October 2011 Enrollment Summaries are based on enrollment on 10/3/2011 as reported on Period 1 Cumulative Average Daily Membership State Report.

Program type (i.e., elementary, middle, high, etc.) reflects the most recent administrative assignment. In recent years enrollment counts are compiled on or about the first of October. An enrolled student is defined as a student who attends one or more schools or programs within the District. Regardless of the number of schools or programs attended, each student is counted only once; the counts are unduplicated. Schools and programs that are no longer in operation are designated as "closed."

October 2011 Enrollment Summaries are based on enrollment on 10/3/2011 as reported on Period 1 Cumulative Average Daily Membership State Report.

Program type (i.e., elementary, middle, high, etc.) reflects the most recent administrative assignment. In recent years enrollment counts are compiled on or about the first of October. An enrolled student is defined as a student who attends one or more schools or programs within the District. Regardless of the number of schools or programs attended, each student is counted only once; the counts are unduplicated. Schools and programs that are no longer in operation are designated as "closed."

## Enrollment Report Footnotes

- (1) Effective 2011-12, Marshall closed. Students in the Harrison Park K-8 School area attend Madison High School. Students in the Kelly and Woodmere Elementary School areas, and the Bridger, Lent and Marysville K-8 areas, attend Franklin High School. Students in the Whitman Elementary School area attend Cleveland High School.
- (2) Effective 2011-12, students in the Jefferson cluster have the choice to attend either the new Jefferson Middle College program or a neighborhood comprehensive high school program at Roosevelt, Madison or Grant, depending on where they live within the Jefferson cluster boundaries.
- (3) For the 2011-12 school year, Rigler neighborhood 7th and 8th graders attended Vernon.
- (4) Effective 2010-11, Clarendon-Portsmouth was renamed César Chávez.
- (5) Effective 2008-09, Binnsmead closed and the Clark School students and staff moved from the Clark site to the Binnsmead site. The school was renamed Harrison Park. The Creative Science School Program (CSSP) expanded and moved from Bridger Elementary to the Clark site.
- (6) The ACCESS Program is located at Sabin site but is a district-wide alternative education program. Starting in 2008-09 the enrollment for ACCESS was separated from Sabin elementary.
- (7) In 2009-10 Scott and Rigler became K-8 schools. Effective 2008-09, Scott and Rigler remained K-7 schools, and those students that matriculated from 7th to 8th grade attended at the Madison 8th grade academy.
- (8) Effective 2007-08, Clarendon ES and Portsmouth MS merged to form a K-8 school. Enrollment counts for years prior to 2007-08 for Clarendon consist of grades K-5 only. Enrollment counts for Portsmouth prior to 2007-08 are contained in the MS section of this report. Similarly, Hollyrood ES and Fernwood MS merged to form a K-8 school (renamed Beverly Cleary) as did Rose City Park ES and Gregory Heights MS (renamed Roseway Heights).
- (9) Effective 2007-08, Kellogg MS was closed. Eighth grade students that would have been enrolled at Kellogg for the 2007-08 school year were enrolled at Franklin HS. Tubman MS was also closed and a new Young Women's Academy was opened on the Tubman campus as part of Jefferson High School.
- (10) Transitioned to K-8. In 2009-10 Laurelhurst, Rigler, Scott became K-8 schools. In 2008-09 Arleta, Astor, Boise-Eliot, Bridger, Clark, Creston, Faubion, Humboldt, Irvington, Lee, Lent, Marysville, Peninsula, Sabin, Skyline, Vestal, Woodlawn became K-8 schools. In 2007-08 Beach, Clarendon-Portsmouth, Beverly Cleary, King, Roseway Heights, Vernon became K-8 schools.
- (11) Day and Residential Treatment Programs (long-term care and treatment).
- (12) No students enrolled for current school year.
- (13) Effective 2006-07, Meek Professional Technical HS, Portland Night HS at Grant, Marshall Night HS, and Madison Focus (shown in Madison enrollment in prior years) merged to form Alliance High School.
- (14) Effective 2006-07, Ockley Green converted from a middle school to a K-8, and Kellogg and Portsmouth no longer received sixth grade students.
- (15) Effective 2005-06, two high schools located at the Marshall campus, Linus Pauling Academy and Portland Academy of International Studies, merged into one school renamed Pauling Academy of Integrated Sciences.
- (16) Applegate, Edwards, Kenton, Richmond and Smith Elementary Schools were closed at the end of the 2004-05 school year. Whitaker Middle school was closed as well. Most elementary school-aged students residing in the Applegate neighborhood area went on to attend Woodlawn. Similarly, students residing in the Edwards neighborhood area went on to attend Abernethy, those at Kenton to Chief Joseph; those at Richmond to Abernethy, Creston or Glencoe; and those at Smith went on to Capitol Hill, Maplewood or Markham. Most middle school students residing in the Whitaker neighborhood area went on to attend Tubman. A new focus/option school was established at the Richmond ES site.
- (17) Effective 2004-05, the Environmental Middle School combined with Sunnyside Elementary and was renamed Sunnyside Environmental School. In addition, the Odyssey program and its students (formerly at Chapman Elementary) moved to Hayhurst Elementary. The Family Cooperative program (formerly at Sunnyside) moved to Bridger Elementary.
- (18) The Pioneer program consists of elementary, middle and high school programs. It was formerly known as ES B Program at Youngson, MS B Program at Foster and HS B Program at Columbia.
- (19) As of the 2003-04 school year, enrollment summaries no longer include the following programs: Hospital Programs (Emanuel, Oregon Health Science University, Oregon State and Shriners Hospitals); M.E.S.D. Functional Living Skills; Portland Early Intervention Program (PeiP) and Columbia Regional Programs (Autism, Deaf and Hard of Hearing, Orthopedic and Vision Services). Administration of the Hospital Programs, Functional Living Skills and PeiP was transferred to Multnomah Education Service District (M.E.S.D.). Historically, enrollments reported for Columbia Regional Programs represent non-District students served by PPS staff on a part-time basis. For purposes of State reporting, membership (i.e., enrollment) the Columbia Regional Program students are reported by the resident District.
- (20) Brooklyn and Meek Elementary Schools were closed at the end of the 2002-03 school year. Most students residing in the Brooklyn neighborhood area went on to attend Grout Elementary, while those residing in the Meek neighborhood area attended Vernon Elementary. Similarly, Wilcox and Youngson Elementary Schools were closed at the end of the 2001-02 school year. Most students residing in the Wilcox neighborhood area went on to attend Vestal Elementary, while those residing in the Youngson neighborhood area attended Bridger Elementary.

October 2011 Enrollment Summaries are based on enrollment on 10/3/2011 as reported on Period 1 Cumulative Average Daily Membership State Report. The new Federal definitions are that any student designated with Hispanic ethnicity will be counted in the Hispanic sub-group, even if the student also has one or more race designations). Non-Hispanic students with multiple race designations are counted in the Multi-Racial sub-group. Non-Hispanic students with only one race designation will be counted in that racial sub-group.

## School Characteristics

October 2011 Enrollment Summaries are based on enrollment on 10/3/2011 as reported on Period 1 Cumulative Average Daily Membership State Report.

Federal Child Nutrition (FCN)

While school breakfasts and lunches are available to all students at most sites, some students are eligible for either free or reduced-price meals based on family size and income information supplied voluntarily by parents. The federal government provides funds for student breakfasts through the National School Breakfast Program and lunches through the National School Lunch Program.

FCN data are based on data in eSIS extracted on 11/4/2011, unless noted below.

Headstart by definition is 100% eligible.

Humboldt, King and Rosa Parks are Provision 2 schools where 100% of students are considered eligible for free meals; percentages shown represent Provision 2 base year eligibility.

Parry Center, Rosemont, Clinton Street, White Shield, Wildflowers are Residential Child Care Institutions and thus 100% of students are eligible for free meals.

Charters and Community-Based Alternative Programs do not necessarily use the PPS Nutrition Services Program and FCN numbers shown may be lower than actual, and are preliminary until they have been reviewed by those programs.

LEP

Limited English Proficient (LEP) is the count of students eligible to receive English as a Second Language (ESL) or Bilingual Services. (Source: eSIS)

SpEd

Special Education (SpEd) is the count of students at each school with records flagged indicating participation in Individualized Education Plans (IEP), that is Special Education program students. (Source: eSIS)

TAG

Talented and Gifted enrollment is the count of students identified as academically talented, intellectually gifted or TAG potential, as measured by Talented and Gifted criteria. (Source: eSIS)

Classes taught by Special Education and ESL teachers are excluded from this calculation. Certain classes with questionable data are also excluded.

Data were extracted from eSIS and HRMS effective January 15, 2011. Student room assignments were matched with teachers, course codes, and period of the day. For K-8 schools and summary average calculations, grade K-5 homeroom classrooms re-weighted for comparability with grade 6-8 course structure.

Title I is a federally funded program seeking the improvement of the academic achievement of the disadvantaged. Portland Public Schools allocates these funds to schools with Free and Reduced Price Meal Eligibility (F&RPM) percent greater than 40% for PK-8 and greater than 75% for high schools.

Average Daily Membership (ADM) represents the average number of students enrolled during the school year. ADM is calculated by dividing the total student days of enrollment (includes both days present and absent) by the number of school days (session days).

NOTE: The data above should not be used for State School Fund calculations, as necessary weightings have not been applied.

Average Daily Attendance (ADA) rate is calculated by dividing the total days of attendance (all days each student is present) by the total number of student days (session days) offered by each school to these students over the entire school year.

Schools/programs showing no ADA submit ADM via instructional hours, therefore ADA is not shown.

NOTE: The data above is based on the entire school year and may be different than ADA used for NCLB accountability, which is based on students present most of the school year and enrolled on May 1.

**Late Enrollee Ratio:**

This is the percentage of students in a given school year who enrolled after October 3rd compared to those who enrolled by October 1. The formula is A / B, where:

A = the number of students first enrolled at school after October 3rd

B = the number of students enrolled on October 3rd

**Stability Index:**

This is the percentage of students in a given school year who were enrolled at the same school through most of the school year compared to all students enrolled on October 3rd. The formula used is A / B, where:

A = number of students enrolled in the same school through most of the school year (>=145 school days)

B = the number of students enrolled on October 3rd

Note: Calculation of stability changed starting the 2004-05 SY.

Prior to 2004-05, stability was determined by if a student was enrolled on both October 3rd and June 1st.

Beginning in 2004-05, stability was determined instead based on a student being enrolled at least 145 days at a school, which is approximately 85% of the school year.

The revised method better accommodates non-standard school calendars, seniors who graduate (and quit attending) in May, and 'short' breaks in educational service.

All percentages are of October Enrollment.

Students may incur more than one referral, i.e., in-school suspension, out-of-school suspension (exclusion from school for at least one but not more than 10 days), expulsion or removal. Counts of students referred are unduplicated within a school; each student is counted only once in the total, but may be counted in multiple categories, e.g., a student received two in-school suspensions and one out-of-school suspension will be counted once in the in-school suspension category and once in the out-of-school category.

Total Incidents are the total Incidents reported to the Oregon Department of Education, where the action was taken was a Expulsion, Suspension, in School, Suspension Out of School , or Removal. Each incident is counted once by the highest action reported. Students and incidents with Low-Level Interventions and Delayed Expulsions not shown.

**Caution should be exercised when comparing discipline data across schools and years.** Although District policies and regulations increase consistency in addressing and reporting student discipline incidents, corrective action is based on an understanding of the individual student and ultimately determined by the best professional judgment of the administrator. Additionally, comparison with prior years is especially difficult as the discipline incidents reported to the ODE have changed.

<sup>1</sup> For most of the schools and programs reported here, October enrollments are representative of the total number of students served throughout the school year, and thus a reasonable basis for calculating suspension and expulsion rates. However, for Alliance HS, an alternative high school serving 16- to 21-year-olds previously unsuccessful in traditional high school programs, the total number of students served during the school year may be as many as 2 to 3 times greater than October enrollments. Consequently, suspension and expulsion rates reported for Alliance HS should be viewed with caution. Pioneer Programs, similarly take students throughout the school year, therefore October enrollment is not a good representation of the total students served.

Substitute Usage. This is the total number of days of substitute usage at each schools by individuals in teaching positions, divided by the average number of licensed teachers (and others, such as counselors and media specialists, who receive substitutes when teaching classes) at the school during the year. This is a proxy for the average rate of substitute usage at each school. The weighted average for schools by type is also shown. Special education and ESL teachers are included in this measure.

Students from School's Neighborhood counts students enrolled in the school who live within the boundaries of that school.  
 Students from Outside of School's Neighborhood counts students enrolled in the school who live outside the boundaries of that school.  
 For example all Cleveland High students who live in the Cleveland neighborhood will appear in the Students from School's Neighborhood column.

October 2011 Enrollment	Number of Classrooms	Density Index
748	64	12

#### 6. ENROLLMENT INDICATORS

Student loss >5% since 2010 AND >15% since 2007?	No
Neighborhood students attending Roosevelt campus below 55%?	Yes
Building density index below 15 or above 20?	Yes

#### 7. COMMENTS/ISSUES

2010-11 was the fifth year of not making Adequate Yearly Progress. School is in Restructuring.

As of 2011-12, Woodlawn, Chief Joseph and Beach and parts of Faubion are Dual Assignment neighborhoods whose ninth-graders can attend either Jefferson Middle College or Roosevelt.

## 7. COMMENTS/ISSUES

School did not make Adequate Yearly Progress in 2010-11. However, school does not receive Title I funds and therefore no sanctions apply.

Alliance High School operates two day programs and two night programs on four campuses. As an in-district alternative, the school primarily serves students who are credit and/or skill deficient. In addition to remediation courses, college preparation courses are available. Students are supported in meeting all requirements for a standard diploma. Most students register some time during their third year of high school and on average are between 6 to 12 credits deficient.

#### 7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Kristen Miles at 503.916.3359 or kmiles@pps.k12.or.us.

#### 7. COMMENTS/ISSUES

School did not make Adequate Yearly Progress in 2010-11. It will move to School Improvement status if Adequate Yearly Progress is not met in 2011-12.

Non-immersion eighth grade was added in 2008-09. Includes PK-8 Spanish Immersion.

As of 2011-12, Beach is a Dual Assignment neighborhood. Ninth-graders can attend either Jefferson Middle College or Roosevelt.

#### 7. COMMENTS/ISSUES

School made Adequate Yearly Progress in 2010-11.

Beverly Cleary has two sites. K-1 is on the Hollyrood campus, and 2-8 is on the Fernwood campus.

2006 enrollment not shown as it was for Hollyrood only. Later years reflect the creation of K-8 at the combined Hollyrood/Fernwood sites.

#### 7. COMMENTS/ISSUES

School did not make Adequate Yearly Progress in 2010-11. However, school does not receive Title I funds and therefore no sanctions apply.

As of 2011-12, Sunnyside no longer feeds to Cleveland and Whitman now feeds to Cleveland.

#### 7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Kristen Miles at 503.916.3359 or kmiles@pps.k12.or.us.

#### 7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Kristen Miles at 503.916.3359 or kmiles@pps.k12.or.us.

#### 7. COMMENTS/ISSUES

School did not make Adequate Yearly Progress in 2010-11. It will move to School Improvement status if Adequate Yearly Progress is not met in 2011-12.

Transitioned from a K-5 to a K-8 configuration, ending in 2008-09.

As of 2011-12, Faubion is a Dual Assignment neighborhood. Ninth-graders can choose to attend either Jefferson Middle College or one of two comprehensive high schools: Roosevelt for students in the northern part of the Faubion neighborhood and Madison for those in the southern and eastern portions, roughly divided by the Columbia Slough.

## 7. COMMENTS/ISSUES

School made Adequate Yearly Progress in 2010-11.

Franklin HS included 8th Grade Academy for 2007-08 only.

Feeder Schools: Arleta, Bridger, Creston, Lane, Lent, Hosford, Marysville, Mt Tabor, Sunnyside. As of 2011-12, all of Sunnyside feeds to Franklin. Former Marshall neighborhoods of Lent, Bridger, Whitman, Marysville and Kelly are now part of the Franklin neighborhood.

Neighborhood students attending George below 55%?	Yes
Building density index below 15 or above 20?	Yes

## 7. COMMENTS/ISSUES

2010-11 was the fifth year of restructuring and ninth year of not making Adequate Yearly Progress (transportation for transfer, tutoring services, and one or more other prescribed changes required).

A boundary change occurred during the 2008-09 school year. Rosa Parks sixth grade students now attend George.

## 7. COMMENTS/ISSUES

School did not make Adequate Yearly Progress in 2010-11. However, school does not receive Title I funds and therefore no sanctions apply.

Feeder Schools: ACCESS, Beaumont, Beverly Cleary, Irvington, Laurelhurst, Sabin and Mt Tabor Immersion program

As of 2011-12, Boise Eliot, King and Humboldt are Dual Assignment neighborhoods. Ninth-graders can attend either Jefferson Middle College or Grant.

Building density index below 15 or above 20?	Yes

#### 7. COMMENTS/ISSUES

2010-11 was the third year of School Improvement status and fourth year of not making Adequate Yearly Progress.

Jefferson includes the traditional high school on the Jefferson Campus and the Young Women's Academy (grades 6-12 located in the Tubman building).

Feeder Schools: Beach, Faubion, Humboldt, King, Ockley Green, Vernon, Woodlawn.

In 2011-12 Jefferson will operate as a focus high school, specifically the Jefferson Middle College for Advanced Studies. Dual Assignment neighborhoods, whose students have the choice to attend Jefferson Middle College or their neighborhood comprehensive high school are: Beach, Boise-Eliot, Chief Joseph, Faubion, Humboldt, King, Ockley Green, Vernon and Woodlawn.

## 7. COMMENTS/ISSUES

School made Adequate Yearly Progress in 2010-11.

Recently transitioned to a PK-8 configuration. Seventh grade added in 2006-07 and eighth grade in 2007-08.

As of 2011-12, King is a Dual Assignment neighborhood. Ninth-graders can attend either Jefferson Middle College or Grant.

## 7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Kristen Miles at 503.916.3359 or [kmiles@pps.k12.or.us](mailto:kmiles@pps.k12.or.us).

#### 7. COMMENTS/ISSUES

School did not make Adequate Yearly Progress in 2010-11. It will move to School Improvement status if Adequate Yearly Progress is not met in 2011-12.

Lent School has a Spanish Immersion program with one class per grade in grades K-5 for the 2011-12 school year. Lent added four modular classrooms in the 2011-12 school year.

As of 2011-12, Lent neighborhood ninth grade feeds to Franklin.

#### 7. COMMENTS/ISSUES

School did not make Adequate Yearly Progress in 2010-11. It will move to School Improvement status if Adequate Yearly Progress is not met in 2011-12.

Drop in enrollment is due to temporary relocation to Rose City Park because of the fire in November 2009. Work to rebuild the Marysville has begun, with a target move-in date of January 2013.

As of 2011-12, Marysville neighborhood ninth grade feeds to Franklin.

#### 7. COMMENTS/ISSUES

School did not make Adequate Yearly Progress in 2010-11. It will move to School Improvement status if Adequate Yearly Progress is not met in 2011-12.

Ockley Green has been converted to a K-8 configuration.

Neighborhood is defined for only 6-8 program, while K-5 is districtwide special focus.

As of 2011-12, Ockley Green is a Dual Assignment neighborhood. Ninth-graders can attend either Jefferson Middle College or Roosevelt.

#### 7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Kristen Miles at 503.916.3359 or kmiles@pps.k12.or.us.

School did not make Adequate Yearly Progress in 2010-11. It will move to School Improvement status if Adequate Yearly Progress is not met in 2011-12.

Transitioned from a K-5 to a K-8 configuration between 2006-07 and 2008-09. Eighth grade academy was at Madison for 2008-09 only.

Rigler seventh and eighth graders attended Vernon in 2011-12.

#### 7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Kristen Miles at 503.916.3359 or kmiles@pps.k12.or.us.

#### 7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Kristen Miles at 503.916.3359 or kmiles@pps.k12.or.us.

#### 7. COMMENTS/ISSUES

School did not make Adequate Yearly Progress in 2010-11. It will move to School Improvement status if Adequate Yearly Progress is not met in 2011-12.

As of 2011-12, Vernon is a Dual Assignment neighborhood. Ninth-graders can attend either Jefferson Middle College or Madison.

Larger enrollment in seventh and eighth grades in 2011-12 due to Rigler students attending Vernon.

#### 7. COMMENTS/ISSUES

School made Adequate Yearly Progress in 2010-11.

## 1. Budget and Staffing

School Budget Per Student – Dollars budgeted for current year at each school divided by the total enrollment at that school as of October. Funds included are general funds (personnel, supplies, operations); grant funds (including Federal grants such as Title 1-A); and special revenue funds (including tuition collected for fee-based full-day kindergarten, and funding of personnel through fundraising/donations). Capital expenditures and centrally budgeted functions such as utilities, custodial services, Special Education and English as a Second Language services are not included. (Source: PeopleSoft Financial System – Budget Office)

Budget Rank (range) – Rank of this school’s Budget per Student from highest (1) to lowest among schools in the same category. The school categories used here and throughout these profiles, unless otherwise noted, are:

PK/K-5 (elementary) – 27 schools  
PK/K-8, PK/K-12 (multi-level) – 33 schools  
6-8 (middle school) – 10 schools  
6-12, 9-12 (high school) – 12 schools

Free & Reduced – Percentage of this school’s students (as of October count), whose families meet the income or other qualification for Free or Reduced Price Meals under federal nutrition program guidelines. By regulation, certain programs (e.g., Headstart, Residential Child Care Institutions) and schools (Humboldt, King and Rosa Parks) are deemed 100% eligible. Community Based Alternative Programs and charter schools do not use the PPS Nutrition Services Program and thus Free and Reduced counts shown may be lower than potential eligibility, and are not verified through eSIS at this time. (Source: PPS Data and Policy Analysis; Nutrition Services; eSIS)

School Receives Title I Funds? - Whether or not this school qualifies for federal Title 1 grant funding in the current year. To receive a dollar allocation under this grant, the percentage of students qualifying for Free & Reduced Price Meals must be 40% or higher for elementary and middle schools and 75% or higher for high schools. Current year qualification for federal Title 1 grants is usually based on Free & Reduced percentages from the prior year. (Source: PPS Title 1 Office)

Special Education – Percentage of October enrollment at each school with records flagged indicating participation in Individualized Education Plans (IEP), that is, Special Education program students. (Source: PPS Special Education Department)

English Language Learners – Percentage of students enrolled in October who are English Language Learners eligible for ESL/Bilingual Services based on a

language other than English spoken in the home and a language proficiency assessment indicating limited English proficiency. (Source: ESL Department)

Talented and Gifted – Percentage of October enrollment identified as academically talented, intellectually gifted or TAG potential as measured by Talented and/or Gifted Program criteria. (Source: eSIS Membership Report)

Licensed FTE Allocation – An **FTE** (Full Time Equivalent) is defined as a regular staff (administrative, licensed, or classified) position scheduled to work eight hours per day. FTE does not count people, but positions. Two individuals who each work half time (4 hours per day) equal 1.0 FTE.

A **Licensed** FTE refers to certified staff such as teachers, counselors, media specialists, psychologists, social workers, nurses, athletic trainers, occupational speech, and physical therapists. For **allocation** purposes, licensed “equivalents” are used for comparison. For this calculation, two (2) classified FTE is equivalent to one (1) licensed FTE. Allocations are shown as licensed equivalent so that comparisons can be made across schools. Since principals choose different balances between teachers (licensed) and educational assistants (classified), a common measure – FTE in licensed equivalents is applied to allocate and compare resources across schools.

General Fund Staffing Allocations are based on each school’s average enrollment – Average Daily Membership, adjusted for projected demographic trends, and school reconfigurations. General Fund allocations were divided into three categories –

Administrative Support FTE provides for Principal/Assistant Principals and Secretaries, Counselors, and other Support Staff at High Schools (depending on type and size of school);

Ratio FTE based on a student to teacher ratio that varies by school level (for 2011-12 elementary schools are at 25:1, multilevel schools and middle schools are at 24.24:1; and high schools are at 29.1:1);

SES FTE a socio-Economic Status Factor by which five percent of the FTE allocation is based on the percentage of students at each school eligible for Free or Reduced Price Meals under federal nutrition service program guidelines.

Additional General Fund allocations shown as One Time Adjustments are allocations outside the allocation formula. Formula-based allocations cannot always reflect the special circumstances of a particular school and as a result some additional FTE is allocated for unusual school requirements or schools in transitioning situations.

These first several categories are funded from the General Fund. The remainder of the staffing shown represents positions funded by Grant and Special Revenue sources that have special purposes and restrictions on use:

Title 1 shows the staff (in licensed equivalents) purchased with a school's federal Title 1 grant allocation. Within some general constraints, each school decides the proportion of its grant that is spent on staffing. This number will be zero if the school did not qualify for Title 1 funding.

Foundation and Fee-For-Service K shows the number of licensed equivalent FTE purchased by the school using local fundraising and donations (foundation) and fees paid by parents for Full Day Kindergarten programs. Note: These FTE are determined on a per-school basis and are not part of General Fund allocations.

Other Grants is the number of FTE provided through grants other than Title 1. These might include state, federal or private grants obtained by the District or school for specific programs.

(Source: Staffing Management Tool (SMT), Budget Office)

## **2. Enrollment Characteristics**

Enrollment – Enrollment counts include students enrolled in Portland Public Schools. Counts were compiled on the first school day in October of each year. An enrolled student is one who attends one or more schools or programs within the District. Regardless of the number of schools or programs attended, each student is counted only once; the counts are unduplicated.

(Source: eSIS Membership Report)

PK – Pre Kindergarten students, K – Kindergarten students, 1 through 12 – first through 12<sup>th</sup> grade, N/A – grade not available, or students not assigned a grade.

Projected Enrollment in 2016 (K-12) – Enrollment projection for students Kindergarten through twelfth grade developed by Population Research Center, College of Urban and Public Affairs, Portland State University. (Note that enrollments for 2007-11 shown above may include Pre-K students and thus must be adjusted for comparisons. Also note that K-5, K-8 and middle school 2016 forecasts were updated based on preliminary 2011 enrollment, whereas high school projections rely on 2010 enrollment.)

(Source: Portland Public Schools Enrollment Forecast 2011-12 to 2025-26, Prepared by PSU Population Research Center, November 2011.)

Racial/Ethnic Background - Percentage of various racial/ethnic backgrounds as reported in October enrollment counts. Hispanic ethnicity includes students identified as Hispanic/Latino regardless of race. Asian and Pacific Islander are shown in separate columns (in prior years they were combined). Multiple Races category includes students identified as two or more races, exclusive of Hispanic/Latino. (Source: eSIS Membership Report)

## Neighborhood Attendance Characteristics

Neighborhood PPS Student Population - Number of Portland Public School students who reside within the neighborhood boundary surrounding the school. This breakdown categorizes the types of schools attended by PPS students. (Note: This number does not include students who live in the area but who attend private schools, are home-schooled, attend school in other school districts, or who do not attend school.)

Some special focus schools do not have a neighborhood boundary since they draw students from many areas of the District. This section is not applicable to those schools.

The Jefferson Dual Assignment Area was created in 2011-12. Students in 9<sup>th</sup> to 12<sup>th</sup> grade living in the Jefferson neighborhood have the right to attend Jefferson Middle College or their neighborhood high school. The neighborhood high schools with Dual Assignment areas are Grant, Madison and Roosevelt. Grant, Madison and Roosevelt show their Jefferson “Dual Assignment” area characteristics as well as neighborhood attendance area characteristics.

Attending (Name of School in this Profile) – Number and percentage of Neighborhood PPS Student Population who attend their neighborhood school. This percentage is sometimes referred to as the school’s *capture rate*. Head Start Early Childhood Education is excluded from the neighborhood calculation, since its inclusion would tend to lower the capture rate at and near the limited number of schools at which the program operates.

Other PPS Neighborhood Schools - Number and percentage of neighborhood student population attending a neighborhood school other than the school in this profile.

Selected Special Programs/Focus Options – Number and percentage of neighborhood student population attending one of the schools or programs listed below that, because of their design, draw students districtwide: Benson High School, Jefferson Middle College, Richmond Elementary (Japanese Immersion), Winterhaven, Alliance High School, daVinci Middle School, Metropolitan Learning Center, Native Montessori Program, Portland Evening H.S., ACCESS program at Sabin Elementary, Odyssey Program at Hayhurst, Buckman Arts Focus School, Creative Science School Program, Ockley Green K-5 Arts, and Sunnyside Environmental School and the Harriet Tubman Leadership Academy for Young Women. Also included are the Japanese Immersion programs at Mt. Tabor and Cleveland; Mandarin Immersion programs at Woodstock, Hosford and Cleveland; the Russian Immersion program at Kelly; and Spanish Immersion programs located at Ainsworth, Atkinson, Beach, Bridger, Clarendon, Cleveland, Hosford, Lent, Lincoln, Mt. Tabor, Rigler and West Sylvan. Not all special focus programs at high schools are included here due to shortcomings of the data.

When a neighborhood student attends a special program/focus option that is located at their neighborhood school, they are counted as attending their neighborhood school. For example, if a Hayhurst neighborhood student attends Odyssey program at Hayhurst, they are counted as attending Hayhurst rather than as attending a special program/focus option. This assumption is applied to Odyssey at Hayhurst, Buckman Arts and Sunnyside Environmental School, as well as Language Immersion programs located in Neighborhood Schools.

Neighborhood calculations for Roosevelt High School are at the campus level rather than the small school level.

PPS Charter Schools – Number and percentage of the neighborhood student population attending one of the District Charter schools: Arthur Academy, CM2’s Opal School, Emerson Public Charter, Leadership and Entrepreneurship High School, Portland Village School, Self Enhancement Academy or Trillium Public Charter. State-sponsored charter schools aren't included in these profiles.

Special Services – Number and percentage of the neighborhood student population attending Special Education-administered programs not in schools, day and residential treatment and other special services.

Community Based Alternative Programs – Number and percentage of the neighborhood student population attending contract-based alternative programs such as Albina Youth Opportunity School, DePaul Center, LISTOS, Mt. Scott Park Center for Learning, NAYA Early College Academy, New Avenues for Youth, Open Meadow, various PCC programs, Quest Schools, POIC, YouthBuilders and others.

### 3. Educational Programs

#### Achievement Scores – Percent Meeting or Exceeding Benchmarks

Where available, a three year history is shown for Reading and Math test results for third, fifth, eighth and tenth grades, as compiled in Portland Public Schools Research and Evaluation/Adequate Yearly Progress Reports. The scores for determining which students meet standards changed in 2006-07. The change made it harder for elementary students to meet or exceed standards, easier for high schoolers, and about the same for middle schools students. In 2010-11 the percent meeting or exceeding declined in Math at many schools because of a higher threshold for “Meeting.” <http://www.pps.k12.or.us/depts-c/rne/results/2011/>

#### 4. School Environment

This section shows selected data intended to summarize important indicators of school environment. In each case two measures are shown: a measure of the school profiled and an average on this same measure across all schools in the same category. Thus each elementary school (PK/K-5) is compared to the average comprised of all elementary schools, each multi-level (PK/K-8 or K-12) school is compared to the average across multi-level schools, each middle school (6-8) is compared to the middle school average, and each high school (9-12, 6-12) to the high school average. These measures are calculated on an annual basis and thus the numbers shown are for the 2010-11 school year.

Highly Qualified Teaching Assignments Under federal government legislation associated with the No Child Left Behind Act (NCLB), public school teachers must meet a set of standards associated with the level and type of subjects they teach. The numbers shown indicate the percentage of core academic subject teaching assignments taught by highly qualified teachers. The Comparable District Average is the average percent for all schools in the comparable category (elementary, multi-level (PK/K-8, PK/K-12), middle school or high school). NCLB defines core academic subjects as English, Reading or Language Arts, Mathematics, Science, some World Languages (French, German, Spanish, Russian, Latin and Japanese), Social Studies, and the Arts.

Teacher Experience This is the average number of years of teaching experience for teachers at each school and the average of similar schools in the District. Average years are weighted by the full time equivalent for each teacher. Thus a half-time teacher would be half-weighted in the calculation. The Comparable District Average is the average teacher experience for all schools in the comparable category (elementary, multi-level (PK/K-8, PK/K-12), middle school or high school).

Substitute Usage This is the total days of substitute usage at the school by individuals in teaching positions, divided by the average number of licensed teachers (and others, such as counselors and media specialists, who receive substitutes when teaching classes). Special education and ESL teachers are included in this measure. The Comparable District Average is the average substitute usage for all schools in the comparable category (elementary, multi-level (PK/K-8, PK/K-12), middle school or high school).

Average Daily Attendance This number, derived from individual student data, indicates the percentage of enrolled students who were present (in attendance) averaged across all school days during the entire school year. The Comparable District Average is the Average Daily Attendance for all schools in the comparable category (elementary, multi-level (PK/K-8, PK/K-12), middle school or high school). Attendance used in ODE report cards is calculated differently.

Average Class Size This statistic for each school reflects the average number of students in homeroom or self-contained classrooms (generally grades K-5, but sometimes 6-8) or, for higher grades, in classes defined as “core” and other subjects. The Comparable District Average is the average for all schools in the comparable category (elementary, multi-level (PK/K-8, PK/K-12), middle school or high school). Classes taught by Special Education and ESL teachers are excluded from this calculation. This is a “snapshot” as of January 15, 2010. (Sources: eSIS and Staffing Management Tool (SMT). Students were matched with teachers, course codes, period of day, and room assignments.)

Stability Index This is a measure of students who are enrolled for at least 145 days of the school year (approximately 175 days) divided by the official October enrollment count. Students not enrolled for the full year include those who enroll after the start of the school year, leave before the end of the school year or are enrolled sporadically. Schools with a higher index generally have a more stable student population than those with a lower percentage. The Comparable District Average is the average for all schools in the comparable category (elementary, multi-level (PK/K-8, PK/K-12), middle school or high school). Another measure (not shown in the School Environment section, but in the District Summary section) identifies the amount of student mobility in a school by calculating a *Late Enrollee Ratio*, which measures how many students arrive after the first day in October.

Student Expulsions Number of students expelled during the school year as a percentage of October enrollment. The Comparable District Average is the number of expulsions for all schools in the comparable category (elementary, multi-level (PK/K-8, PK/K-12), middle school or high school).

Student Suspensions Number of students suspended from school (out-of-school suspension) during the school year as a percent of October enrollment. If one student were to be suspended more than one time, the count would not be duplicated. The Comparable District Average is the number of expulsions for all schools in the comparable category (elementary, multi-level (PK/K-8, PK/K-12), middle school or high school).

## 5. Enrollment Indicators

These calculations are indicators that additional data and further review of the school may be needed.

Declining Enrollment Student loss greater than or equal to ( $\geq$ ) 5% since 2010 AND  $\geq$  15% since 2007?

Yes if enrollment has declined by 5% or more compared to the prior year, accompanied by an enrollment decline of 15% or more over the past four years.

No if enrollment has not met these conditions.

Neighborhood Capture Rate Yes if the number of neighborhood students attending this school is less than 55% of the Portland Public schools students who live within this school's neighborhood boundaries. No if 55% or more of neighborhood students attend this school.

Density Index. October enrollment divided by Number of Classrooms. This is intended as an indicator of the classroom capacity of the building compared to the number of students using the physical space. A high number could indicate crowding; a low number might indicate potential excess capacity. This index is a broad indicator of capacity, and must be considered in light of actual space usage for Special Education classes, computer labs, Head Start classrooms, ESL and Title 1.

Number of Classrooms Actual amount of "potential" classroom space in a school including classrooms housing standard education programs, other District programs, outside programs/partnerships, Special Education classes, English Language Learner classes, and vacant rooms. Generally this number is greater than the number of rooms used for standard classroom purposes. (Prepared by PPS Facilities and Asset Management, Classroom Use Survey, December 2004, and updated for the placement of modular buildings since that date.)

Building Density Index Yes if the school's enrollment divided by the number of classrooms is less than 15 or greater than 20. No if the school's enrollment divided by the number of classrooms is between 15 and 20. Note that a building density index greater than 20 means there is little or no room left for growth in that facility, whereas a number less than 15 may indicate the potential for excess capacity.

## 6. Comments/Issues

This section is intended for comments or mitigating factors with respect to the enrollment indicators (shown above) or for clarification of other data presented. This section is to be completed by the Principal and/or Deputy Superintendent. It may be left blank.

Adequate Yearly Progress (AYP) is the minimum level of performance that school districts and schools must achieve each year as determined under the federal No Child Left Behind (NCLB) Act.

### 2011-12 Feeder Patterns and Jefferson Cluster Dual Assignment

The Comments/Issues section also lists all changes in school feeder patterns for 2011-12. These include several for schools in the Jefferson cluster. These comments refer to “Dual Assignment,” the policy giving students in the Jefferson cluster the choice to attend either the new Middle College program at Jefferson or a neighborhood comprehensive high school program at Roosevelt, Madison or Grant, depending on where they live within the Jefferson cluster boundaries.

These students also maintain the same placement options as all other PPS students, such as enrollment in a focus, charter or educational option school, and placement to a different school that can best serve their special education needs and possible eligibility for priority transfer to another comprehensive high school due to NCLB sanctions.
