How do I help my student log into Clever?

- 1. Go to the Clever login page for your student's district. If you don't know the district's Clever login page, you can go to <u>clever.com/login</u> and search for your student's school.
- Log in using your student's district username and password. Your student's username and password are set up by your student's school district. They may be the same as a student number, ID, or email address. If you're unsure, please reach out to your child's teacher for the correct username and password to use with Clever.
- 3. Once your student is logged into their Clever Portal, they can click on the application icon they'd like to use:

Below are instructions for logging into Clever with specific login methods: Clever Passwords or Google

Log in with Clever	
#DEMO Not your district?	
G Log in with Google	Clever
C Log in with Clever	
Having trouble? Get help signing in!	
	Clever Badge Log in
	District Admin Login

If your student is using the 'Log in with Clever'
button, enter your student's district username and
password. Your student's username and
password are set up by your school district.

Log in with Google

Not your district?	
G Log in with Google	Clever
C Log in with Clever	
laving trouble? Get help signing in!	
	Clever Badge Log in
	Clever Badge Log in

PPS Student usernames follow this pattern with no spaces:

firstinitial lastname last <u>4 digits of id@student.pps.net</u>

Passwords are based on birthdate for students in K- 5:

mmdd

Students in 6 – 8 grades use this pattern with <u>no spaces</u>: (capitalize only first letter "P")

Pps6digits of id

If your student is using the '**Log in with Google**' button, they will be redirected to sign into their school Google email. Please note: using a personal Google email will not sign your student into Clever.
