Federal Child Nutrition (FCN)

While school breakfasts and lunches are available to all students at most sites, some students are eligible for either free or reduced price meals based on family size and income information supplied voluntarily by parents. The federal government provides funds for student breakfasts through the National School Breakfast Program and lunches through the National School Lunch Program.

FCN data are based on data in eSIS, unless noted below.

Headstart by definition is 100% eligible.

Humboldt and King are Provision 2 schools where 100% of students are considered eligible for free meals; percentages shown represent Provision 2 base year eligibility.

Parry Center, Rosemont, Clinton Street, White Shield, Wildflowers are Residential Child Care Institutions and thus 100% of students are eligible for free meals.

Charters do not use the PPS Nutrition Services Program and FCN numbers shown may be lower than actual, but are what could be verified through eSIS. Cm2 Opal, Emerson, LEP, Self Enhancement Inc., FCN totals are those reported over email rather than eSIS.
