Portland Public Schools

Enrollment Summary

Enrollment by Program Type, October 2008

Elementary Schools	25,124
Middle Schools	5,252
High Schools	11,033
Selected Focus/Alternative Programs	1,587
Community Based Programs	1,282
Special Services	522
Public Charter Schools	1,246
Total Enrollment	46,046

Enrollment by Grade, October 2008

Pre-Kindergarten	1,022
Kindergarten	3,951
Grade 1	3,825
Grade 2	3,739
Grade 3	3,598
Grade 4	3,528
Grade 5	3,412
Grade 6	3,250
Grade 7	3,295
Grade 8	3,335
Grade 9	3,147
Grade 10	3,316
Grade 11	3,244
Grade 12	3,384
Total Enrollment	46,046

Enrollment by Ethnicity, October 2008

Asian/Pacific Islander	10.5%
African American	15.0%
Hispanic	13.7%
Native American	1.7%
White	54.5%
Multiple Ethnicities Specified	3.3%
Unspecified/Other	1.4%
Total Enrollment	100.0%

Counts from Student Database (eSIS) Extract. See attached tables for detailed data and definitions

Enrollment Report Footnotes

Program type (i.e., elementary, middle, high, etc.) reflects the most recent administrative assignment. In recent years enrollment counts are compiled on or about the first of October. An enrolled student is defined as a student who attends one or more schools or programs within the District. Regardless of the number of schools or programs attended, each student is counted only once; the counts are unduplicated. Schools and programs that are no longer in operation are designated as 'closed'.

Footnotes:

- (1) For the 2008-09 school year, Binnsmead closed and Clark moved from the Clark site into the Binnsmead site. The Creative Science School Program (CSSP) expanded and moved from Bridger Elementary to the Clark site.
- (2) The ACCESS Program is located at Sabin site but is a district-wide alternative education program drawing students district wide. Starting in 2008-09 the enrollment for ACCESS has been separated from Sabin elementary
- (3) For the 2008-09 school year, Scott and Rigler will remain K-7 schools. Students that matriculated from 7th to 8th grade will attend the Madison 8th grade academy.
- (4) For the 2007-08 school year, Clarendon ES and Portsmouth MS merged to form a KG-8 school. Enrollment counts for years prior to 2007-08 for Clarendon consist of grades KG-5 only. Enrollment counts for Portsmouth prior to 2007-08 are contained in the MS section of this report. Similarly, Hollyrood ES and Fernwood MS merged to form a KG-8 school (renamed Beverly Cleary) as did Rose City Park ES and Gregory Heights MS (renamed Roseway Heights).
- (5) For the 2007-08 school year, Kellogg MS was closed. Eighth grade students that would have been enrolled at Kellogg for the 2007-08 school year were enrolled at Franklin HS. Tubman MS was also closed and a new Young Women's Academy was opened on the Tubman campus as part of Jefferson High School.
- (6) Transitioning or recently transitioned to KG - 8.
- (7) Day and Residential Treatment Programs (Long term care and treatment).
- (8) No students enrolled for current school year.
- (9) For the 2006-07 school year, Meek Professional Technical HS, Portland Night HS at Grant, Marshall Night HS, and Madison Focus (shown in Madison enrollment in prior years) merged to form Alliance High School.
- (10) For the 2006-07 school year, Ockley Green converted from a Middle School to a KG-8, and Kellogg and Portsmouth no longer received sixth grade students.
- (11) For the 2005-06 school year, two high schools located at the Marshall campus, Linus Pauling Academy and Portland Academy of International Studies, merged into one school renamed Pauling Academy of Integrated Sciences.
- (12) Applegate, Edwards, Kenton, Richmond and Smith Elementary Schools were closed at the end of the 2004-05 school year. Whitaker Middle school was closed as well. Most elementary school-aged students residing in the Applegate neighborhood area went on to attend Woodlawn. Similarly, students residing in the Edwards neighborhood area went on to attend Abernethy, those at Kenton to Chief Joseph; those at Richmond to Abernethy, Creston or Glencoe; and those at Smith went on to Capitol Hill, Maplewood or Markham. Most middle school students residing in the Whitaker neighborhood area went on to attend Tubman. A new focus/option school was established at the Richmond ES site.
- (13) For the 2004-05 school year, the Environmental Middle School combined with Sunnyside Elementary and was renamed as Sunnyside Environmental School. In addition, the Odyssey program and its students (formerly at Chapman Elementary) moved to Hayhurst Elementary. The Family Cooperative program (formerly at Sunnyside) moved to Bridger Elementary.
- (14) Pioneer Schools consist of elementary, middle and high school programs. It was formerly known as ES B Program at Youngson, MS B Program at Foster and HS B Program at Columbia.
- (15) As of the 2003-04 school year, enrollment summaries no longer include the following programs: Hospital Programs (Emanuel, Oregon Health Science University, Oregon State and Shriners Hospitals); M.E.S.D. Functional Living Skills; Portland Early Intervention Program (PeiP) and Columbia Regional Programs (Autism, Deaf and Hard of Hearing, Orthopedic and Vision Services). Administration of the Hospital Programs, Functional Living Skills and PeiP was transferred to Multnomah Education Service District (M.E.S.D.). Historically, enrollments reported for Columbia Regional Programs represent non-District students served by PPS staff on a part-time basis. For purposes of State reporting, membership (i.e., enrollment) the Columbia Regional Program students are reported by the resident District.
- (16) Brooklyn and Meek Elementary Schools were closed at the end of the 2002-03 school year. Most students residing in the Brooklyn neighborhood area went on to attend Grout Elementary, while those residing in the Meek neighborhood area attended Vernon Elementary. Similarly, Wilcox and Youngson Elementary Schools were closed at the end of the 2001-02 school year. Most students residing in the Wilcox neighborhood area went on to attend Vestal Elementary, while those residing in the Youngson neighborhood area attended Bridger Elementary.

Enrollment counts for the 2008-09 were derived from the eSIS Report 28-State Reporting (OR), Spring Membership, effective 10/01/2008.

See Profile definitions for descriptions of Budget Rank, School Budget Per Student, School Receives Title I , Free & Reduced, and Average Teacher Experience. Students Per FTE is total school enrollment divided by total school FTE (this does not include central FTE like custodians, Special Ed. and ESL). FTE shown in licensed equivalent for comparison purposes, where classified FTE (i.e., EAs and Secretaries) are half-weighted when added with licensed FTE (i.e., Teachers and Principals).

Notes

Classes taught by Special Education and ESL teachers are excluded from this calculation. Certain classes with questionable data are also excluded.

Data were extracted from eSIS and Staffing Management Tool (SMT) on December 3, 2008. Students were matched with teachers, course codes, period of the day, and room assignments

Title-I is a federally funded program seeking the improvement of the academic achievement of the disadvantaged. Portland Public Schools allocates these funds to schools with Free and Reduced Price Meal (F&RM) eligibility percent greater than 40% for PK-8 and greater than 75% for High Schools.

Class sizes in this snapshot include courses in addition to core courses, as of December 3, 2008. As a result these class size averages differ from 2007-08 SY class sizes shown on individual school profiles.

Average Daily Membership (ADM) represents the average number of students enrolled during the school year. ADM is calculated by dividing the sum of pupil/days offered (includes both days present and absent) by the total number of school days.

Average Daily Attendance rate is calculated by dividing the total number of pupil/days present by the total number of pupil/days offered by each school.

Late Enrollee Ratio:

This is the percentage of students in a given school year who enrolled after October 1 compared to those who enrolled by October 1. The formula is A / B , where:

A = the number of students enrolled after October 1

B = the number of students enrolled by October 1

Stability Index:

This is the percentage of students in a given school year who were enrolled at the same school through most of the school year compared to all students enrolled on October 1st. The formula used is A / B , where:

A = number of students enrolled in the same school through most of the school year

B = the number of students enrolled on October 1

Note: Stability changed starting in the 2004-05 School Year.

Prior to 2004-05, stability was determined by if a student was enrolled on both October 1 and June 1.

Beginning 2004-05, stability was determined instead based on a student being enrolled at least 145 days at a school, which is approximately 85% of the school year.

The revised method better accommodates non-standard school calendars, seniors who graduate (and quit attending) in May, and 'short' breaks in educational service.

District Summary	3,524	8%	3,072	7%	110	0%	43,749

Students may incur more than one referral, i.e., out-of-school suspension (exclusion from school for at least one but not more than 10 days), expulsion or removal. Counts of students referred are unduplicated within a school; each student is counted only once in the total, but may be counted in multiple categories, i.e., a student received two in-school suspensions and one out of school suspension will be counted once in the in-school suspension category and once in the out of school category.

Total Incidents are the total Incidents reported to the Oregon Department of Education, where the action was taken was a Expulsion, Suspension in school, Suspension out of school, or Removal. Each incident is counted once counted by the highest action reported. Students and incidents with Low level Interventions and Delayed Expulsions not shown.

Caution should be exercised when comparing discipline data across schools and years.

Although District policies and regulations increase consistency in addressing and reporting student discipline incidents, corrective action is based on an understanding of the individual student and ultimately determined by the best professional judgment of the administrator.

Additionally, comparison with prior years is especially difficult as the discipline incidents reported to the ODE have changed.

¹ For most of the schools and programs reported here, October enrollments are representative of the total number of students served throughout the school year, and thus a reasonable basis for calculating suspension and expulsion rates. However, for Alliance HS, an alternative high school serving 16- to 21-year olds previously unsuccessful in traditional high school programs, the total number of students served during the school year may be as many as 2 to 3 times greater than October enrollments. Consequently, suspension and expulsion rates reported for Alliance HS should be viewed with caution. Pioneer Programs, similarly take students throughout the school year, therefore October Enrollment is not a good representation of the total students served.

Neighborhood area (or attendance area) refers to the assigned geographic area (based on the grade) of a neighborhood school from which most of the student enrollment is drawn. Only PPS regular elementary, middle and high school programs have assigned attendance areas.

Focus/Alternative, Community-based Alternative and Special Services Administered programs do not have assigned geographic enrollment areas; rather these programs draw students from the entire District. For definitions of Neighborhood, Other PPS Neighborhood, Focus/Alternative, Community-based Alternative and Special Service see School Profile Definitions.

Starting the 2007-08 SY a boundary change took effect between: Laurelhurst, Irvington, Hollyrood-Fernwood, and Ridgeway Heights.

Alameda and Rose City Park

Duniway and Llwellynn; Lewis and Duniway; Woodmere, Whitman and Lewis

Lane and Sellwood; Marshall and Cleveland

Starting the 2006-07 SY a boundary change took effect between: Astor, Rosa Parks (formerly Ball), Clarendon

Hayhurst and Reike

Clark and Vestal, Marshall and Madison

Lee, Rigler, Rose City Park and Scott

In the neighborhood area with a K-8 conversion, in general, the assigned neighborhood for the 6th, 7th and 8th grade will be the school converting to K-8 up to the highest grade offered.

Starting the 2005-06 SY, school closures are incorporated: Woodlawn includes the 2004 Applegate attendance area; Abernethy includes 2004 Edwards attendance area; Abernethy, Creston and Glencoe share the 2004 Richmond attendance area; the former Edwards and Richmond portions of Abernethy area became the Cleveland HS HS attendance area and no longer Franklin HS; Chief Joseph includes 2004 Kenton attendance area; Capitol Hill, Markham and Maplewood share the 2004 Smith attendance area; Tubman and Beaumont share the 2004 Whitaker attendance area.

Focus/Alternative programs that reside in a neighborhood school have been shown with the neighborhood school. These are Buckman, Sunnyside, Odyssey, Access, Ockley Green K-5, and Language Immersion programs. Alliance HS at Madison and Marshall (Formerly Madison Focus and Marshall Night HS) has enrollment shown in Alliance HS.

Alliance High School is comprised of Meek Professional Technical, Portland Night High School at Grant, Marshall Night High School and Madison Focus Program.

Notes:

Percentages rounded to the nearest percent, therefore may not add up to 100%. Free and Reduced Meal Percentages for Neighborhood based on individually flagged students.

Neighborhood area (or attendance area) refers to the assigned geographic area (based on the grade) of a neighborhood school from which most of the student enrollment is drawn. Only PPS regular elementary, middle and high school programs have assigned attendance areas. Focus Option, PPS Alternative, Community-based Alternative, Special Services and Charters do not have assigned geographic enrollment areas; rather these programs draw students from the entire District. For definitions of Neighborhood, Other PPS Neighborhood, Focus/Alternative, Community-based Alternative and Special Services and Charters see School Profile Definitions. PPS Alternatives here are: Alliance HS, Head Start PK, Metro Learning Center, and Native Montessori.

PPS K-12 Ethnicity by Student Residence

Residence of students enrolled October 1, 2008.

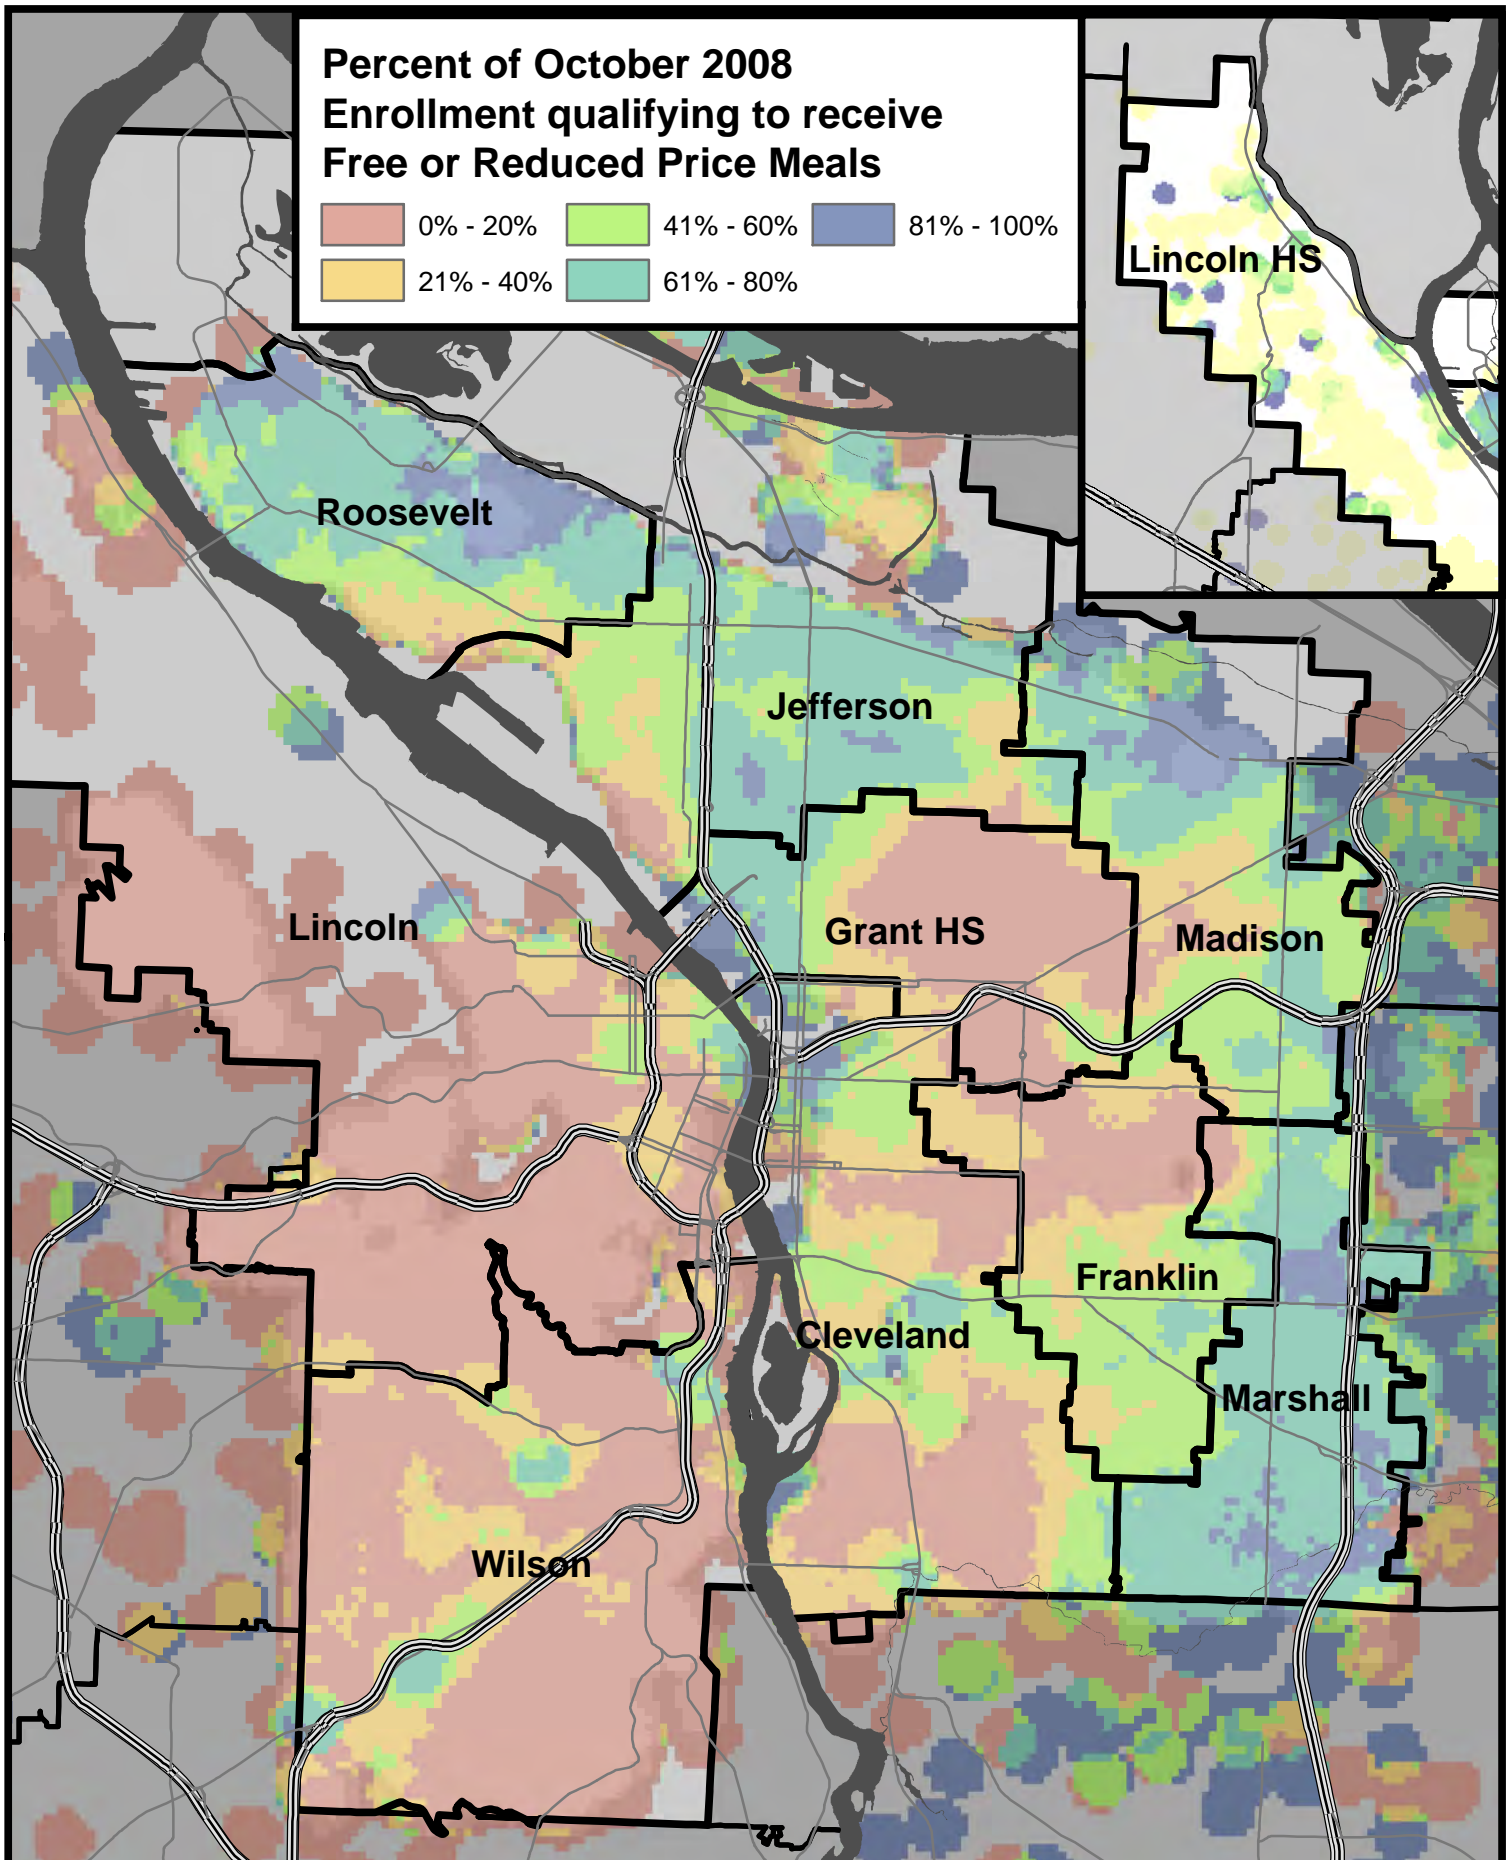

Many points would overlap, which was accounted for by only showing the majority group for each area.

PPS K-12 Ethnicity Percent by Student Residence

Ethnicity Data based on October 1, 2008 K-12 Enrollment. Darker areas represent out of district or areas with few students.

PPS K-12 Socio-economic Status

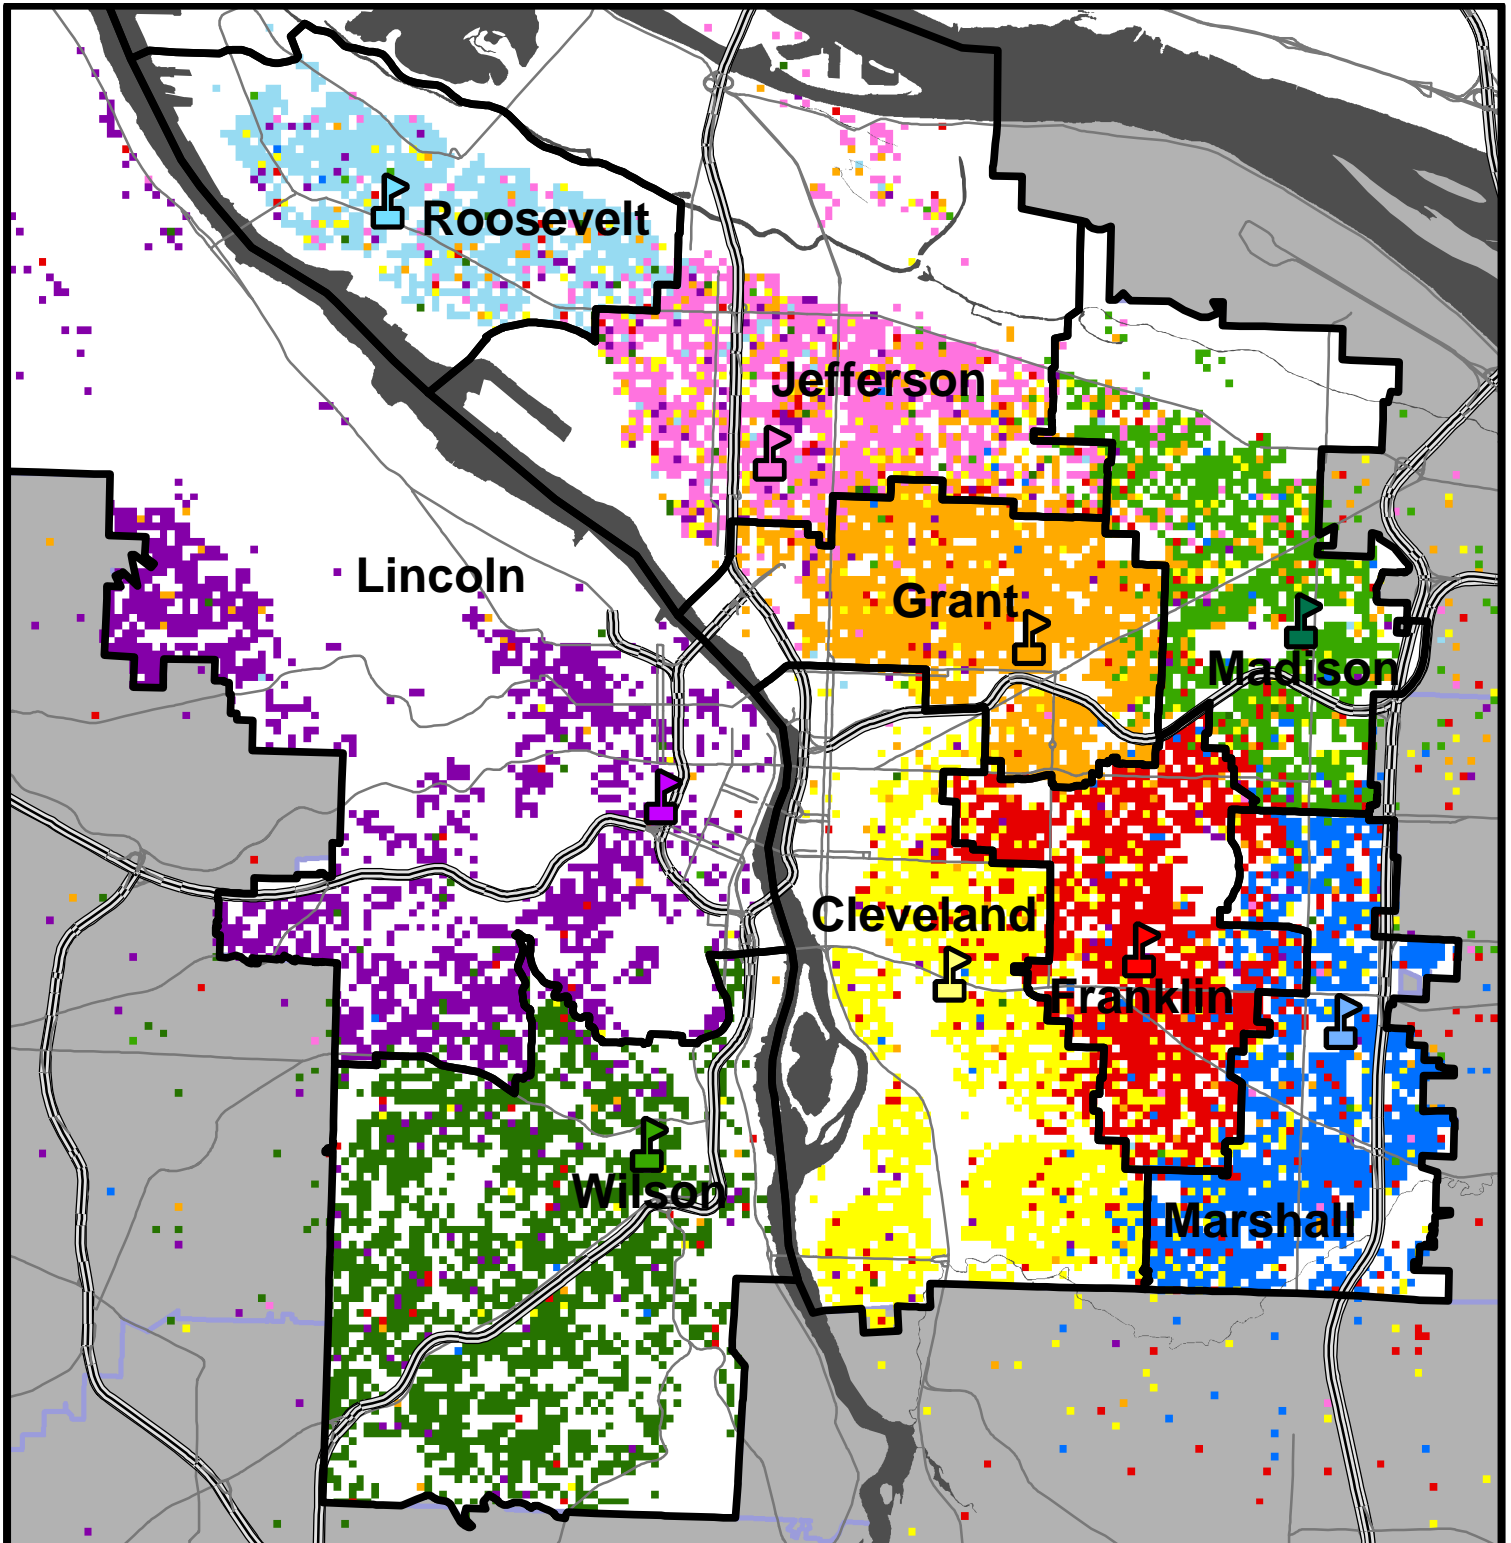

Percentages displayed are averaged across student addresses. Darker colors represent areas with fewer students.

PPS K-12 Enrollment by High School Area

Each colored point represents student locations with the color associated with the HS Area of the school that they attend and the location of the point associated with the student's residence.

Non-Neighborhood Focus Options have been assigned HS Areas as follows: Creative Science to Marshall, ACCESS (gr.1-8) to Grant, Benson to the Cleveland Area, da Vinci to the Grant Area, Winterhaven to the Cleveland Area, Richmond to the Franklin Area and Metro Learning Center to the Lincoln Area. Students attending a certain non-neighborhood schools are not assigned to a HS Area [and are not shown below], these schools are PPS Charters, Special Services, Community Based Alternatives or other PPS programs (Head Start, Native Montessori Program, and Alliance High School).

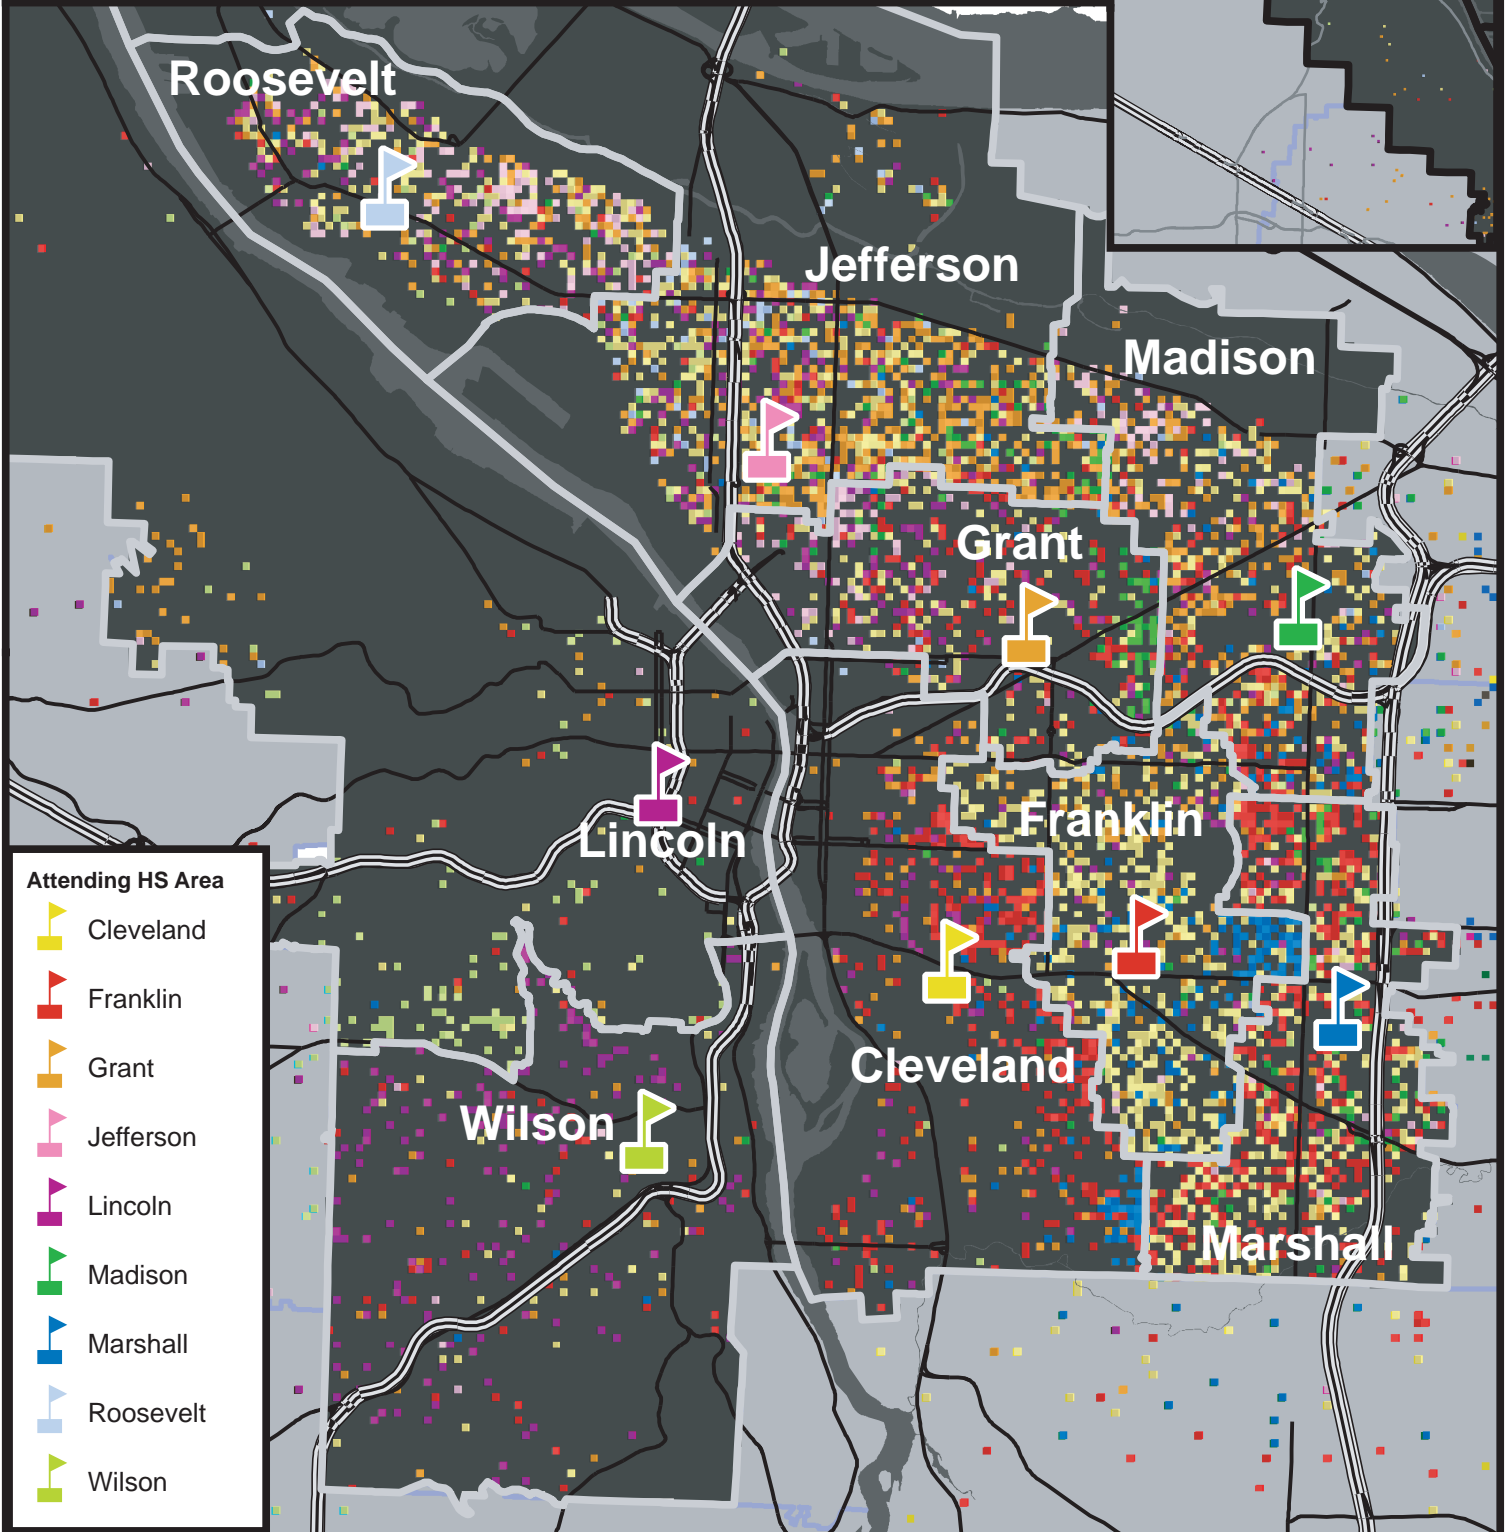

Points represent October 1, 2008 Enrollment in standard Portland Public Schools. Part of the Lincoln Area (Skyline) not shown. Many points would overlap, which was accounted for by only showing the majority attending HS Area group.

PPS K-12 Enrollment in other HS Areas

Each colored point represents student locations with the color associated with the area of the school that they attend and the location of the point associated with the student's residence.

Only students attending a school outside their HS Area are shown below.

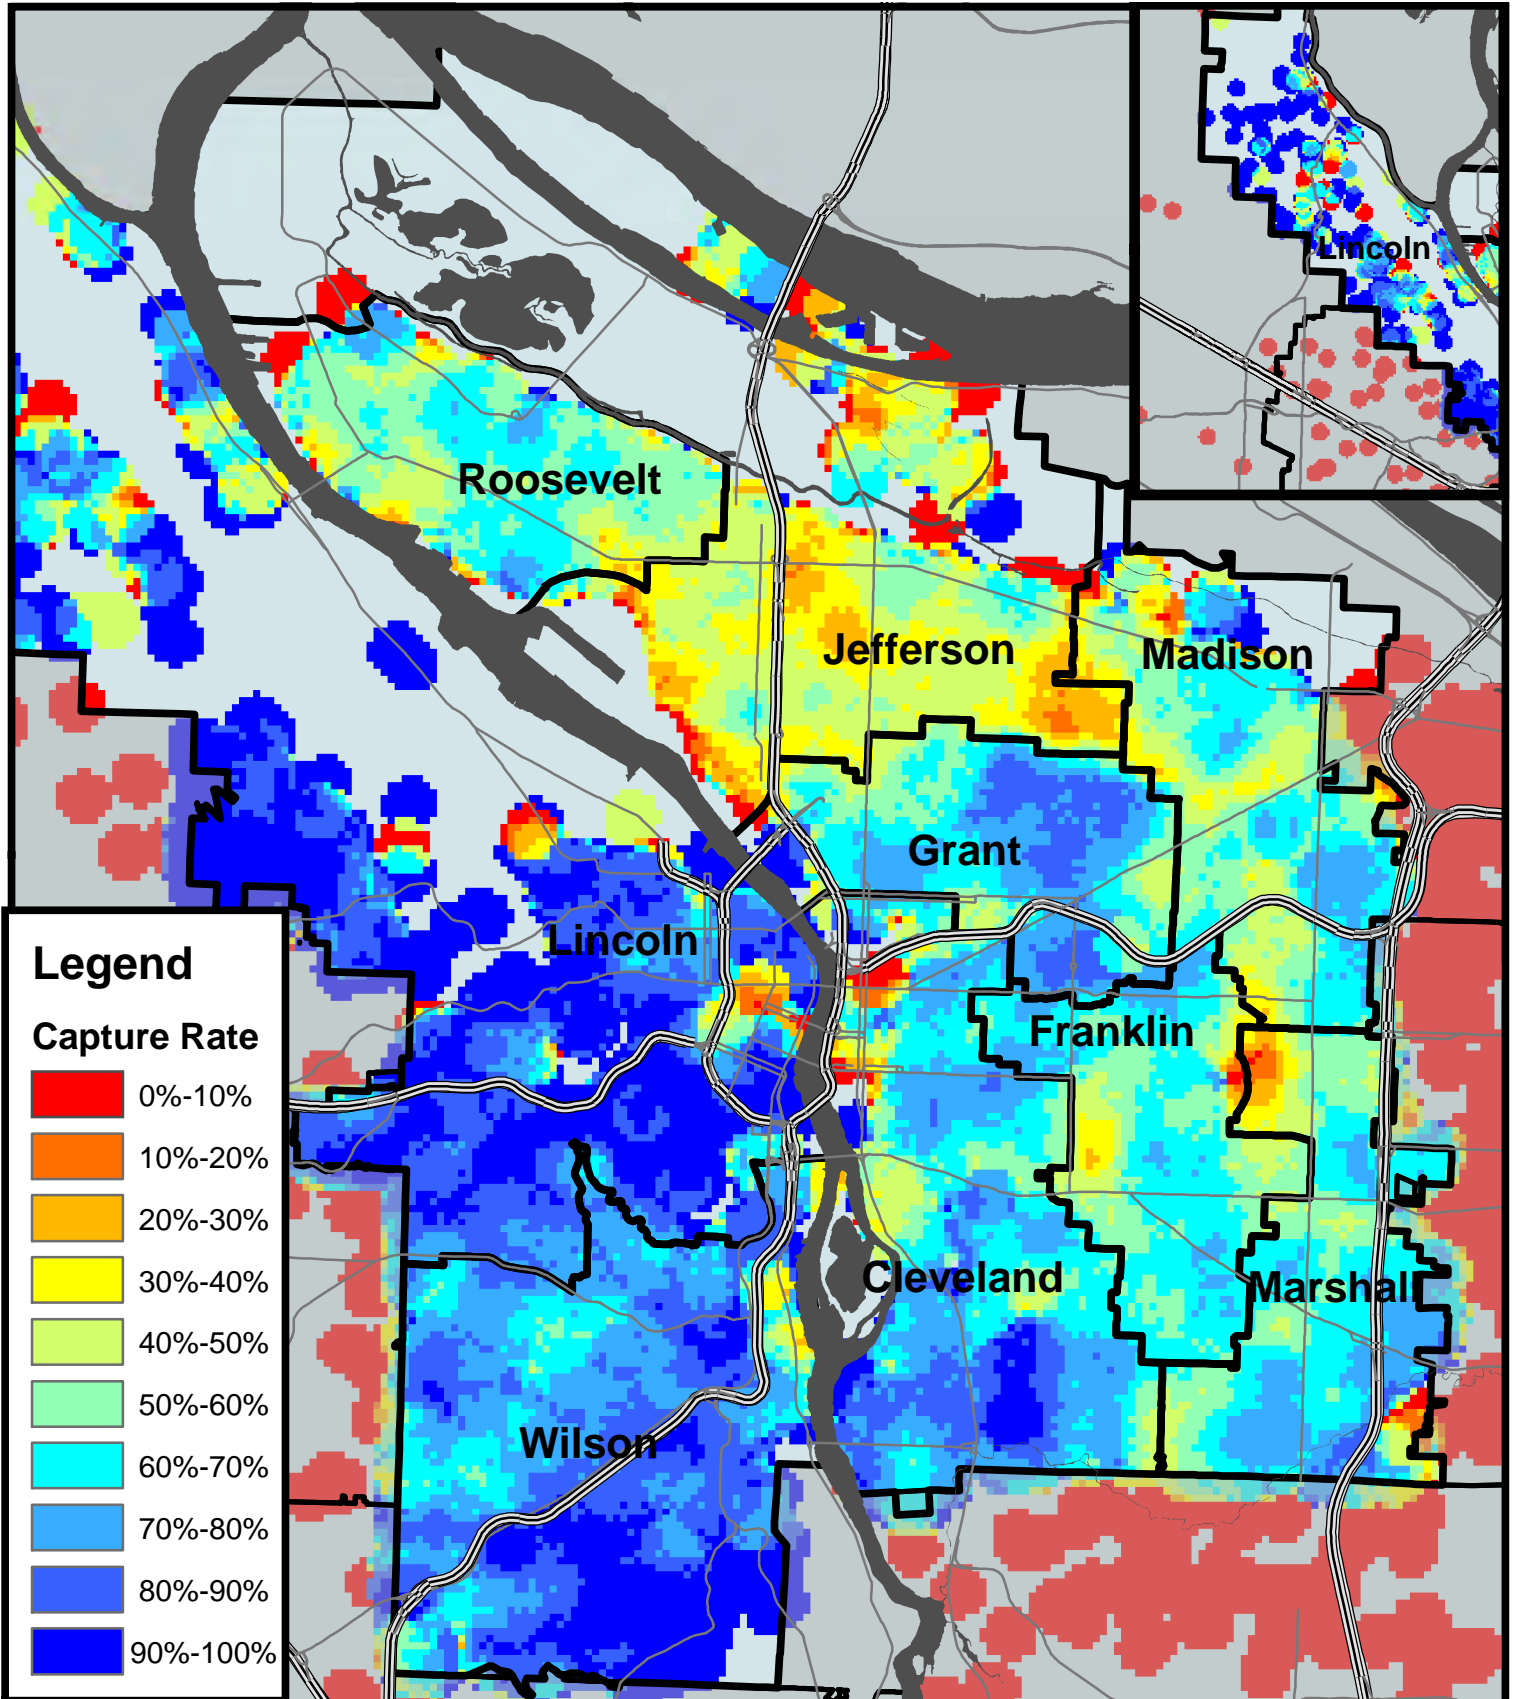

Non-Neighborhood Focus Options have been assigned HS Areas as follows: Creative Science to Marshall, ACCESS (gr.1-8) to Grant, Benson to the Cleveland Area, da Vinci to the Grant Area, Winterhaven to the Cleveland Area, Richmond to the Franklin Area and Metro Learning Center to the Lincoln Area. Students attending a certain non-neighborhood schools are not assigned to a HS Area, [and not shown below] these schools are PPS Charters, Special Services, Community Based Alternatives or other PPS programs (Head Start, Native Montessori Program, and Alliance HS).

Where points would overlap, this map only shows the majority HS Area group.

Portland Public Schools Capture Rate

Capture rate is the proportion of students enrolled in PPS that are attending their neighborhood school; private school students not included. Below is a map based on student residence showing the proportion of students attending their neighborhood school. Blue colors indicate a higher proportion staying in their neighborhood while red colors show higher proportion attending schools other than their neighborhood school.

Data from K-12 student enrollment as of October 1, 2008.

7. COMMENTS/ISSUES

Year Round Calendar.

Abernethy focuses on student wellness and last year won the first state wide Wellness Award. Abernethy has a school garden called, "The Garden of Wonders," and students enjoy learning experiences in the garden. In the kitchen, Chef Nicole prepares student lunches each day with an emphasis on local fresh foods.

7. COMMENTS/ISSUES

Currently Alliance High School does not meet Adequate Yearly Progress. However, the school does not receive Title 1 funds and NCLB sanctions do not apply.

Alliance High School is comprised of four separate campuses: FOCUS @ Madison; Meek Professional Technical; Marshall Night; and Portland Night @ Benson. Enrollment data history for 2004 and 2005 reflects only Meek Professional Technical campus (formerly Vocational Village). Enrollment data history for 2006-2008 includes total enrollment for the four campuses combined. The density index shown is for the Meek location only.

Fully articulated K-8 school. K-5th grades are two year placements with a teacher [K/1, 2/3, 4/5] which includes full day Kindergarten for all students. 6th grade is semi-self-contained with a primary Language Arts, Social Studies teacher and a primary Math and Science teacher. 7-8th grade have a 6 period day [math, language arts, social studies, science, an elective and lunch]. All students have PE, Music and access to the school counselor.

7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Kristin Miles at 503.916.3359 or kmiles@pps.k12.or.us.

7. COMMENTS/ISSUES

School not meeting Adequate Yearly Progress. First year not meeting AYP so sanctions do not apply.

Recently transitioned to a K-8 configuration. Seventh grade added 2007-08 and eighth grade added in 2008-09.

Enrollment for years prior to 2008-09 includes the Creative Science Program. The Creative Science Program moved to the Clark building in 2008-09 and is no longer included in Bridger's enrollment.

7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Kristin Miles at 503.916.3359 or kmiles@pps.k12.or.us.

7. COMMENTS/ISSUES

Corrective Action status: Sixth year of not making AYP (transportation, supplemental education services, one or more other prescribed change in business required).

A boundary change and grade reconfiguration occurred for the 2008-09 school year. Rosa Parks, which had been a K-6 school, became a K-5 in 2008-09. Rosa Parks 6th grade students are now included in the George attendance area.

7. COMMENTS/ISSUES

A boundary realignment moved a small area of the Hayhurst School attendance area to the Rieke School attendance area became effective during the 2006-07 school year. Hayhurst School is "Twice As Right"! Hayhurst School houses the K-5 Hayhurst Neighborhood School and the K-8 Odyssey Program at Hayhurst. The Hayhurst staff views learning as a partnership between a student, family and community.

7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Kristin Miles at 503.916.3359 or kmiles@pps.k12.or.us.

7. COMMENTS/ISSUES

Pauling has consistently met academic Average Yearly progress (AYP) and has made double digit gains in Math, Reading, Science and Writing. However Pauling does not meet the State and District's graduation goal of 68%. As a result, Pauling Academy falls into the category of failing to make adequate yearly progress.

Enrollment forecast is for all 3 small schools (Marshall Campus).

During the 2004-05 school year, the 12th grade enrollment total included Marshall Night School enrollment. The Night School enrollment is now included as part of Alliance High School.

7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Kristin Miles at 503.916.3359 or kmiles@pps.k12.or.us.

7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Kristin Miles at 503.916.3359 or kmiles@pps.k12.or.us.

7. COMMENTS/ISSUES

Skyline has fully completed the conversion to K-8. We have one section each of 6th, 7th, and 8th grade. Our school is implementing the IB PYP and MYP Programmes. We have received candidacy status from the IBNA for both PYP and MYP. Although our enrollment has increased the facilities are sufficient for the growth we have experienced.

7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Kristin Miles at 503.916.3359 or kmiles@pps.k12.or.us.

7. COMMENTS/ISSUES

Vestal recently transitioned to a kindergarten through grade 8 school. Sixth grade added in 2006, seventh grade in 2007, eighth grade in 2008. Increased enrollment reflects the additional grades and boundary changes.

Student loss >5% since 2007 AND >15% since 2004?	No
Neighborhood students attending Winterhaven below 55%?	n/a
Building density index below 15 or above 20?	Yes

7. COMMENTS/ISSUES

The 2013-14 forecast for Winterhaven should be approximately 345 (the current enrollment), since this is a focus option program that generally has a waiting list for enrollment. Enrollment is not expected to decline, however given a building density of 22, the program cannot easily expand enrollment at its current location.

Enrollment Data Analysis

1. Budget and Staffing

School Budget Per Student – Dollars budgeted for current year at each school divided by the total enrollment at that school as of October. Funds included are general funds (personnel, supplies, operations); grant funds (including Federal grants such as Title 1-A), and special revenue funds (including tuition paid for fee-based full-day kindergarten, and funding of personnel through fundraising/donations). Capital expenditures and centrally budgeted functions such as utilities and custodial services are not included. (Source: PeopleSoft Financial System – Budget Office)

Budget Rank (range) – Rank of this school's Budget per Student from highest (1) to lowest (number in range) within schools of similar level (e.g., elementary - 27: PK/K-5; multi-level - 33: PK/K-8, PK/K-12, and schools in transition to PK/K-8); middle school - 10: 6-8; high school - 15: 6-12, 9-12.

Free & Reduced – Percentage of this school's students (as of October count), whose families meet the income or other qualification for Free or Reduced Price Meals under federal nutrition program guidelines. (Source: PPS Data and Policy Analysis; data developed by Nutrition Services)

School Receives Title I Funds? - Does this school qualify for federal Title 1 grant funding in the current year? Yes or No. To receive a dollar allocation under this grant, the school percentage of students qualifying for Free & Reduced Price Meals (see above) must be 40% or higher, for elementary and middle schools; 75% or higher for high schools. Current year qualification for federal Title 1 grants is usually based on Free & Reduced percentages from the prior year. (Source: PPS Title 1 Office)

Special Education – Percentage of October enrollment at each school with records flagged indicating participation in Individualized Education Plans (IEP), that is, Special Education program students. (Source: eSIS Fall Membership Report)

English Language Learners – Percentage of October 2008 enrollment that are English Language Learners eligible for ESL/Bilingual Services based on a language other than English spoken in the home and a language proficiency assessment indicating limited English proficiency. (Source: ESL Department)

Talented and Gifted – Percentage of October 2008 enrollment that have been identified as academically talented or creatively gifted as measured by Talented and/or Gifted Program criteria. (Source: eSIS Membership Report)

Licensed FTE Allocation – An **FTE** (Full Time Equivalent) is defined as a regular staff (administrative, licensed, or classified) position scheduled to work eight hours

Enrollment Data Analysis

per day. FTE does not count people, but positions. Two individuals who each work half time (4 hours per day) equal 1.0 FTE.

A **Licensed** FTE refers to certified staff such as teachers, counselors, media specialists, psychologists, social workers, nurses, athletic trainers, occupational speech, and physical therapists. For **allocation** purposes, licensed equivalents are used for comparison purposes. For this calculation, two (2) classified FTE is equivalent to one (1) licensed FTE. Allocations are shown as licensed equivalent so that comparisons can be made across schools. Since principals choose different balances between teachers (licensed) and educational assistants (classified), a common measure – FTE in licensed equivalents is applied to allocate and compare resources across schools.

General Fund Staffing Allocations are based on each school's average enrollment – Average Daily Membership, adjusted for projected demographic trends, and school reconfigurations. General Fund allocations were divided into three categories –

Administrative Support FTE provides for Principal/Assistant Principals and Secretaries, and Counselors (depending on type and size of school);

Ratio FTE based on a student to teacher ratio that varies by school level (elementary schools and multilevel schools 23.3:1; middle schools 23.3:1; and high schools 22.7:1);

SES FTE a socio-Economic Status Factor by which five percent of the FTE allocation is based on the percentage of students at each school who are eligible for Free or Reduced Price Meals under federal nutrition service program guidelines. In High Schools, only schools with percentage eligibility greater than 40% received an SES allocation.

Additional allocations shown as One Time Adjustments were made based on special circumstances or particular need. These include FTE allocations designated by the Office of Schools to facilitate reconfiguration and to deal with other special circumstances.

These first several categories are funded by general funds of the district. The remainder of the staffing information shown represents positions funded by Grant and Special Revenue sources that have special purposes and restrictions on use.

Title 1 shows the amount of staff (in licensed equivalents) that were purchased with a school's federal Title 1 grant allocation. Within some general constraints, each school decides the proportion of its grant that is spent on staffing. This space will be blank if the school did not qualify for Title 1 funding.

Enrollment Data Analysis

Foundation and Fee-For-Service K shows the number of licensed equivalent FTE purchased by the school using local fundraising and donations (foundation) and fees paid by parents for Full Day Kindergarten programs. Note: These FTE are determined on a school basis and are not part of general fund allocations.

Other Grants is the number of FTE provided through grants other than Title 1. These might include state, federal or private grants obtained by the district or school for specific programs.

(Source: Staffing Management Tool (SMT), Budget Office)

2. Enrollment Characteristics

Enrollment – Enrollment counts include students enrolled in Portland Public Schools. Counts were compiled on the first school day in October of each year. An enrolled student is defined as a student who attends one or more schools or programs within the District. Regardless of the number of schools or programs attended, each student is counted only once; the counts are unduplicated.
(Source: eSIS Membership Report)

PK – Pre Kindergarten students, K – Kindergarten students, 1 through 12 – first through twelfth grade, N/A – grade not available, or students not assigned a grade.

Projected Enrollment in 2013 (K-12) – Enrollment projection for students Kindergarten through twelfth grade developed by Population Research Center, College of Urban and Public Affairs, Portland State University. (Note that enrollments for 2003-2008 shown above may include Pre-K students and thus must be adjusted for comparisons.)

(Source: Portland Public Schools Enrollment Forecast 2008-09 to 2020-21, Prepared by PSU Population Research Center, January 2009)

Racial/Ethnic Background - Percentage of various racial/ethnic backgrounds as reported in October 2008 enrollment counts. (Source: eSIS Membership Report)

3. Neighborhood Attendance Characteristics

Neighborhood PPS Student Population - Number of Portland Public School students who reside in the neighborhood boundary surrounding the school being profiled. The breakdown below describes by category where the PPS students who live in the neighborhood attend school. (Note: This number does not include students who live in the area but who attend private schools, are home-schooled, attend school in other school districts, or who do not attend school.)

Enrollment Data Analysis

Some special focus schools do not have a neighborhood boundary since they draw students from many areas of the District. This section is not applicable to schools lacking neighborhood boundaries.

Attending (*Name of School in this Profile*) – Number and percentage of neighborhood student population defined above that attend their neighborhood school. The percentage of neighborhood students attending their own neighborhood school is sometimes referred to as the school's *capture rate*. Head Start Early Childhood Education is excluded from the neighborhood calculation, since its inclusion would tend to lower the capture rate at and near the limited number of schools at which the program operates.

Other PPS Neighborhood Schools - Number and percentage of neighborhood student population attending a neighborhood school other than the school in this profile.

Selected Special Programs/Focus Options – Number and percentage of neighborhood student population attending one of the schools or programs listed below that because of their design draw students districtwide: Benson High School, Richmond Elementary (Japanese Immersion), Winterhaven, Alliance High School, daVinci Middle School, Metropolitan Learning Center, Native Montessori Program, Portland Evening H.S., ACCESS program at Sabin Elementary, Odyssey Program at Hayhurst, Buckman Arts Focus School, Creative Science School Program, Ockley Green K-5 Arts, and Sunnyside Environmental School, Jefferson-Tubman Academy for Young Women and Jefferson-Johnson Academy for Young Men. Also included are the Japanese Immersion programs at Mt. Tabor and Cleveland; Mandarin Immersion programs at Woodstock, Hosford and Cleveland; Russian Immersion program at Kelly; Spanish Immersion programs located at Ainsworth, Atkinson, Beach, Bridger, Clarendon, Cleveland, Hosford, Lent, Lincoln, Rigler and West Sylvan. Not all special focus programs at high schools are included here due to shortcomings of the data.

When a neighborhood student attends a special program/focus option that is located at their neighborhood school, they are counted as attending their neighborhood school. For example, if a Hayhurst neighborhood student attends Odyssey program at Hayhurst, they are counted as attending Hayhurst rather than as attending a special program/focus option. This assumption is applied to Odyssey at Hayhurst, Buckman Arts, Sunnyside Environmental School, as well as Language Immersion programs located in Neighborhood Schools.

Neighborhood calculations for Roosevelt and Marshall Campuses are at the campus rather than the small school level.

PPS Charter Schools – Number and percentage of the neighborhood student population attending one of the District Charter schools: Arthur Academy,

Enrollment Data Analysis

CM2's Opal School, Emerson Public Charter, Leadership and Entrepreneurship High School, Portland Village School, Self Enhancement Academy or Trillium Public Charter.

Special Services – Number and percentage of the neighborhood student population attending special education administered programs not in schools, day and residential treatment, and other special services.

Community Based Alternative Programs – Number and percentage of the neighborhood student population attending contract based alternative programs such as Albina Youth Opportunity School, DePaul Center, LISTOS, Mt. Scott Park Center for Learning, NAYA Early College Academy, New Avenues for Youth, Open Meadow, various PCC programs, Quest Schools, POIC, YouthBuilders, and others.

4. Educational Programs

Achievement Scores – Percent Meeting or Exceeding Benchmarks

Where available, a three year history is shown for Reading and Math test results for third, fifth, eighth and tenth grades as compiled in Portland Public Schools Research and Evaluation/Adequate Yearly Progress Reports. The scores for determining which students meet standards changed in 2006-07. The change made it harder for elementary students to meet/exceed standards, easier at high schools, and about the same for middle schools students. In order that comparisons between years are made on a consistent basis, the scores shown for 2005-06 are recalibrated using the 2006-07 standards. In other words, the scores shown for 2005-06 were recalculated to show what they would have been had the new standards been applied in that year. As a result, the percentage meeting and exceed for 2005-06 may be different from the percentages shown in the 2006-07 Enrollment Profiles. <http://www.pps.k12.or.us/depts-c/rne/results/2007/>

5. School Environment

This section shows selected data intended to summarize important indicators of school environment. In each case two measures are shown: a measure of the school profiled and an average on this same measure across all schools in the relevant group. Thus each elementary school (PK/K-5) is compared to the average comprised of all elementary schools, each Multi-level school PK/K-8 or K-12 school is compared to the average across Multi level schools, each Middle School (6-8), against the Middle School average, and High Schools (9-12, 6-12) against the High School average. These measures are calculated on an annual basis and thus the numbers shown are for the 2007-08 school year.

Enrollment Data Analysis

Highly Qualified Teaching Assignments. Under federal government legislation associated with the No Child Left Behind Act (NCLB), public school teachers must meet a set of standards associated with the level and type of subjects that they teach. The numbers shown indicate the percentage of core academic subject teaching assignments taught by highly qualified teachers at each school and a district average for similar schools. NCLB defines core academic subjects as English, Reading or Language Arts, Mathematics, Science, some World Languages (French, German, Spanish, Russian, Latin and Japanese), Social Studies, and the Arts.

Teacher Experience. This is the average number of years of teaching experience of teachers at each school and the average of similar schools in the District. Average years are weighted by the full time equivalent for each teacher. Thus a half-time teacher would be half-weighted in the calculation.

Staff Attendance Rate. This measure is not available at this time. However, it is being developed and will represent an average attendance rate computed in a manner similar to the Average Daily Student Attendance described below.

Average Daily Attendance. This number, derived from individual student data indicates the percentage of enrolled students who were present (in attendance) averaged across all school days during the school year. The Comparable District Average is the Average Daily Attendance for all schools in the comparable category (elementary, multi-level (PK/K-8, PK/K-12), Middle School or High School).

Average Class Size. This statistic for each school reflects the average number of students in homeroom or self contained classrooms (generally grades K-5, but sometimes also 6-8); or, for higher grades, on the average number of students in classes defined as “core” subjects by NCLB (see Highly Qualified for listing of subjects).

Stability Index. This is a measure of students who are enrolled for at least 145 days of the school year (approximately 175 days) divided by the official October enrollment count. Students who are not enrolled for the full year include those students who enroll after the start of the school year, students who leave before the end of the school year, and students who are enrolled sporadically. Those schools with results closer to 100% are likely to have a more stable student population than those with a lower percentage. Another measure (not shown in the school Environment section, but shown in the summary tables in the District Summary section of this publication) identifies the amount of student mobility there is in a school, by calculating a *Late Enrollee Ratio*, which measures how many students arrive after the first day in October.

Enrollment Data Analysis

Student Expulsions. Number of students expelled during the school year as a percentage of October enrollment. The comparable district average is based on average expulsions for the school type as described above.

Student Suspensions. Number of students suspended from school (out of school suspension) during the school year as a percent of October enrollment. If one student were to be suspended more than one time, the count would not be duplicated. The comparable district average is based on the average suspensions for the school type as described above.

6. Enrollment Indicators

These calculations are indicators that additional data and further review of the school may be needed.

Declining Enrollment. Student loss $\geq 5\%$ since 2007 AND $\geq 15\%$ since 2004? Yes if enrollment has declined by 5% or more compared to the prior year, accompanied by an enrollment decline of 15% or more over the past four years. No if enrollment has not met these conditions.

Neighborhood Capture Rate. Yes if the number of neighborhood students attending this school is less than 55% of Portland Public schools students who live within this school's neighborhood boundaries. No if 55% or more of neighborhood students attend this school.

Density Index. October 2008 Enrollment divided by Number of Classrooms. This is intended as an indicator of the classroom capacity of the building compared to the number of students using the physical space. A high number could indicate crowding; a low number might indicate potential excess capacity. This index is a broad indicator of capacity, and must be considered in light of actual space usage for special education classes, computer labs, Head Start classrooms, ESL and Title 1.

Number of Classrooms. Actual number of "potential" classroom space in a school including classrooms housing standard education programs, other district programs, outside programs/partnerships, Special Education classes, English Language Learner classes, and vacant rooms. Generally this number is greater than the number of rooms used for standard classroom purposes. (Prepared by PPS Facilities and Asset Management, Classroom Use Survey, December 2004.)

Building Density Index. Yes if the school's enrollment divided by the number of classrooms is less than 15 or greater than 20. No if the school's enrollment divided by the number of classrooms is between 15 and 20. Note that a building density index greater than 20 means there is little or no room left for growth in

Enrollment Data Analysis

School Profiles

Definitions/Data Key

that facility, whereas a number less than 15 may indicate the potential for excess capacity.

7. Comments/Issues

This section is intended for comments or mitigating factors with respect to the enrollment indicators (shown above) or for clarification of other data presented. This section is to be completed by the Principal and/or Area Director. It may be left blank.

Portland Public Schools Nondiscrimination Statement

Portland Public Schools recognizes the diversity and worth of all individuals and groups and their roles in society. All individuals and groups shall be treated with fairness in all activities, programs and operations, without regard to age, color, creed, disability, marital status, national origin, race, religion, sex, or sexual orientation.

Board of Education Policy 1.80.020-P
