would not be duplicated. The comparable district average is based on the average suspensions for the school type as described above.

## 6. Enrollment Indicators

These calculations are indicators that additional data and further review of the school may be needed.

Declining Enrollment. Student loss  $\geq 5\%$  since 2006 AND  $\geq 15\%$  since 2003? Yes if enrollment has declined by 5% or more compared to the prior year, accompanied by an enrollment decline of 15% or more over the past four years. No if enrollment has not met these conditions.

Neighborhood Capture Rate. Yes if the number of neighborhood students attending this school is less than 55% of Portland Public schools students who live within this school’s neighborhood boundaries. No if 55% or more of neighborhood students attend this school.

Density Index. October 2007 Enrollment divided by Number of Classrooms. This is intended as an indicator of the classroom capacity of the building compared to the number of students using the physical space. A high number could indicate crowding; a low number might indicate potential excess capacity. This index is a broad indicator of capacity, and must be considered in light of actual space usage

for special education classes, computer labs, Head Start classrooms, ESL and Title 1.

Number of Classrooms. Actual number of “potential” classroom space in a school including classrooms housing standard education programs, other district programs, outside programs/partnerships, Special Education classes, English Language Learner classes, and vacant rooms. Generally this number is greater than the number of rooms used for standard classroom purposes. (Prepared by PPS Facilities and Asset Management, Classroom Use Survey, December 2004.)

Building Density Index. Yes if the school’s enrollment divided by the number of classrooms is less than 15. No if the school’s enrollment divided by the number of classrooms is 15 or greater.

## **7. Comments/Issues**

This section is intended for comments or mitigating factors with respect to the enrollment indicators (shown above) or for clarification of other data presented. This section is to be completed by the Principal and/or Area Director. It may be left blank.
